From Civilian Power To Superpower The International Identity Of The European Union

Christopher Hill, Michael Smith

From Civilian Power To Superpower The International Identity Of The European Union:

From Civilian Power to Superpower? R. Whitman, 1998-04-30 From Civilian Power to Superpower asserts that a new distinctive and significant actor has entered the international system The text explores how the European Union has become a significant international actor without transforming itself into a nation state The international context within which the Union now operates and the instruments now available at its disposal have undergone a convergence to create circumstances in which the relative significance of the Union and its uniqueness in the international system has been enhanced The European Union in the Security of Europe Steve Marsh, Wyn Rees, 2012-03-12 This book examines the European Union's contribution to providing security in Europe amidst an increasingly complex and challenging environment In this new and comprehensive guide to the EU's role in security since the end of the Cold War the authors offer an explanation of EU internal and external security regimes and argue that the Union has become an important exporter of security within its region However the Union's rhetorical ambitions and commitments continue to outstrip its capabilities and it lacks both a common conceptualisation of security and a meaningful shared strategic culture Drawing extensively on primary sources the book examines the Union's relations with the US and Russia in a time of shifting geostrategic calculations and priorities With the EU capacity for enlargement slowing this text presents a detailed assessment of EU security policies towards Central Europe the Mediterranean the Western Balkans Eastern Europe and South Caucasus European Union Security will be of interest to students and scholars of the EU security studies and international relations *The EU as a 'Global Player' in Human Rights?* Jan Wetzels, 2012-02-20 The Treaty of Lisbon has endowed the EU with a normative human rights framework that confirms recognition as a fully fledged regional mechanism for the protection of human rights The aim of this book is to contribute to the growing discussion of the external human rights dimension of the European Union Its theme sits at the crossroads between International and EU law Human Rights and Political Science In moving beyond well covered topics such as the protection of human rights within the EU or their relevance for the accession of new Member States this book asks the broader question of whether EU human rights law has any real relevance on a global scale In total The EU as a Global Player in Human Rights gives an overview of the international relevance of EU human rights law by means of exemplary case studies of the EU's institutional and substantive protection of human rights whilst consideration of non European perspectives from China and Japan underline its global focus This book will be of particular interest to researchers students and practitioners in International and European law Human Rights Law European studies and International Relations

International Relations and the European Union Christopher Hill, Michael Smith, 2011-02-03 This text explores the ways in which the European Union frames and conducts its international relations Each chapter deals with the three key themes of the volume the EU as a sub system of international relations the EU and the processes of international relations and the EU as a power **The European Union's Roles in International Politics** Ole Elgström, Michael

Smith,2006-08-21 This volume sets out explicitly and systematically to bring together the two strands of political science the study of the EU s international activities and IR theory and thus to make a significant original contribution to a developing literature It provides both a conceptual and empirical argument the volume provides an innovative perspective on the analysis of the European Union as an international actor and on the ways in which EU actions are formed and have impact The volume deals with a number of topical issues in such areas as human rights global governance and the roles of international organizations It offers a research agenda based on rigorous development of the framework for role analysis and demonstrates the ways in which this agenda might be furthered *The Routledge Handbook of European Security* Sven

Biscop,Richard G. Whitman,2013 This new Handbook brings together key experts on European security from the academic and policy worlds to examine the European Union EU as an international security actor In the two decades since the end of the Cold War the EU has gradually emerged as an autonomous actor in the field of security aiming to safeguard European security by improving global security However the EU s development as a security actor has certainly not remained uncontested either by academics or by policy makers some of whom see the rise of the EU as a threat to their national and or transatlantic policy outlook While the focus of this volume is on the politico military dimension security will also be put into the context of the holistic approach advocated by the EU The book is organised into four key sections Part I The EU as an International Security Actor Part II Institutions Instruments and Means Part III Policies Part IV Partners This Handbook will be essential reading for all students of European Security the EU European Politics security studies and IR in general

European Union Peacebuilding and Policing Michael Merlingen,Rasa Ostrauskaite,2006-09-27 This new book provides an in depth analysis of the projects of improvement carried out by the civilian peacebuilding missions in Bosnia and Macedonia drawing on the work of Michel Foucault to make the case that the EU s self image as a model peacebuilder conceals another side of the European Security and Defence Policy The authors explore the double sided nature of peacebuilding missions on the one hand as a way to pacify democratize humanize and improve life in societies emerging from crisis or violence and on the other hand as a kind of political pastorate that limits the range of acceptable heterogeneity by refashioning repositioning and reorganizing subjects in line with transcendentalized notions of good governance The authors develop a limited reform agenda for how EU police missions can fold an agonistic generosity more deeply into their civilizing ethos in order to ensure they have a light expatriate footprint in their host countries The prescriptive part of the book also discusses generic problems in the implementation of EU police reforms and suggests ways to overcome these challenges This book will be of great interest to students of European politics sociology political science and theory **The European Union's Foreign Policy in Comparative Perspective** Ingo Peters,2015-11-19 This ground breaking volume provides a new perspective on the EU s foreign policy and offers a reconstruction of EU research that extends beyond narrow minded concepts of power and actorness Focusing on two intertwined research questions it presents a more sustainable base for studying EU foreign policy

What is the EU's foreign policy quality in terms of actorness and power compared to other types of actors in international relations and global politics? What factors influence the EU's foreign policy performance in comparison to states and international organizations? This guiding principle and application of a grounded theory or heuristic case study approach allows the book to deliver a structured comparative analysis of EU foreign policy comparing findings across policy fields, different legal foundations and respective policy modes of governance. This book will be of key interest to students and scholars of European Union studies, European Union foreign policy studies, international relations and security policy studies.

The Neighbours of the European Union's Neighbours Sieglinde Gstöhl, Erwan Lannon, 2016-02-24. Should the European Neighbourhood Policy stop at the borders of the European Union's immediate neighbouring countries? This book is the first full-length study of the neighbours of the EU's neighbours, a concept originally introduced by the European Commission with reference to Saharan Africa, the Middle East and Central Asia. These regions in the EU's broader neighbourhood are often perceived as an arc of crisis from which manifold challenges emanate for Europe. This timely book takes stock of the state of the EU's cooperation with the neighbours of its neighbours and explores how the concept might help promote security, stability and prosperity beyond the countries which are formally part of the European Neighbourhood Policy. How can the EU create bridges between these regions? What instruments does the EU have at its disposal and how can it link them in order to respond to the challenges and overcome the current fragmentation? One of the conclusions is the suggestion to consider a pragmatic EU Strategy for the Neighbours of its Neighbours which addresses the needs of the broader EU neighbourhood in a more systematic and consistent manner and helps transform in the long run the arc of crisis into another ring of friends.

The European Union and Global Development Johanne Døhlie Saltnes, 2021-08-19. This book systematically analyses the EU's commitment to a human rights-based approach to development through the lens of global justice theory. It identifies limits to the EU's approach and discusses how standardised policies, particularly in the case of human rights sanctions, may be perceived as neo-colonially intrusive and can come at the cost of recognizing the experiences and interests of vulnerable groups and allowing for partner countries' democratic ownership of their own development trajectory. Engaging with primary sources including official documents, reports and 45 semi-structured interviews with EU and member state officials, the book also presents a novel explanation for why the EU at times steps out of its commitment to rights-based development and chooses differentiated foreign policy responses to similar situations. This book will be of key interest to scholars and students of EU foreign policy, EU development policy, human rights and international relations, as well as policy practitioners working in the fields of development, human rights and democracy promotion.

European Union and New Regionalism Mario Telò, 2018-02-06. This title was first published in 2001. This is a collection of papers that look at the structure of the global economy and its changing paradigms over the years. The contributors look at how the classic concept of state autonomous, sovereign and freed of all constraint never really reflected the reality of the international scene despite the role it has played.

in realist and neo realist theory for many decades Instead they consider that the political social and economic characteristics originally attributed to states seem increasingly to be expressed through regional constructs The papers in this volume show that even within regionalism there are a variety of different models that exist and examine five of those models the European Union Mercosul Mercosur the North American Free Trade Area NAFTA the Association of South East Asian Nations ASEAN and the South African Development Community SADC

The Actors of Postnational Rule-Making Elaine

Fahey,2015-07-16 Despite its centrality to academic discussions of power and influence there is little consensus in legal scholarship over what constitutes an actor in rule making This book explores the range of actors involved in rule making within European Union law and Public International law and focuses especially on actors that are often overlooked by formative and doctrinal approaches Drawing together contributions from many scholars in various fields the book examines such issues as the accommodation of new actors in the process of postnational rule making the visibility or covertness of actors within the process and the role of social acceptance and legitimacy in postnational rule making In its endeavour to render and examine the work and effect of actors often side lined in the study of postnational rule making this book will be of great use and interest to students and scholars of EU law international law and socio legal studies

Making EU Foreign

Policy Daniel C. Thomas,2011-05-03 A novel explanation of how EU member states overcome their divergent preferences to reach agreement on common foreign policies with fourteen in depth case studies covering diplomatic and security issues enlargement trade development and environmental protection

Implementing Sustainable Development Goals in Europe

Charlie Karlsson,Daniel Silander,2020-09-25 This unique book expertly analyses European political entrepreneurship in relation to the European Union s approach towards the Agenda 2030 Sustainable Development strategy It explores the role of European political entrepreneurs in shaping influencing and realising the United Nation s Sustainable Development Goals Chapters examine EU actors in the context of numerous development goals to assess how political entrepreneurship challenges traditional EU institutions and promotes visionary activity

The European Union and Emerging Powers in the 21st Century Sven Biscop,2016-02-11

The emergence of new powers fundamentally questions the traditional views on international relations multilateralism or security as a range of countries now competes for regional and global leadership economically politically technologically and militarily As the focus of international attention shifts from the Atlantic to the Pacific the European states in particular are seen to lose influence relative to the emerging economic powerhouses of China Russia India and Brazil European nations find themselves too small to engage meaningfully with these continent sized powers and in an increasingly multipolar world are concerned their influence can only continue to decline This book analyses the shifts in the structure of global power and examines the threats and opportunities they bring to Europe Leading European Contributors reflect on how the EU can utilise collective strength to engage and compete with rapidly developing nations They examine perceptions of the EU among the emerging powers and the true meaning and nature of any strategic

partnerships negotiated Finally they explore the shape and structure of the international system in the 21st century and how the EU can contribute to and shape it **European Union and New Regionalism** Professor Mario Telò,2014-08-28

Stemming from an international and multidisciplinary network of leading specialists this best selling text is fully updated with new chapter additions With the first edition prepared at the end of the last century and the second edition adding inter regional relations this new edition focuses on competing models of regional cooperation within a multipolar world and the role of the European Union **European Union Negotiations** Ole Elgström,Christer Jönsson,2004-08-02 The EU negotiations differ from traditional international negotiations in several respects and this book presents a detailed analysis of the processes while examining its distinguishing features **Transatlantic Relations in Times of Uncertainty** Marianne Riddervold,Akasemi Newsome,2020-06-29 Ties between the United States US and the European Union EU rival those between any other pair of international actors After all no other regions of the world are as closely connected in economics security and politics as Europe and the US This comprehensive volume makes conceptual progress and empirical contributions in accounting for how EU US relations have been impacted by a context of multiple EU crises alongside a parallel change in US policies The authors find strong evidence to suggest that the transatlantic relationship is weakening This is partly a consequence of the EU s internal policies as it becomes more unified and autonomous of the US in some areas while fragmenting in others Most importantly it is a consequence of the two actors increasingly diverging perspectives and positions on international issues institutions norms and indeed the value of the transatlantic relationship Although the long term effects remain to be seen it is likely that the cracks in the foundation of transatlantic relations will continue into the present and foreseeable future This book was originally published as a special issue of the Journal of European Integration

European Security in a Global Context Thierry Tardy,2010-06-09 This new edited volume examines contemporary European security from three different standpoints It explores security dynamics first within Europe second the interaction patterns between Europe and other parts of the world the United States Africa the Middle East China and India and finally the external perceptions of European security The first part of the book analyses the European security landscape The roles of EU NATO and the OSCE are given particular attention as is the impact of their evolution or enlargement on the European security architecture and European security dynamics In this context Russia s repositioning as a major power appears as a shaping factor of contemporary European geopolitics The second part presents European security from an external perspective and considers interactions between Europe and other states or regions Security trends and actors in Europe are examined from an American Chinese and Indian perspective while Europe Africa and Europe Middle East relations are also addressed This book will be of great interest to students of European Security European politics and IR in general **An Introduction to European Foreign Policy** Fraser Cameron,2012-02-22 This text is the best introduction to the history institutions actors processes and challenges of European Foreign Policy This 2nd edition has been fully revised and updated

to reflect the substantial changes to European Foreign Policy as a result of the Lisbon Treaty and other significant changes in European and global politics New material for this edition includes detailed analysis of the changes brought about by the Lisbon treaty including the new High Representative of the Union for Foreign Affairs and Security Policy and the new EU External Action Service changing transatlantic relations since the election of President Obama expanded discussion of the European and Security Defence missions in Afghanistan Kosovo and elsewhere an assessment of the impact of the relations between the EU and its three strategic partners China India and Japan as well as ASEAN and the new FTA with Korea evaluation of the global financial crisis on the EU examining EU s external relations within the context of a rapidly changing global power structure With clearly illustrated up to date case studies covering major issues such as Egypt Libya Iraq and Iran each chapter includes key questions and suggestions for further reading As such An Introduction to European Foreign Policy continues to be essential reading for all students of European and international politics as well as those who wish to become involved in the external relations of the EU

From Civilian Power To Superpower The International Identity Of The European Union Introduction

From Civilian Power To Superpower The International Identity Of The European Union Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. From Civilian Power To Superpower The International Identity Of The European Union Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. From Civilian Power To Superpower The International Identity Of The European Union : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for From Civilian Power To Superpower The International Identity Of The European Union : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks From Civilian Power To Superpower The International Identity Of The European Union Offers a diverse range of free eBooks across various genres. From Civilian Power To Superpower The International Identity Of The European Union Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. From Civilian Power To Superpower The International Identity Of The European Union Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific From Civilian Power To Superpower The International Identity Of The European Union, especially related to From Civilian Power To Superpower The International

Identity Of The European Union, might be challenging as they're often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to From Civilian Power To Superpower The International Identity Of The European Union, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some From Civilian Power To Superpower The International Identity Of The European Union books or magazines might include. Look for these in online stores or libraries. Remember that while From Civilian Power To Superpower The International Identity Of The European Union, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow From Civilian Power To Superpower The International Identity Of The European Union eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the From Civilian Power To Superpower The International Identity Of The European Union full book, it can give you a taste of the author's writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of From Civilian Power To Superpower The International Identity Of The European Union eBooks, including some popular titles.

FAQs About From Civilian Power To Superpower The International Identity Of The European Union Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook's credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. From Civilian Power To Superpower The International Identity Of The European Union is one of the best book in our library for free trial. We provide copy of From Civilian Power To Superpower The International Identity Of The European Union in digital format, so the resources

that you find are reliable. There are also many Ebooks of related with From Civilian Power To Superpower The International Identity Of The European Union. Where to download From Civilian Power To Superpower The International Identity Of The European Union online for free? Are you looking for From Civilian Power To Superpower The International Identity Of The European Union PDF? This is definitely going to save you time and cash in something you should think about.
