, 1902 Francis I and Sixteenth-Century France Robert J. Knecht, 2023-05-31 The reputation of Francis I king of France 1515-47 has fluctuated over the centuries Acclaimed as noble and great in the sixteenth century he came to be unfairly denigrated under the Bourbon kings and the republic But in the twentieth century research based on archival material has restored his standing as one of the most important rulers of his age The present volume brings together seventeen articles by Robert Knecht published over several decades on particular aspects of the reign with three specially translated from French into English They examine the period in more depth than was possible in the author's 1994 biography of Francis I and include studies of the Concordat of 1516 with the papacy the Field of Cloth of Gold in 1520 the lit de justice of 1527 and the visit to France of the Emperor Charles V in 1540 Other articles consider the king's attitude to the Reformation his court his relations with Paris and visits to Aquitaine his patronage of architecture as demonstrated by his building of the chateau of Fontainebleau and his relations with his mother Louise of Savoy and sister Marguerite d'Angoulême The king's love of books and the political advice he received from scholars are also considered as well as the extent of his absolutism Two articles compare the English and French Reformations and the nobilities of the two countries The volume is intended as a contribution to the celebration of the 500th anniversary of Francis I's accession *Philosophy for Life and Other Dangerous Situations* Jules Evans, 2013-10-03 When philosophy rescued him from an emotional crisis Jules Evans became fascinated by how ideas invented over two thousand years ago can help us today He interviewed soldiers psychologists gangsters

astronauts and anarchists and discovered the ways that people are using philosophy now to build better lives Ancient philosophy has inspired modern communities Socratic caf s Stoic armies Epicurean communes and even whole nations in the quest for the good life This book is an invitation to a dream school with a rowdy faculty that includes twelve of the greatest philosophers from the ancient world sharing their lessons on happiness resilience and much more Lively and inspiring this is philosophy for the street for the workplace for the battlefield for love for life

Making Sense of Religious Pluralism Alan Race,2013-06-20 Is Christian faith the only or best route to relationship with God New relationships shared common action and dialogue between people whose experiences differ are changing the way Christian theologians are thinking about religious pluralism No longer objects of ridicule or condemnation world religions are genuine vehicles of spiritual vision capable of transforming human hearts and minds It has taken Christian theology many years to come to this point and there is no going back Alan Race is an outstanding expert in the interreligious field and has throughout his career and ministry built up a high reputation for understanding and dialogue between faith communities Here he deals with the use of Scripture inclusivism and exclusivism pluralism and particularism mission and dialogue The next phase of Christian thought he argues will be shaped by new appreciation and insight stemming from the fact that Christianity is one religion among many
