Nationalism and Internationalism in Liberalism, Marxism and Islam Tahir Amin, 1991-01-01 The Western World is moving beyond the confines of nation states and towards the formation of a supra national community The Marxist World threatened by ethno national movements with disintegration is going through a basic transformation and is in process of liberating itself from its intellectual legacy The Muslim World is caught up between two trends loyalty to the nation state and to the wider loyalty of the ummah The cold war is over and yet thanks to the clash of ideas and the conflict of ethnic and national loyalties the world might be heading for a major re shaping of its political map This study seeks to come into grips with the dilemma of nationalism versus internationalism in three major traditions of the world liberalism Marxism and Islam The work underscores the necessity of a genuine international understanding and dialogue as a necessary step towards building a more peaceful world order      Islam and Revolution in the Middle East Henry Munson, 1988-01-01 Analyzes the role of Islam in Middle Eastern society and politics addresses the differences between the Sunni and Shi i sects and discusses why an Islamic revolution occurred only in Iran

**Islam and the Post-Revolutionary State in Iran** Homa Omid, 2016-07-27 her short analysis of the Iranian armed forces in the 1980s is first rate so too is her much more substantial section on women and the state in Iran As well as offering useful insights into the workings of the Islamic state in Iran this readable book also provides a warning of the struggles ahead in many other Muslim societies Anoushiravan Ehteshami Times Higher Education Supplement Islam has been the driving force shaping the ideology and the power base of the Iranian revolution This volume engages critically with the Islamic perspective and promises offered by the revolution Looking at the rise of the religious institution as a revolutionary force the author observes their post revolutionary policies in the domains of politics economics education the armed forces and women s status In the event the volume demonstrates that the Iranian government has failed to deliver on most if not all of its Islamic pledges      *State, Religion, and Revolution in Iran, 1796 to the Present* B.

Moazami, 2013-11-07 Two basic assumptions have shaped understanding of recent Iranian history One is that Shi ism is an integral part of Iran s religious and cultural landscape The other is that the ulama religious scholars have always played a crucial role This book challenges these assumptions and constructs a new synthesis of the history of state and religion in Iran from 1796 to the present while challenging existing theories of large scale political transformation Arguing that the 1979 revolution has not ended Behrooz Moazami relates political and religious transformations in Iran to the larger instability of the Middle East region and concludes that turmoil will continue until a new regional configuration evolves      **Women, Islam and the State** Deniz Kandiyoti, 2016-07-27 Political projects of modern nation states the specificities of their nationalist histories and the positioning of Islam vis a vis diverse nationalisms are addressed in this volume with respect to

their implications and consequences for women through a series of case studies      **Upheavals in the Middle East** Ronen A. Cohen, 2014-02-27 Upheavals in the Middle East The Theory and Practice of a Revolution engages with some of the most sensitive issues in the Middle East revolutions and social protests The book offers theoretical paradigms that suit the Middle East's conditions culturally religiously and historically It deals with seventeen case studies from a range of Muslim and Arab states and provides a theoretical framework to study other situations all over the world including cases from the recent Arab Spring Revolution as political action can occur in all societies but in recent years it has appeared most frequently in the Middle East Will this trend continue What makes the Middle Eastern revolution unique and surprising This book seeks to answer these questions placing side by side those cases that were successful and those that were doomed to fail

**Autocracy, Modernization, and Revolution in Russia and Iran** Tim McDaniel, 2014-07-14 What did the Russian revolution of 1917 and the Iranian revolution of 1978 1979 share besides their drama How can we compare a revolution led by Lenin with one inspired by Khomeini How is a revolution based primarily on the urban working class similar to one founded to a significant degree on traditional groups like the bazaaris small craftsmen and religious students and preachers Identifying a distinctive route to modernity autocratic modernization Tim McDaniel explores the dilemmas inherent in the efforts of autocratic monarchies in Russia and Iran to transform their countries into modern industrial societies Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      **Rethinking Islamic Studies** Carl W. Ernst, Richard C.

Martin, 2012-11-27 A groundbreaking response to the challenges of interpreting Islamic religion in the post 9 11 and post Orientalist era Rethinking Islamic Studies upends scholarly roadblocks in post Orientalist discourse within contemporary Islamic studies and carves fresh inroads toward a robust new understanding of the discipline one that includes religious studies and other politically infused fields of inquiry Editors Carl W Ernst and Richard C Martin along with a distinguished group of scholars map the trajectory of the study of Islam and offer innovative approaches to the theoretical and methodological frameworks that have traditionally dominated the field In the volume's first section the contributors reexamine the underlying notions of modernity in the East and West and allow for the possibility of multiple and incongruent modernities This opens a discussion of fundamentalism as a manifestation of the tensions of modernity in Muslim cultures The second section addresses the volatile character of Islamic religious identity as expressed in religious and political movements at national and local levels In the third section contributors focus on Muslim communities in Asia and examine the formation of religious models and concepts as they appear in this region This study concludes with an afterword by

accomplished Islamic studies scholar Bruce B Lawrence reflecting on the evolution of this post Orientalist approach to Islam and placing the volume within existing and emerging scholarship Rethinking Islamic Studies offers original perspectives for the discipline each utilizing the tools of modern academic inquiry to help illuminate contemporary incarnations of Islam for a growing audience of those invested in a sharper understanding of the Muslim world
