Time and the Dancing Image Deborah Jowitt, 1989-01-01 If dance itself is a way of making ideas both visual and visceral Deborah Jowitt has discovered a literary voice in *Time and the Dancing Image* in which nineteenth and twentieth century thought in its relation to theatrical dancing becomes sensuous Sally Banes Cornell University The most vivid and immediately accessible serious dance book ever written Anyone from a neophyte to an aficionado will be challenged enlightened and delighted by Jowitt s clever juxtapositions Allen Robertson Dance Editor Time Out London In this brilliant book Deborah Jowitt has given us a fresh approach to dance history and criticism Instead of seeing dance in the usual way isolated in a windowless room with mirrored walls she looks to the society in which dance evolved Using the ideas of contemporary artists and thinkers she illuminates changing tastes from the elegant ethereal sylphs of the 1830s to the agonized characters in the dances today For her reader Ms Jowitt opens both the eyes and the mind to the wonders of a many faceted art Selma Jeanne Cohen Editor International Encyclopedia of Dance

Painting With Light John Alton,2023-12-22 Few cinematographers have had as decisive an impact on the cinematic medium as John Alton Best known for his highly stylized film noir classics *The Men* *He Walked by Night* and *The Big Combo* Alton earned a reputation during the 1940s and 1950s as one of Hollywood s consummate craftsmen through his visual signature of crisp shadows and sculpted beams of light No less renowned for his virtuoso color cinematography and deft appropriation of widescreen and Technicolor he earned an Academy Award in 1951 for his work on the musical *An American in Paris* First published in 1949 *Painting With Light* remains one of the few truly canonical statements on the art of motion picture photography an unrivaled historical document on the workings of postwar American cinema In simple non technical language Alton explains the job of the cinematographer and explores how lighting camera techniques and choice of locations determine the visual mood of film Todd McCarthy s introduction provides an overview of Alton s biography and career and explores the influence of his work on contemporary cinematography and the foreword written expressly for this edition by award winning cinematographer John Bailey explores Alton s often contentious relationships with colleagues the American Society of Cinematographers and the movie industry itself **International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences** ,1999 **The Realisms of Berenice Abbott** Terri Weissman,2011-01-10 *The Realisms of Berenice Abbott* provides the first in depth consideration of the work of photographer Berenice Abbott Though best known for her 1930s documentary images of New York City this book examines a

broad range of Abbott's work including portraits from the 1920s little known and uncompleted projects from the 1930s and experimental science photography from the 1950s It argues that Abbott consistently relied on realism as the theoretical armature for her work even as her understanding of that term changed over time and in relation to specific historical circumstances But as Weissman demonstrates Abbott's unflinching commitment to realist aesthetics led her to develop a critical theory of documentary that recognizes the complexity of representation without excluding or obscuring a connection between art and engagement in the political public sphere In telling Abbott's story *The Realisms of Berenice Abbott* reveals insights into the politics and social context of documentary production and presents a thoughtful analysis of why documentary remains a compelling artistic strategy today *Forthcoming Books* Rose Arny, 1998 *History of Photography* Laurent Roosens, 1994 **The Lords of Life** Douglas E.
