From Destruction To Rebirth The Holocaust And The State Of Israel:

From Destruction to Rebirth Carla L. Klausner, Joseph P. Schultz, 1978 *Textbooks on Israel-Palestine* Seyed Hadi Borhani, 2022-01-27 How is the Israel Palestine question narrated in Western academia What ideas dominate the key textbooks on the subject and what is presented as truth This book answers these critical questions It is widely known that Western support of Israel played a vital role in the realization of Zionist objectives in Palestine But academic support of Israel in the West has been a neglected issue with Western academic knowledge being regarded as impartial and objective This book reveals that this understanding of Western academic knowledge is wrong when it comes to the Israel Palestine question Rather knowledge has been biased misleading and dogmatic and Western college students are subscribing to factual histories based on theories at best if not fiction The book is the first empirical investigation able to document this partial reporting of history Seyed Hadi Borhani examines the most popular college level textbooks used to teach the history of the Israel Palestine in Western universities combining textbook analysis to determine how the dominant academic texts report the question and a context analysis to identify who manufactures the dominant knowledge The book provides a historical map of how the Israel Palestine conflict is understood in the West The book can be used as a critique for students and professors to use alongside textbooks and is a vital and much needed intervention into the state of affairs in Western academia

figure Jacob Neusner born 1932 is one of the most important figures in the shaping of modern American Judaism He was pivotal in transforming the study of Judaism from an insular project only conducted by and of interest to religious adherents to one which now flourishes in the secular setting of the university He is also one of the most colorful creative and difficult figures in the American academy But even those who disagree with Neusner's academic approach to ancient rabbinic texts have to engage with his pioneering methods In this comprehensive biography Aaron Hughes shows Neusner to be much more than a scholar of rabbinics He is a social commentator a post Holocaust theologian and was an outspoken political figure during the height of the cultural wars of the 1980s Neusner's life reflects the story of what happened as Jews migrated to the suburbs in the late 1940s daring to imagine new lives for themselves as they successfully integrated into the fabric of American society It is also the story of how American Jews tried to make sense of the world in the aftermath of the extermination of European Jewry and the subsequent creation of the State of Israel in 1948 and how they sought to define what it meant to be an American Jew Unlike other great American Jewish thinkers Neusner was born in the U S and his Judaism was informed by an American ethos His Judaism is open informed by and informing the world It is an American Judaism one that has enabled American Jews the freest in history to be fully American and fully Jewish
