## Friend Or Freak:

*From Wallflowers to Bulletproof Families* Abbye E. Meyer, 2022-02-04 Uses of disability in literature are often problematic and harmful to disabled people This is also true of course in children s and young adult literature but interestingly when disability is paired and confused with adolescence in narratives compelling complex arcs often arise In *From Wallflowers to Bulletproof Families* The Power of Disability in Young Adult Narratives author Abbye E Meyer examines different ways authors use and portray disability in literature She demonstrates how narratives about and for young adults differ from the norm With a distinctive young adult voice based in disability these narratives allow for readings that conflate and complicate both adolescence and disability Throughout Meyer examines common representations of disability and more importantly the ways that young adult narratives expose these tropes and explicitly challenge harmful messages they might otherwise reinforce She illustrates how two dimensional characters allow literary metaphors to work while forcing texts to ignore reality and reinforce the assumption that disability is a problem to be fixed She sifts the freak characters often marked as disabled and she reclaims the derided genre of problem novels arguing they empower disabled characters and introduce the goals of disability rights movements The analysis offered expands to include narratives in other media nonfiction essays and memoirs songs television series films and digital narratives These contemporary works affected by digital media combine elements of literary criticism narrative expression disability theory and political activism to create and represent the solidarity of family like communities

*How to Tell When We Will Die* Johanna Hedva, 2024-09-24 From one of the most influential voices in disability activism comes an essay collection that detonates a bomb in our collective understanding of care and illness showing us that sickness is a vibrant part of life In the wake of the 2014 Ferguson riots and sick with a chronic condition that rendered them housebound Johanna Hedva turned to the page to ask How do you throw a brick through the window of a bank if you can t get out of bed It was not long before this essay *Sick Woman Theory* became a seminal work on disability because in reframing illness as not just a biological experience but a social one Hedva argues that under capitalism a system that limits our worth to the productivity of our bodies we must reach for the revolutionary act of caring for ourselves and others *How to Tell When We Will Die* expands upon Hedva s paradigm shifting perspective in a series of slyly subversive and razor sharp essays that range from the theoretical to the personal from

Deborah Levy and Susan Sontag to wrestling kink mysticism death and the color yellow Drawing from their experiences with America's byzantine healthcare system and considering archetypes they call The Psychotic Woman The Freak and The Hag in Charge Hedva offers a bracing indictment of the politics that exploit sickness relying on and fueling ableism to the detriment of us all With the insight of Anne Boyer's The Undying and Leslie Jamison's The Empathy Exams and the wit of Samantha Irby Hedva's debut collection upends our collective concept of disability In their radical reimagining of a world where care and pain are symbiotic and our bodies are allowed to live free and well Hedva implores us to remember that illness is neither an inconvenience or inevitability but an enlivening and elemental part of being alive
