Friendly Tyrants An American Dilemma:

Friendly Tyrants Adam Garfinkle, Daniel Pipes, 1991-10-31 What do the South Vietnamese government the Shah and Ferdinand Marcos have in common All were allied to the United States all defied democratic and liberal norms and all three fell in a blaze creating problems for the United States These three cases and another eighteen more are the subject of Friendly Tyrants the first study ever to survey the contentious persistent problem of U S government relations with pro American authoritarian rulers

Paraguay and the United States Frank O. Mora, Jerry Wilson Cooney, 2007 Ranging from the 1840s through the early twenty first century this study of shared political economic and cultural histories fills significant gaps in our understanding of Paraguayan U S relations Frank O Mora and Jerry W Cooney tell how an initially rocky beginning between the two countries marked by diplomatic posturing shows of military force and failed business schemes gave way to a calmer period during which the United States backed Paraguay s territorial claims against its neighbors prospects grew brighter for American entrepreneurs and Paraguay embraced Pan Americanism It was not until the 1930s that the two countries engaged in earnest as the United States attempted to mediate the Chaco War between Paraguay and Bolivia Then as the authors write hemispheric solidarity in World War II the cold war in Latin America the balance of power among states in the R o de la Plata and the question of U S support for or aid to Latin American dictators became matters of mutual interest The dictatorship of Alfredo Stroessner 1954 89 spanned much of this era and a shared attitude of realpolitik typified U S Paraguayan relations during his rule Post Stroessner the United States has stood by Paraguay during its transition to democracy despite lingering concerns about such issues as drug trafficking and intellectual piracy The countries should grow closer with time the authors conclude if Paraguay resists the continent s leftward political shift and remains a solid partner in U S antiterror initiatives in South America

The Korean Conundrum Ted Galen Carpenter, Doug Bandow, 2025-09-23 The US seems to be heading directly toward a confrontation with North Korea as Koreans in the south and nations around the world anxiously witness mounting tension Carpenter and Bandow take a look at the twin crises now afflicting US policy in East Asia the reemergence of North Korea s nuclear weapons program and the growing anti American sentiment in South Korea They question whether Washington s East Asia security strategy makes sense with the looming prospect of US troops stationed in South Korea becoming nuclear hostages Carpenter and Bandow put forth the most provocative solution yet to this gnarled and dangerous situation

Allies of Convenience Evan N. Resnick, 2019-08-06 Since its founding the United States has allied with unsavory dictatorships to thwart even more urgent security threats How well has the United States managed such alliances and what have been their consequences for its national security In this book Evan N Resnick examines the negotiating tables between the United States and its allies of convenience since World War II and sets forth a novel theory of alliance bargaining Resnick s neoclassical realist theory explains why U S leaders negotiate less effectively with unfriendly autocratic states than with friendly liberal ones Since policy makers struggle to

mobilize domestic support for controversial alliances they seek to cast those allies in the most benign possible light Yet this strategy has the perverse result of weakening leverage in intra alliance disputes Resnick tests his theory on America s Cold War era alliances with China Pakistan and Iraq In all three cases otherwise hardline presidents bargained anemically on such pivotal issues as China s sales of ballistic missiles Pakistan s development of nuclear weapons and Iraq s sponsorship of international terrorism In contrast U S leaders are more inclined to bargain aggressively with democratic allies who do not provoke domestic opposition as occurred with the United Kingdom during the Korean War An innovative work on a crucial and timely international relations topic Allies of Convenience explains why the United States has mismanaged these deals with the devil with deadly consequences

Mission Failure Michael Mandelbaum,2016 Mission Failure argues that in the past 25 years the U S military has turned to missions that are largely humanitarian and socio political and that this ideologically driven foreign policy generally leads to failure

Cold War Spencer C. Tucker,Priscilla Roberts,2007-09-10 The most comprehensive and up to date student reference on the Cold War offering expert coverage of all aspects of the conflict in a richly designed format fully illustrated to give students a vivid sense of life in all countries affected by the war ABC CLIO is proud to announce the latest addition to its widely acclaimed legacy of historical reference works for students Under the direction of internationally known expert Spencer Tucker Cold War A Student Encyclopedia captures the vast scope day to day drama and lasting impact of the Cold War more clearly and powerfully than any other student resource ever published Ranging from the end of the Second World War to the collapse of the Soviet Union Cold War A Student Encyclopedia offers vivid portrayals of leading individuals significant battles economic developments societal cultural events changes in military technology and major treaties and diplomatic agreements The nearly 1 100 entries plus topical essays and a documents volume draw heavily on recently opened Russian Eastern European and Chinese archives Enhanced by a rich program of maps and images it is a comprehensive current and accessible student reference on the dominant geopolitical phenomenon of the late 20th century

The United States and Right-Wing Dictatorships, 1965-1989 David F. Schmitz,2006-03-13 Building on Schmitz s earlier work Thank God They re on our Side this is an examination of American policy toward right wing dictatorships from the 1960s to the end of the Cold War During the 1920s American leaders developed a policy of supporting authoritarian regimes because they were seen as stable anti communist and capitalist After 1965 however American support for these regimes became a contested issue The Vietnam War served to undercut the logic and rationale of supporting right wing dictators By systematically examining US support for right wing dictatorships in Africa Latin America Europe and Asia and bringing together these disparate episodes this book examines the persistence of older attitudes the new debates brought about by the Vietnam War and the efforts to bring about changes and an end to automatic US support for authoritarian regimes

Perilous Partners Ted Galen Carpenter,Malou Innocent,2015-09-22 American leaders have cooperated with regimes around the world that are to varying degrees repressive or corrupt Such cooperation is said to serve

the national interest But these partnerships also contravene the nation's commitments to democratic governance civil liberties and free markets During the Cold War policymakers were casual about sacrificing important values for less than compelling strategic rationales Since the 9/11 attacks similar ethical compromises have taken place although policymakers now seem more selective than their Cold War era counterparts Americans want a foreign policy that pursues national interests while observing American values How might that reconciliation of interest and morality be accomplished In *Perilous Partners* authors Ted Galen Carpenter and Malou Innocent provide a strategy for resolving the ethical dilemmas between interests and values faced by Washington They propose maintaining an arm's length relationship with authoritarian regimes emphasizing that the United States must not operate internationally in ways that routinely pollute American values It is a strategy based on ethical pragmatism which is the best way to reconcile America's strategic interests and its fundamental values *Perilous Partners* creates a strategy for conducting an effective U.S. foreign policy without betraying fundamental American values

Political Culture, Political Science, and Identity Politics Howard J. Wiarda, 2016-04-08 Political Culture defined as the values beliefs and behavioral patterns underlying the political system has long had an uneasy relationship with political science Identity politics is the latest incarnation of this conflict Everyone agrees that culture and identity are important specifically political culture is important in understanding other countries and global regions but no one agrees how much or how precisely to measure it In this important book well known Comparativist Howard J. Wiarda traces the long and controversial history of culture studies and the relations of political culture and identity politics to political science Under attack from structuralists institutionalists Marxists and dependency writers Wiarda examines and assesses the reasons for these attacks and why political culture went into decline only to have a new and transcendent renaissance and revival in the writings of Inglehart Fukuyama Putnam Huntington and many others Today political culture now updated to include identity politics stands as one of these great explanatory paradigms in political science the others being structuralism and institutionalism Rather than seeing them as diametrically exposed Howard Wiarda shows how they may be made complementary and woven together in more complex multicausal explanations This book is brief highly readable provocative and certain to stimulate discussion It will be of interest to general readers and as a text in courses in international relations comparative politics foreign policy and Third World studies

The Encyclopedia of the Cold War Spencer C. Tucker, 2007-09-12 A comprehensive five volume reference on the defining conflict of the second half of the 20th century covering all aspects of the Cold War as it influenced events around the world The conflict that dominated world events for nearly five decades is now captured in a multivolume work of unprecedented magnitude from a publisher widely acclaimed for its authoritative military and historical references Under the direction of internationally known military historian Spencer Tucker ABC-CLIO's *The Encyclopedia of the Cold War: A Political Social and Military History* offers the most current and comprehensive treatment ever published of the ideological conflict that not so long ago enveloped the globe From the Second

World War to the collapse of the Soviet Union The Encyclopedia of the Cold War provides authoritative information on all military conflicts battlefield and surveillance technologies diplomatic initiatives important individuals and organizations national histories economic developments societal and cultural events and more The nearly 1 300 entries plus topical essays and an extraordinarily rich documents volume draw heavily on recently opened Russian Eastern European and Chinese archives The work is a definitive cornerstone reference on one of the most important historical topics of our time

Democracy at the Point of Bayonets Mark Peceny, 1999-08-15 No country has worked harder to coerce others to adopt liberal institutions than the United States This book examines the promotion of democracy during U S military interventions in the twentieth century showing it to be one of the central ways in which the United States attempts to reconcile the potential contradictions involved in being a liberal great power Examining interventions from the Spanish American War through recent actions in Bosnia Mark Peceny shows how the United States has encouraged the institution of free elections and other liberal reforms often at the point of bayonets Peceny applies statistical analysis to ninety three cases of intervention and presents six case studies Cuba and the Philippines after the Spanish American War Vietnam during the Kennedy administration El Salvador during Reagan s first term and Clinton s interventions in Haiti and Bosnia By forging a synthesis of realist and domestic liberal approaches Peceny illuminates the roles that both security concerns and liberal values play in the formulation and implementation of foreign policy He shows how presidents often initially choose proliberalization policies to serve U S security interests and how Congress exerts pressure when presidents fail to take the initiative Under these circumstances he shows presidents use the promotion of democracy to build domestic political consensus and to legitimize interventions Although the United States has failed to promote democracy in most interventions Peceny demonstrates that it has often had a profound and positive impact on the democratization of target states His study offers new insight into the relationship between American power the promotion of democracy and prospects for the liberal peace in the decades to come

From Selma to Moscow Sarah B. Snyder, 2018-04-24 The 1960s marked a transformation of human rights activism in the United States At a time of increased concern for the rights of their fellow citizens civil and political rights as well as the social and economic rights that Great Society programs sought to secure many Americans saw inconsistencies between domestic and foreign policy and advocated for a new approach The activism that arose from the upheavals of the 1960s fundamentally altered U S foreign policy yet previous accounts have often overlooked its crucial role In *From Selma to Moscow* Sarah B Snyder traces the influence of human rights activists and advances a new interpretation of U S foreign policy in the long 1960s She shows how transnational connections and social movements spurred American activism that achieved legislation that curbed military and economic assistance to repressive governments created institutions to monitor human rights around the world and enshrined human rights in U S foreign policy making for years to come Snyder analyzes how Americans responded to repression in the Soviet Union racial discrimination in Southern

Rhodesia authoritarianism in South Korea and coups in Greece and Chile By highlighting the importance of nonstate and lower level actors Snyder shows how this activism established the networks and tactics critical to the institutionalization of human rights A major work of international and transnational history From Selma to Moscow reshapes our understanding of the role of human rights activism in transforming U S foreign policy in the 1960s and 1970s and highlights timely lessons for those seeking to promote a policy agenda resisted by the White House The Lost Mandate of Heaven Geoffrey D. T. Shaw, 2015-10-19 Ngo Dinh Diem the first president of the Republic of Vietnam possessed the Confucian Mandate of Heaven a moral and political authority that was widely recognized by all Vietnamese This devout Roman Catholic leader never lost this mandate in the eyes of his people rather he was taken down by a military coup sponsored by the U S government which resulted in his brutal murder The commonly held view runs contrary to the above assertion by military historian Geoffrey Shaw According to many American historians President Diem was a corrupt leader whose tyrannical actions lost him the loyalty of his people and the possibility of a military victory over the North Vietnamese The Kennedy Administration they argue had to withdraw its support of Diem Based on his research of original sources including declassified documents of the U S government Shaw chronicles the Kennedy administration's betrayal of this ally which proved to be not only a moral failure but also a political disaster that led America into a protracted and costly war Along the way Shaw reveals a President Diem very different from the despot portrayed by the press during its coverage of Vietnam From eyewitness accounts of military intelligence and diplomatic sources Shaw draws the portrait of a man with rare integrity a patriot who strove to free his country from Western colonialism while protecting it from Communism A candid account of the killing of Ngo Dinh Diem the reasons for it who was responsible why it happened and the disastrous results Particularly agonizing for Americans who read this clearly stated and tightly argued book is the fact that the final Vietnam defeat was not really on battle grounds but on political and moral grounds The Vietnam War need not have been lost Overwhelming evidence supports it From the Foreword by James V Schall S J Professor Emeritus Georgetown University Did I find a veritable Conradian Heart of Darkness Yes I did but it was not in the quarter to which all popular American sources were pointing their accusatory fingers in other words not in Saigon but paradoxically within the Department of State back in Washington D C and within President Kennedy's closest White House advisory circle The actions of these men led to Diem's murder And with his death nine and a half years of careful work and partnership between the United States and South Vietnam was undone Geoffrey Shaw from the Preface *Dialogue in Politics* Lawrence N. Berlin, Anita Fetzer, 2012-11-21 The volume considers politics as cooperative group action and takes the position that forms of government can be posited on a continuum with endpoints where governance is shared and where hegemony dictates ranging from politics as interaction to politics as imposition Similarly dialogue and dialogic action can be superimposed on the same continuum lying between truly collaborative where co participants exchange ideas in a cooperative manner and dominated by an absolute position where dialogue proceeds along

prescribed paths The chapters address the continuum between these endpoints and present illuminating and persuasive analyses of dialogue in politics covering motions of support the relationship between politics and the press interviews debates discussion forums and multimodal media analyses across different discourse domains and different cultural contexts from Africa to the Middle East and from the United States to Europe

U.S. Development Aid--An Historic First Samuel Hale Butterfield,2004-08-30 The first comprehensive account of U S development aid policies and implementation operations in Africa Asia and Latin America this work is a unique contribution to world history and to the extensive literature on Third World development Butterfield begins with the remarkable story of why in 1949 President Truman surprised Americans with his unprecedented development aid policy He then describes the major alterations in U S development aid strategy and operations from 1950 to 2000 Drawing upon his long experience both in Washington and in country aid missions Butterfield puts a human face on the story by weaving real world vignettes into his narrative The survey addresses the role of Congress important program foundations established in the 1950s creative initiatives of the 1960s frustrated promises in Vietnam It explores the Third World s unexpected population explosion America s evolving technical assistance work in the core sectors such as agriculture education health and administration and initiatives to reach the rural poor and promote the development role of women It also comments upon linkages between policy dialogue and financial aid to promote market oriented policy reforms Africa s lagging development and the decline of U S development aid in the 1990s

Regional Security in the Middle East Pinar Bilgin,2004-09-09 This is an accessible yet critical analysis of regional security in the Middle East Using a non realist approach Bilgin provides a comprehensive study of the past present and future of security in the region She also considers the question of identity formation explaining how and why various regional representations came into being and explor

Regional Security in the Middle East , The Routledge History of Human Rights Jean Quataert,Lora Wildenthal,2019-09-05 The Routledge History of Human Rights is an interdisciplinary collection that provides historical and global perspectives on a range of human rights themes of the past 150 years The volume is made up of 34 original contributions It opens with the emergence of a new internationalism in the mid nineteenth century examines the interwar League of Nations and the United Nations eras of human rights and decolonization and ends with the serious challenges for rights norms laws institutions and multilateral cooperation in the national security world after 9 11 These essays provide a big picture of the strategic political and changing nature of human rights work in the past and into the present day and reveal the contingent nature of historical developments Highlighting local national and non Western voices and struggles the volume contributes to overcoming Eurocentric biases that burden human rights histories and studies of international law It analyzes regions and organizations that are often overlooked The volume thus offers readers a new and broader perspective on the subject International in coverage and containing cutting edge interpretations the volume provides an overview of major themes and suggestions for future research This is the perfect book for those interested in social justice grass roots

activism and international politics and society Frenemies Mark L. Haas, 2022-01-15 In *Frenemies* Mark L Haas addresses policy guiding puzzles such as Why do international ideological enemies sometimes overcome their differences and ally against shared threats Why just as often do such alliances fail Alliances among ideological enemies confronting a common foe or frenemy alliances are unlike coalitions among ideologically similar states facing comparable threats Members of frenemy alliances are perpetually torn by two powerful opposing forces Haas shows that shared material threats push these states together while ideological differences pull them apart Each of these competing forces has dominated the other at critical times This difference has resulted in stable alliances among ideological enemies in some cases but the delay dissolution or failure of these alliances in others Haas examines how states susceptibility to major domestic ideological changes and the nature of the ideological differences among countries provide the key to alliance formation or failure This sophisticated framework is applied to a diverse range of critical historical and contemporary cases from the failure of British and French leaders to ally with the Soviet Union against Nazi Germany in the 1930s to the likely evolution of the United States alliance system against a rising China in the early 21st century In *Frenemies* Haas develops a groundbreaking argument that explains the origins and durability of alliances among ideological enemies and offers policy guiding perspectives on a subject at the core of international relations

Beyond the Cold War Francis J. Gavin, Mark Atwood Lawrence, 2014-03 In writing about international affairs in the 1960s historians have naturally focused on the Cold War The decade featured perilous confrontations between the United States and the Soviet Union over Berlin and Cuba the massive buildup of nuclear stockpiles the escalation of war in Vietnam and bitter East West rivalry throughout the developing world As the world historical force of globalization has quickened and deepened however historians have begun to see that many of the global challenges that we face today *Beyond the Cold War* examines how the administration of President Lyndon B Johnson responded to this changing international landscape To what extent did U S leaders understand these changes How did they prioritize these issues alongside the geostrategic concerns that dominated their daily agendas and the headlines of the day How successfully did Americans grapple with these long range problems with what implications for the future What lessons lie in the efforts of Johnson and his aides to cope with a new and inchoate agenda of problems By reconsidering the 1960s this work suggests a new research agenda predicated on the idea that the Cold War was not the only or perhaps even the most important feature of international life in the postwar period

Friendly Tyrants An American Dilemma Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Friendly Tyrants An American Dilemma free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Friendly Tyrants An American Dilemma free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Friendly Tyrants An American Dilemma free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Friendly Tyrants An American Dilemma. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a

vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Friendly Tyrants An American Dilemma any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Friendly Tyrants An American Dilemma Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Friendly Tyrants An American Dilemma is one of the best book in our library for free trial. We provide copy of Friendly Tyrants An American Dilemma in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Friendly Tyrants An American Dilemma. Where to download Friendly Tyrants An American Dilemma online for free? Are you looking for Friendly Tyrants An American Dilemma PDF? This is definitely going to save you time and cash in something you should think about.
