Handbook of Teaching and Learning Persian as a Second Language Hooman Saeli,2025-09-26 This collection explores relevant pedagogical and sociolinguistic topics in the teaching and learning of Persian as a foreign and second language. Owing to the dearth of research in many areas pertaining to the teaching and learning of Persian this handbook provides empirically supported insights into various aspects of these areas. While the literature on teaching and learning Persian is growing the field lacks a cohesive collection on Persian as a foreign second language. The book addresses issues pertaining to the standardization and validation of teaching and assessment methods which remain under explored in the contexts of teaching and learning Persian. It also covers the teaching of Persian pragmatics the use of corpora as well as a range of different areas within linguistics including phonetics prosody and historical linguistics. This comprehensive collection contributes substantially to the scientific study of many aspects of teaching and learning Persian which have been neglected for decades. A must have text in Persian language pedagogy and Persian sociolinguistics it an essential book for those in teaching and learning in Persian language programs worldwide.

Dictionary S. Haim,1984 Al-Damurdashi's Chronicle of Egypt 1688-1755 Daniel Crecelius,Abd al-Wahhab

Bakr,2022-11-07 This chronicle allegedly composed by an officer of the Azab regiment in Cairo surveys the conflicts between the two major mamluk factions the Faqariya and the Qasimiya and their struggles with the Ottoman governors and the Ojaqs to control Egypt's administration and the lucrative tax structure in the period from 1688 1755. Al Damurdashi who organizes his chronicle around the tenures of the Ottoman governors focuses on the military class but provides a wealth of descriptive information on a wide range of subjects including military tactics administration taxes food and clothing the bedouins coinage and fiscal policy the mamluk system and social life. After al Jabarti's famous *Aja ib al Athar fi l Tarajim wa l Akhbar* al Damurdashi's chronicle is perhaps the most important manuscript source for the entire three centuries of Ottoman rule in Egypt. It is more authoritative and more descriptive than al Jabarti's account for the period it covers and was a major source from which al Jabarti drew material for his own history of the period.
