Fantastic Realistic:

Magical Realism and the Fantastic Amaryll Beatrice Chanady, 2019-10-01 Every reader of literature interprets the literary text on the basis of information they have acquired from previous reading and according to norms they have established either consciously or not with regard to a work of literature In this study originally published in 1985 the author clarifies the concepts of magical realism and the fantastic and establishes a series of guidelines that will allow us to distinguish between the two similar yet independent modes The reader will thus be able to identify the implicit framework upon which the author of the fantastic and of magical realism bases their text

Constructing Adolescence in Fantastic Realism Alison Waller, 2010-12-22 Constructing Adolescence in Fantastic Realism examines those fundamental themes which inform our understanding of the teenager themes that emerge in both literary and cultural contexts Models of adolescence do not arise solely from discourses of psychology sociology and education Rather these models frameworks including developmentalism identity formation social agency and subjectivity in cultural space can also be found represented symbolically in fantastic tropes such as metamorphosis time slip hauntings doppelgangers invisibility magic gifts and witchcraft These are the incredible supernatural and magical elements that invade the everyday and diurnal world of fantastic realism In this original study Alison Waller proposes a new critical term to categorize a popular and established genre in literature for teenagers young adult fantastic realism Though fantastic realism plays a crucial part in the short history of young adult literature up until now this genre has typically been overlooked or subsumed into the wider class of fantasy Touching on well known authors including Robert Cormier Melvin Burgess Gillian Cross Margaret Mahy K M Peyton and Robert Westall as well as previously unexamined writers Waller explores the themes and ideological perspectives embedded in fantastic realist novels in order to ask whether parallel realities and fantastic identities produce forms of adolescence that are dynamic and subversive One of the first studies to deal with late twentieth century fantastic literature for young adults this book makes a valuable contribution to our understanding of adult attitudes toward adolescent identity

Space and the Postmodern Fantastic in Contemporary Literature Patricia Garcia, 2015-04-24 Arising from the philosophical conviction that our sense of space plays a direct role in our apprehension and construction of reality both factual and fictional this book investigates how conceptions of postmodern space have transformed the history of the impossible in literature Deeply influenced by the work of Jorge Luis Borges and Julio Cortázar there has been an unprecedented rise in the number of fantastic texts in which the impossible is bound to space space not as scene of action but as impossible element performing a fantastic transgression within the storyworld This book conceptualizes and contextualizes this postmodern fantastic use of space that disrupts the reader's comfortable notion of space as objective reality in favor of the concept of space as socially mediated constructed and conventional In an illustration of the transnational nature of this phenomenon García analyzes a varied corpus of the Fantastic in the past four decades from

different cultures and languages merging literary analysis with classical questions of space related to the fields of philosophy urban studies and anthropology Texts include authors such as Julio Cortázar Argentina John Barth USA J G Ballard UK Jacques Sternberg Belgium Fernando Iwasaki Per Juan José Millás Spain and Ric Faye France This book contributes to Literary Theory and Comparative Literature in the areas of the Fantastic narratology and Geocriticism and informs the continuing interdisciplinary debate on how human beings make sense of space Critical Discourses of the Fantastic, 1712-1831 David Sandner, 2016-04-22 Challenging literary histories that locate the emergence of fantastic literature in the Romantic period David Sandner shows that tales of wonder and imagination were extremely popular throughout the eighteenth century Sandner engages contemporary critical definitions and defenses of eighteenth and early nineteenth century fantastic literature demonstrating that a century of debate and experimentation preceded the Romantic's interest in the creative imagination In *The Fairy Way of Writing* Joseph Addison first defines the literary use of the supernatural in a modern and rational age Other writers like Richard Hurd James Beattie Samuel Johnson James Percy and Walter Scott influence the shape of the fantastic by defining and describing the modern fantastic in relation to a fabulous and primitive past As the genre of the purely imaginary Sandner argues the fantastic functions as a discourse of the sublime imagination albeit a contested discourse that threatens to disrupt any attempt to ground the sublime in the realistic or sympathetic imagination His readings of works by authors such as Ann Radcliffe William Beckford Horace Walpole Mary Shelley Walter Scott and James Hogg not only redefine the antecedents of the fantastic but also offer a convincing account of how and why the fantastic came to be marginalized in the wake of the Enlightenment **Fantastic Realism of Sinjavskij-Terc** Erika Haber, 1993 **Fantastic Worlds** Eric S. Rabkin, 1979-06-07 As the first international anthology to cover the entire scope of fantastic narrative *Fantastic Worlds* presents over fifty tales myths and stories ranging from Genesis to Ovid Hans Christian Andersen to J R R Tolkien Edgar Allan Poe to James Thurber and Franz Kafka to Italo Calvino Including tales of fairies and elves ghost stories high fantasy and stories of social criticism and the conflict between science and religion this volume presents a diverse selection of writings that all share the same capacity to liberate the human spirit through the wild mental acrobatics of fantasy **Patriarchy and Power in Magical Realism** Maryam Ebadi Asayesh, 2017-08-21 Although the term magical realism appeared in 1925 in pictorial art in Germany it became well known with the boom of magical realist fiction in Latin America in the 1960s Since the 1980s it has become one of the popular modes of writing worldwide Due to its oxymoronic and hybrid nature it has caught the attention of critics Some have called it a postcolonial form of writing because of its prominence in postcolonial countries while others have called it a postmodern mode because of the time of its emergence and the techniques applied in these kinds of novels This book discusses how magical realism was used in the works of three contemporary female writers *Indigo or Mapping the Waters* 1992 by the British Marina Warner *The House of the Spirits* 1982 by the Latin American writer Isabel Allende and *Fatma* a novel of Arabia 2002 by the Saudi Arabian Raja
