Fantasy Baseball Scouting Report For 5x5 NL Only:

2005 Fantasy Baseball Scouting Report: for 5x5 AL Only Leagues Henry Lee, 2005 What differentiates this new series of books from the books and magazines people have used in the past is that each of the six books focuses on a different league 5x5 mixed AL only NL only 4x4 mixed AL only and NL only The projections and dollar values for players can vary up to 50% from league to league Drafting with the help of a magazine not tailored to your league specifications is a recipe for disaster yet millions of people do so every year With your Fantasy Scouting Report in hand you can rest assured that your projections are accurate Each book also has special Quick Lists designed to help you find what you need in the limited time you have between picks Players are ranked by actual scoring category points so you can compare players intelligently and quickly Categories like ERA WHIP and BA are weighted for IP and AB vitally important but often overlooked Also included is a unique quantitative analysis of the best prospects for 2005

2005 Rotisserie Baseball Scouting Report: for 4x4 NL Only Leagues Henry Lee, 2005 What differentiates this new series of books from the books and magazines people have used in the past is that each of the six books focuses on a different league 5x5 mixed AL only NL only 4x4 mixed AL only and NL only The projections and dollar values for players can vary up to 50% from league to league Drafting with the help of a magazine not tailored to your league specifications is a recipe for disaster yet millions of people do so every year With your Rotisserie Baseball Scouting Report in hand you can rest assured that your projections are accurate Each book also has special Quick Lists designed to help you find what you need in the limited time you have between picks Players are ranked by actual scoring category points so you can compare players intelligently and quickly Categories like ERA WHIP and BA are weighted for IP and AB vitally important but often overlooked Also included is a unique quantitative analysis of the best prospects for 2005

Understanding Fantasy Baseball - No Longer Just for Nerds Jason Johnson, 2015-02-11 Historically people that have had the most interest in fantasy baseball have been statistic junkies and lovers of baseball in general People who immerse themselves into spreadsheets and stare at computer screens to develop strategies have made a name for themselves in the industry With technological advancement in recent years however this is no longer the case Information is very accessible and easily compiled so that almost anyone can put together a team and compete in fantasy baseball with a reasonable amount of time research and luck It is not nearly as difficult to find player statistics trends reports or any other type of information that you need to succeed in your league When I began working on this book many people asked me why I was writing it What could this book offer that other published works didn't already talk about There is some truth to those questions There are plenty of available works published that provide a tremendous amount of knowledge about fantasy baseball Reading other fantasy baseball articles and books myself I've found that many of them while thorough tend to neglect the fundamentals They assume that any reader already has a good grasp of the basics While that often may be the case I believe it's critically important not only to know the basics but to completely understand how to use them to your advantage Having this book as a foundation you can then better understand some of the more complex topics sabermetrics drafting trading etc In this book I will provide insights into not only the basics of fantasy baseball but will also delve into complex strategies and statistical analysis to help you succeed In each section I will first present the topic and then discuss how understanding it in detail will help you as a fantasy baseball team owner I'm certain that even savvy fantasy baseball players will be able to take away at least a few insights to improve their overall fantasy baseball experience In one section in particular Relative Draft Value I provide original self-developed formulas and strategies that you simply can't get anywhere else I will be focusing primarily on season long leagues however I have also dedicated a section to daily games which have become extremely popular and deserve discussion In short this book will go into almost everything you need to know to start yourself down a path to fantasy baseball success
