

The background of the slide is a dark, atmospheric painting of a forest. Tall, slender trees with dense foliage dominate the scene, creating a sense of depth and mystery. In the lower right corner, a small, dark figure of a person is visible, looking up towards the trees. The overall tone is somber and contemplative.

Fantasy Of Reason:

A Fantasy of Reason (Routledge Library Editions: Political Science Volume 29) Don Locke, 2013-04-15 This philosophical biography gives an account of Godwin's life and thought and by setting his thoughts in the context of his life brings the two into juxtaposition. It relates Godwin's views on politics and morality, education and religion, freedom and society to the events of his life, notably the revolution in France and its impact on radicalism and reaction in Britain and the parliamentary reforms of 1832. **A fantasy of reason** Don Locke, 1976

The Fantasy of Individuality Almudena Hernando, 2017-08-14 The Enlightenment promised humanity a bright future of emancipation which never actually materialized. Instead, our social order is still based on gender inequality which rests upon a false conviction that the individual can be conceived of as separate from community, that the more individualized a person is, the less they need to establish links with their community to feel safe and that the more they use reason to build a relationship with the world, the less they need emotions. This conviction, which guides the ideals of our social system, is based on a fantasy, the fantasy of individuality. This volume is a step in fleshing out the historical reasons for gender inequality from the origins of humankind to present times in the Western world. It is a theoretically informed and up-to-date overview of the history of gender inequality that takes as its starting point the mechanisms through which human beings construct their self-identity. Starting from a peripheral interdisciplinary and heterodox perspective, this book intends to appraise the complexity of gender identity in all its richness and diversity. It seeks to understand the persistence of relationality in supposedly fully individualized male selves and the construction of new forms of individuality among women that did not follow the masculine model. It is argued here that by balancing community and self beyond the contradictions of hegemonic masculinity, modern women are struggling to build a new, more empowering form of personhood. The author is an archaeologist who uses her discipline not only to provide data, theory and a long-term perspective but also in a metaphorical sense to construct a socio-historical genealogy of current gender systems through an examination of how personhood and self-identity have been constructed in the Western world. **The Force of Fantasy**

Ernest G. Bormann, 2001 In this book, first published in 1985, Ernest G. Bormann explores mass persuasion in America from 1620 to 1860, examining closely four rhetorical communities: the revivals of 1739-1740, the hot gospel of the postrevolutionary period, the evangelical revival and reform of the 1830s, and the Free Soil and Republican parties. Each community varies greatly, but Bormann asserts that each succeeding community shares a rhetorical vision of restoring the American Dream, that is essentially a modification of the previous visions. Thus they form a family of rhetorical visions that constitutes a rhetorical tradition of importance in nineteenth-century American popular culture. *The Complete Works: Fantasy & Sci-Fi Novels, Religious Studies, Poetry & Autobiography* C. tells us God doesn't care for an attitude such as this because he values the life of his animals very much. Throughout the entire bible, the information found pertaining to the animal kingdom is very precise. The bible tells us the animals are to be forever. God had this intention when he created them, and this application of thought remains today and forever. The bible never mentions mankind alone is to receive eternal life. How different would our lives be without animals? There would be no pets for those who are lonely and without family. There would be no zoos for family outings. There would be no circus acts with animals. There would be no dog as a best friend. There would be no Seeing Eye dogs. There would be no animals to alert their owners of an ever-present danger during the night, such as fires, burglars, etc. I believe we simply overlook the fact there is a purpose for all of God's creatures. The purpose for this book is to reveal the truth in what the bible tells about the animal kingdom. We need to know God's purpose for them. The bible explains in detail God's plan for his animals, even after death. God wants us to know about them, or he would never have emphasized their importance in his word. Many people are reluctant to discuss the animal kingdom from a biblical point of view. I find this strange to say the least. God has included them in his written word, but many ministers will say very little, if anything, about them. The scriptures in this book are from the King James Bible. What the bible tells us is 100% accurate, and lest we never forget, God simply made no mistakes in his word. The bible is never contradictory. We will read scriptures that clearly explain that animals will be in heaven and why God wants them to be there with us. If we had the power to give our pet's eternal life, would we want the life of our animals to be temporal? If God loves his animals more than we could ever love them, shouldn't this type of love indicate his love for them is tremendous? Since we know God can give animals eternal life, could there be any single reason to give them life that would be only temporary? First, we should know the bible is not dull, dismal, or neutral. The bible is not an area between two extremes, having mingled characteristics of both of them, a situation in which there are no clear-cut distinctions. The interpretations of scriptures have been defined several ways over the years, and this has caused confusion in many churches. We will read scriptures about the animal kingdom that many of you may not know are in the bible. We will read scriptures that are clearly stated to mean one thing and one thing only, and that is: Animals are to be in heaven. By the time you have finished this book, you will have a better understanding for the purpose of the animal kingdom. You may then decide if the scriptures do indeed tell us animals have a soul, do they have a spirit, did God create them with a purpose, in this life, is he going to give them eternal life. With God's help, you will decide. For more information, please visit www.dutchman3d.com. *Final Fantasy and Philosophy* Jason P. Blahuta, Michel S. Beaulieu, 2009-09-22. Ficino and Fantasy Marieke J.E. van den Doel,2021-12-13 Did the Florentine philosopher Marsilio Ficino 1433-99 influence the art of his time Art historians have been fiercely debating this question for decades This book starts with Ficino s views on the imagination as a faculty of the soul and shows how these ideas were part of a long philosophical tradition and inspired fresh insights This approach combined with little known historical material offers a new understanding of whether how and why Ficino s Platonic conceptions of the imagination may have been received in the art of the Italian Renaissance The discussion explores Ficino s possible influence on the work of Botticelli and Michelangelo and examines the appropriation of Ficino s ideas by early modern art theorists

Enjoying What We Don't Have Todd McGowan,2020-03-01 Although there have been many attempts to apply the ideas of psychoanalysis to political thought this book is the first to identify the political project inherent in the fundamental tenets of psychoanalysis And this political project Todd McGowan contends provides an avenue for emancipatory politics after the failure of Marxism in the twentieth century Where others seeking the political import of psychoanalysis have looked to Freud s early work on sexuality McGowan focuses on Freud s discovery of the death drive and Jacques Lacan s elaboration of this concept He argues that the self destruction occurring as a result of the death drive is the foundational act of emancipation around which we should construct our political philosophy Psychoanalysis offers the possibility for thinking about emancipation not as an act of overcoming loss but as the embrace of loss It is only through the embrace of loss McGowan suggests that we find the path to enjoyment and enjoyment is the determinative factor in all political struggles and only in a political project that embraces the centrality of loss will we find a viable alternative to global capitalism
