Friedrich Schiller An Anthology For Our Time:

Friedrich Schiller Friedrich Schiller, 1959 *Friedrich Schiller* F. V. Schiller, 1959 *Friedrich Schiller* Friedrich Schiller, 1960 **Friedrich Schiller ; an Anthology for Our Time** Friedrich Schiller, Frederick Ungar, 1959 **Friedrich Schiller** Friedrich Schiller, 1959 **Friedrich Schiller** Friedrich Schiller, 1960 Friedrich Schiller an Anthology for Our Time Dr. Myer Mendelsohn, Margaret Mendelson, 1959 **Friedrich Schiller** Friedrich Schiller, 1960 **Friedrich Schiller** Paul E. Kerry, 2007 This series publishes works of scholarship drawn from the whole subject range of traditional Germanistik originating both in Great Britain and in the Republic of Ireland The weight of the series mainly falls on literature theatre and cultural history from the eighteenth century onwards in some cases with a strong comparative dimension Ibsen and the Greeks Norman Rhodes, 1995 Was Ibsen influenced by Greek culture Were allusions to the Greeks configured in the Norwegian playwright's works According to author Norman Rhodes whether consciously or unconsciously many of Ibsen's plays are encoded with veiled references to ancient Greek culture Rhodes also postulates that Ibsen's perception of the importance of the Greeks was most likely mediated to him through German Romanticism and Scandinavian culture According to Rhodes numerous echoes of Greek literature resonate in such early Ibsen plays as *Catiline The Warrior* *Barrow Olaf Liljekrans* and *Love's Comedy* Ibsen's *Brand* and *Peer Gynt* are a dialectic pair which in key ways are suggestive of Homer's *Iliad* and *Odyssey* *A Doll House* has important parallels with Sophocles *Antigone* and *An Enemy of the People* correlates with both Plato's *Apology* and Sophocles *Oedipus Tyrannos* Moreover a Euripidean sense of fatal irrationality seems inscribed in Ibsen's final plays the protagonists John Rosmer Hedda Gabler Master Builder Solness John Gabriel Borkman and the sculptor Rubek all destroy themselves BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *George Eliot and Schiller* Deborah Guth, 2017-11-22 This title was first published in 2003 Though Friedrich Schiller enjoyed prominent literary standing and great popularity in nineteenth century literary England his influence has been largely neglected in recent scholarship on the period With *George Eliot and Schiller Intertextuality and Cross Cultural Discourse* Deborah Guth explores the substantial evidence of the importance of the playwright and philosopher's thought to Eliot's novelistic art Guth demonstrates the relationship of Schiller's work to Eliot's plotting of moral vision the tensions in her work between realism and idealism which an understanding of Schiller redefines substantially and her aesthetics The specific focus of the study is the Schillerian subtext of George Eliot's work and a resultant reassessment of her realism However the intertextual methodology applications of Iser's thinking on the translatability of cultures and a placement of Eliot in a German context serve as a gateway for reconsidering Eliot's contributions in these areas as well While recent scholarship on Eliot has focused on gender analysis New Historicism and cultural materialism the frame remains largely English Guth contends that the immense continental underpinnings of Eliot's writing should lead us to re-situate her beyond national boundaries and view her as a major European as well as English writer Encyclopedia of the Romantic Era

1760-1850 Christopher John Murray, 2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism **Joan of Arc on the Stage and Her Sisters in Sublime Sanctity** John Pendergast, 2019-11-08 This book examines the figure of Joan of Arc as depicted in stage works of the nineteenth and twentieth centuries especially those based on or related to Schiller's 1801 romantic tragedy Die Jungfrau von Orleans The Maid of Orleans The author elucidates Schiller's appropriation of themes from Euripides's Iphigenia plays chiefly the quality of sublime sanctity which transforms Joan's image from a victim of fate to a warrior prophet who changes history through sheer force of will Finding the best known works of his time about her Voltaire's La pucelle d'Orléans and Shakespeare's Henry VI part I utterly dissatisfying Schiller set out to replace them Die Jungfrau von Orleans was a smashing success and inspired various subsequent treatments including Verdi's opera Giovanna d'Arco and a translation by the father of Russian Romanticism Vasily Zhukovsky on which Tchaikovsky based his opera Orleanskaya deva The Maid of Orleans In turn the book's final chapter examines Shaw's Saint Joan and finds that the Irish playwright's vociferous complaints about Schiller's romantic flapdoodle belie a surprising affinity for Schiller's approach

Theatre, Society and the Nation S. E. Wilmer, 2002-09-23 Theatre has often served as a touchstone for moments of political change or national definition and as a way of exploring cultural and ethnic identity In this book Steve Wilmer selects key historical moments in American history and examines how the theatre in formal and informal settings responded to these events The book moves from the Colonial fight for independence through Native American struggles the Socialist Worker play the Civil Rights Movement and up to works of the last decade including Tony Kushner's Angels in America In addition to examining theatrical events and play texts Wilmer also considers audience reception and critical response Art for Art's Sake & Literary Life Gene H. Bell-Villada, 1998-01-01 Art for Art's Sake and Literary Life is a dynamic history of literary aestheticism from the eighteenth century to academic deconstruction in our own time Gene H Bell Villada examines an enormous range of writings by critics philosophers and writers from Europe Latin America and the United States Uniting all is his conviction that there are concrete social economic political and cultural reasons for the emergence growth diffusion and triumph of l'art pour l'art over the past two centuries Bell Villada begins by considering how such thinkers as Shaftesbury Kant and Schiller described beauty as a phenomenon to be weighed not in isolation from other aspects of our existence but as part of our general development as human beings He recounts how the original vision of Kant and Schiller was simplified and debased within new cultural political and economic contexts leading to the aesthetic separatism promoted by lyric poets in France Bell Villada then examines how the ideology of Art for Art's Sake took on new forms in Europe and

the Americas culminating in present day versions associated with the academicization and ever greater marginalization of literature Artfully combining an exceptional amount of learning with a sharp polemical focus Art for Art s Sake and Literary Life will appeal to a wide range of scholars and general readers for whom literature aesthetics and the relations of culture and society are vitally important matters **The Oxford Handbook of British and Irish War Poetry** Tim

Kendall,2007-02-22 The Handbook ranges widely and in depth across 20th century war poetry incorporating detailed discussions of some of the key poets of the period It is an essential resource for scholars of particular poets and for those interested in wider debates Contributors include some of the most important international poetry critics of our time

Stark,2012 Imperial Germany s governing elite frequently sought to censor literature that threatened established political social religious and moral norms in the name of public peace order and security It claimed and exercised a prerogative to intervene in literary life that was broader than that of its Western neighbors but still not broad enough to prevent the literary community from challenging and subverting many of the social norms the state was most determined to defend This study is the first systematic analysis in any language of state censorship of literature and theater in imperial Germany 1871 1918 To assess the role that formal state controls played in German literary and political life during this period it examines the intent function contested legal basis institutions and everyday operations of literary censorship as well as its effectiveness and its impact on authors publishers and theater directors **Fontane in the Twenty-first Century**

John B. Lyon,Brian Tucker,2019 Assesses the relevance of the works of Fontane perhaps the foremost German novelist between Goethe and Mann for the twenty first century Theodor Fontane remains a canonical figure in German literature the most important representative of poetic realism and likely the best German language novelist between Goethe and Mann yet scholarly attention to his works often lags behind his stature at least in the English speaking academy This volume coinciding with Fontane s 200th birthday in 2019 assesses the relevance of his works for us today and also draws attention to the most current English language research Much has changed in the last two decades in critical theory and the volume highlights how new methodological approaches and new archival research can update our understanding of Fontane s works Although

his novels are famously rooted in the details of quotidian life in nineteenth century Germany they also reflect larger historical transformations that resonate with our world today e g financial crisis class conflict changing gender roles and migration and so speak to contemporary critical interests The volume s contributors draw on literary and cultural studies approaches including gender and sexuality studies emotion studies transnationalism and globalization media and visual studies rhetorical criticism paratextual criticism and digital humanities Their contributions survey a wide range of Fontane s literary production in order to speak to both German and non German audiences in the twenty first century Contributors James N Bade Russell A Berman Katharina Adeline Engler Coldren Todd Kontje John B Lyon Ervin Malakaj Nicolas von Passavant Lynne Tatlock Christian Thomas Brian Tucker Michael J White Holly A Yanacek John B Lyon is Professor of German at the University of Pittsburgh Brian Tucker is Associate Professor of German at Wabash College
