Grove,1880 **Fan Fiction and Fan Communities in the Age of the Internet** Karen Hellekson,Kristina Busse,2014-09-17 Fans have been responding to literary works since the days of Homer s Odyssey and Euripedes Medea More recently a number of science fiction fantasy media and game works have found devoted fan followings The advent of the Internet has brought these groups from relatively limited face to face enterprises to easily accessible global communities within which fan texts proliferate and are widely read and even more widely commented upon New interactions between readers and writers of fan texts are possible in these new virtual communities From Star Trek to Harry Potter the essays in this volume explore the world of fan fiction its purposes how it is created how the fan experiences it Grouped by subject matter essays cover topics such as genre intersection sexual relationships between characters character construction through narrative and the role of the beta reader in online communities The work also discusses the terminology used by creators of fan artifacts and comments on the effects of technological advancements on fan communities Instructors considering this book for use in a course may request an examination copy here **Kierkegaard Bibliography** Peter

Šajda,Jon Bartley Stewart,2016 **Theology, Music, and Modernity** Jeremy Begbie,Daniel K L Chua,Markus Rathey,2021-02-02 Theology Music and Modernity addresses the question how can the study of music contribute to a theological reading of modernity It has grown out of the conviction that music has often been ignored in narrations of

modernity's theological struggles Featuring contributions from an international team of distinguished theologians musicologists and music theorists the volume shows how music and discourse about music has remarkable powers to bring to light the theological currents that have shaped modern culture It focuses on the concept of freedom concentrating on the years 1740-1850 a period when freedom especially religious and political freedom became a burning matter of concern in virtually every stratum of Western society The collection is divided into four sections each section focusing on a key phenomenon of this period the rise of the concept of revolutionary freedom the move of music from church to concert hall the cry for eschatological justice in the work of black hymn writer and church leader Richard Allen and the often fierce tensions between music and language There is a particular concern to draw on a distinctively Scriptural imagination especially the theme of New Creation in order to elicit the key issues at stake and to suggest constructive ways forward for a contemporary Christian theological engagement with the legacies of modernity today **Classic CD.** ,1997 *The Musicale* ,1929
