experiences of women are anything but stereotypical Sisters of the Extreme provides us with writings by women from diverse occupations and backgrounds from prostitute to physician who through their use of drugs dared cross the boundaries set by society often doing so with the hope of expanding themselves and their vision of the world Whether with LSD peyote cocaine heroine MDMA or marijuana these women have sought to reach through their experimentation other levels of consciousness Sometimes their quests have brought unexpected rewards other times great suffering and misfortune But wherever their trips have left them these women have lived courageously if sometimes dangerously and written about their journeys eloquently **Chicorel Index to Poetry in Anthologies and Collections in Print** Marietta Chicorel,1974

Bartlett's Familiar Quotations John Bartlett,Geoffrey O'Brien,2014-12-02 More than 150 years after its original publication Bartlett s Familiar Quotations has been completely

revised and updated for its eighteenth edition Bartlett's showcases a sweeping survey of world history from the times of ancient Egyptians to present day New authors include Warren Buffett the Dalai Lama Bill Gates David Foster Wallace Emily Post Steve Jobs Jimi Hendrix Paul Krugman Hunter S Thompson Jon Stewart Elizabeth Kubler Ross Barack Obama Che Guevara Randy Pausch Desmond Tutu Julia Child Fran Leibowitz Harper Lee Nassim Nicholas Taleb Patti Smith William F Buckley and Robert F Kennedy In the classic Bartlett's tradition the book offers readers and scholars alike a vast stunning representation of those words that have influenced and molded our language and culture **Impossible to Hold** Avital Bloch, Lauri Umansky, 2005-02 Revels in the complexities of female identity and American culture The collection's sixteen original essays move beyond conventional discussions of hippie chicks and Weatherwomen to examine the diverse lives of women who helped to shape religion sports literature and music among other aspects of the cultural hodgepodge known as the sixties From familiar names like Yoko Ono Carole King and Joan Baez to lesser known figures like Anita Caspary and Barbara Deming the women represent a variety of points on the celebrity and feminist spectrums The book traces women who sought to break into male fields women whose personae and work link the radical sixties to earlier cultural traditions and those who consciously confronted power structures and demanded change from publisher information Irish Writing in the Twentieth Century David Pierce, 2000 Arranged chronologically by decade from the 1890s to the 1990s each decade is divided into two different types of writing critical documentary and imaginative writing and is accompanied by a headnote which situates it thematically and chronologically The Reader is also structured for thematic study by listing all the pieces included under a series of topic headings The wide range of material encompasses writings of well known figures in the Irish canon and neglected writers alike This will appeal to the general reader but also makes Irish Writing in the Twentieth Century ideal as a core text providing a unique focus for detailed study in a single volume **BOOK JACKET** Girls who Wore Black Ronna Johnson, Nancy McCampbell Grace, 2002 The contributors to this volume attempt to fill the gap in critical consideration of women writers of the Beat Generation and evaluate their lives and literary output helping the reader appreciate their unique diverse voices during a dynamic moment of profound cultural change **Breaking the Rule of Cool** Nancy M. Grace, Ronna C. Johnson, 2014-07-28 The Beat movement nurtured many female dissidents and artists who contributed to Beat culture and connected the Beats with the second wave of the women's movement Although they have often been eclipsed by the men of the Beat Generation the women's contributions to Beat literature are considerable Covering writers from the beginning of the movement in the 1950s and extending to the present this book features interviews with nine of the best known women Beat writers including Diane di Prima Ruth Weiss Joyce Johnson Hettie Jones Joanne Kyger Brenda Frazer Bonnie Bremser Janine Pommy Vega Anne Waldman and the critic Ann Charters Each writer is presented by a biographical essay that details her literary or scholarly accomplishments In these recent interviews the nine writers recall their lives in Beat bohemia and discuss their artistic practices Nancy M Grace outlines the goals and

revelations of the interviews and introduces the community of female Beat writers created in their conversations with the authors. Although they have not received attention equal to the men, women Beat writers rebelled against mainstream roles for young women and were exuberant participants in creating the Beat scene. Mapping their unique identities in the Beat movement, Ronna C. Johnson shows how their poetry, fiction, and memoirs broke the male rule that defined Beat women as silent bohemian chicks rather than artistic peers. *Breaking the Rule of Cool* combines the interviews with literary criticism and biography to illustrate the vivacity and intensity of women Beat writers and argues that American literature was revitalized as much by the women's work as by that of their male counterparts. **Library Journal**, 1975
