Globalization, International Education Policy and Local Policy Formation Carolyn A. Brown, 2014-10-13 This edited volume focuses on how international education policy set by international policymakers and donors influences local education policy in developing countries The book s primary purpose is to give voice to scholars from developing countries and regions around the world by inviting them to explore how the international policy invariably linked to international aid influences education policy formation and implementation in their country or region and how this influence does or does not meet the local cultural social economic and political needs A relatively recent and small body of research and commentary supports a discourse that questions how well international education policy mandates such as Education For All serve the needs of developing countries The intent of this book is to advance this discourse by giving voice to local scholars who observe and study the donor process The book will be divided into two sections the first section will set the stage for the discussions in the second section by providing theoretical and historical context for international education policy As a framework for understanding the book adopts the position that international policy does not have either the ability or the intent to serve the widely diverse needs of development around the world International education policy has been formed historically by wealthy nations and agencies dominated by Western theoretical paradigms In recent years donor countries have made an effort to collaborate with developing countries in developing international education policy goals however this collaboration has been limited Following establishment of the context of international education policy section II of the book provides a forum for scholars from around the world to openly discuss and critique the impact of international policy on education in their country or region

Books, Blackboards, and Bullets Marcel Lebrun, 2008-10-23 The sad fact is that many youths and children do not feel safe either at school or at home In recent years there have been increases in bullying teacher assault and student to student physical altercations Nearly every school child has witnessed violence at school firsthand The search for answers as to why children use violence must be an ongoing conversation that challenges the myths and perceptions around the issue of school and personal violence Intended for educators and parents *Books Blackboards and Bullets* focuses on key issues for identification of school shooters and shootings While explaining factors that increase the likeliness of student violence Marcel Lebrun introduces many different perspectives that may be effective in working with troubled populations in our schools He provides many strategies for dealing with difficult or violent youths empowering educators to act to prevent school shootings The book also provides checklists and assessment tools for evaluating possible dangers as well as a list of resources that educators can use in their daily work

The Greenwood Encyclopedia of Children's Issues Worldwide Irving Epstein, 2007-12-30 From the skyrocketing AIDS rate in Haiti to the oppressive pollution in industrial China from the violent street culture of Nigeria to the crippling poverty in Nicaragua from child trafficking in Thailand to child marriages in India this jam packed six volume set explores all these issues and more in an unprecedented look at the world's children at the dawn of the 21st century In recent years while many countries have enjoyed a higher standard of living and improved working conditions others have been torn apart by war and incapacitated by famine and are struggling to improve life for

their children and their future Recent concern over the world's children has resulted in a global attempt to define what constitutes an acceptable childhood New attention has been paid not only to healthcare and secondary education but also to the right to play and increased access to technology The UN's codification of children's rights has done much to expand our understanding of what is needed for healthy growth and development of children and youth Organized by region The Greenwood Encyclopedia of Children's Issues Worldwide is the first globally focused set of this magnitude offering extensive up to date coverage of these critical issues Original chapters accessibly synthesize current data on key topics including education play and recreation child labor family health laws and legal status religious life abuse and neglect and growing up in the 21st century

From the Ballot to the Blackboard Ben W. Ansell, 2010-03-22 From the Ballot to the Blackboard provides the first comprehensive account of the political economy of education spending across the developed and developing world The book demonstrates how political forces like democracy and political partisanship and economic factors like globalization deeply impact the choices made by voters parties and leaders in financing education The argument is developed through three stories that track the historical development of education first its original expansion from the elite to the masses second the partisan politics of education in industrialized states and third the politics of higher education The book uses a variety of complementary methods to demonstrate the importance of redistributive political motivations in explaining education policy including formal modeling statistical analysis of survey data and both sub national and cross national data and historical case analyses of countries including the Philippines India Malaysia England Sweden and Germany

Global Education Policy and International Development Antoni Verger, Hulya K. Altinyelken, Mario Novelli, 2013-03-28 Exploring the interplay between globalization education and international development this book surveys the impact of global education policies on local policy in developing countries With chapters written by leading international scholars drawing on a full range of theoretical perspectives and offering a diverse selection of case studies from Africa Asia and South America this book considers such topics as How are global education agendas and policies formed and implemented What is the impact of such policy priorities as public private partnerships child centred pedagogies and school based management What are the effects of political and economic globalization on educational reform and change How do mediating institutions affect the translation of global policies to particular educational contexts What are the limitations of globalised policy solutions and what problems do they encounter at local levels From students of education development and globalization to practitioners working in developing contexts this book is an important resource for those seeking to understand how global forces and local realities meet to shape education policy in the developing world

The History of Cartography, Volume 6 Mark Monmonier, 2015-05-18 For more than thirty years the History of Cartography Project has charted the course for scholarship on cartography bringing together research from a variety of disciplines on the creation dissemination and use of maps Volume 6 Cartography in the Twentieth Century continues this tradition with a

groundbreaking survey of the century just ended and a new full color encyclopedic format The twentieth century is a pivotal period in map history The transition from paper to digital formats led to previously unimaginable dynamic and interactive maps Geographic information systems radically altered cartographic institutions and reduced the skill required to create maps Satellite positioning and mobile communications revolutionized wayfinding Mapping evolved as an important tool for coping with complexity organizing knowledge and influencing public opinion in all parts of the globe and at all levels of society Volume 6 covers these changes comprehensively while thoroughly demonstrating the far reaching effects of maps on science technology and society and vice versa The lavishly produced volume includes more than five hundred articles accompanied by more than a thousand images Hundreds of expert contributors provide both original research often based on their own participation in the developments they describe and interpretations of larger trends in cartography Designed for use by both scholars and the general public this definitive volume is a reference work of first resort for all who study and love maps

Bullets to Bandages Mark Terris, 2017-04-17 *Bullets to Bandages* Life Inside the Israel Defense Forces The Israel Defense Forces IDF is a renowned fighting force It has defended a young vulnerable country from repeated attacks In the process it has produced great generals and statesmen *Bullets to Bandages* is set in the late 1970s at a time when many Western armies viewed the IDF as a heroic and idealistic force *Bullets to Bandages* explores the daily life inside the Israel Defense Forces These are true stories that center on the experiences of four Israeli soldiers and three close friends and provide the reader with an intimate view of life in the Israeli army the meaning of army friendships and our own coming of age Life in the IDF is in many ways similar to other armies with a lot of chicken shit annoying military nonsense Good shoe polishing skills are valued over combat readiness Soldiers are chronically sleep deprived often standing for midnight inspections and enduring nightlong stretcher marches And yet there is a more humane side Everyone regardless of rank is addressed by his or her first name Commanders lead by example not by threat Beneath the uniform soldiers are eighteen to twenty one year old men and women still fighting acne and constantly fantasizing about sex You will witness the induction experience which transformed us from teenagers into serial numbers Other experiences included basic training paratrooping artillery and air force with the

unique traditions of each corps We evolved from new recruits to sergeant major slaves to combat medic students and finally to commanders Along the way we internalized accepted and eventually perpetuated the IDF's traditions Life in the Israel Defense Forces is not always fun The physical hardships are real and the stress challenges your resolve and morale As young men we did not verbally express our feelings which were often tainted by our raging hormones but broadcasted them through our actions Humor and friendship allowed us to thrive in this environment We matured and ultimately put our hearts and souls into the Israel Defense Forces and this is the true secret behind the IDF's success **Beyond the Blackboard**

Mohabir L. Ramnarine, 2009-12 Beyond the Blackboard takes us into the life of a dedicated teacher However it deals with much more than teaching **Murder on the Blackboard** Stuart Palmer, 2013-05-14 Schoolteacher sleuth Miss Withers finds a dead body during detention in this mystery starring one of the world's shrewdest and most amusing detectives The New York Times Anise Halloran is young to be teaching school and much too pretty but third grade teacher Hildegard Withers is not the sort to condemn a coworker just because she wears high heels When she overhears nine year old Buster Jones spreading rumors about Miss Halloran being sweet on the principal Miss Withers orders the schoolyard quarterback to write discipline on the chalkboard one hundred times Anise Halloran stays late after school too In fact she stays forever Miss Withers finds Anise in the cloakroom her head bashed in and her high heels strewn across the floor She sends Buster to fetch Inspector Piper the hard nosed detective whom she occasionally assists with murder inquiries but by the time he arrives the body has vanished There is a killer inside the elementary school and Buster Jones is not the only person whom Miss Withers will have to teach a lesson about discipline
