Svoboda, 2000-10-01 The sages of ancient India developed the astrological practice of Jyotisha as a karma measuring apparatus to indicate where your karmas will permit ideals to be shared between you and those with whom you relate Jyotisha can help restructure relationship dynamics by providing perspectives on when and how your relationships and their difficulties are likely to arise and dissipate *Light on Relationships* is currently the only book that makes relationship analysis accessible to the modern student of Indian astrology If you want to learn how to use this system for chart comparison this book gives you the complete details The authors cover the techniques of synastry and explore all the facets of what makes a relationship work or not including personal karma and goals family influences the Ayurvedic constitution or dosha of each individual and how these elements are revealed In an entertaining and informative way the authors explain how the individual chart will reveal your inborn ability to relate They explain the traditional ten Porutthams which evaluate a couple s sukha external and internal happiness and explore superstitious concepts such as Vishna Kanya literally poison maiden or Kuja Dosha The Blemish of Mars Included are details on determining the most auspicious times for a wedding This approach to synastry has been developed over years of experimentation The authors blend the principles of synastry with other techniques culled from Jyotisha s classical canon Some of the less conventional techniques presented come from ancient oral traditions never before incorporated into the classical works Other methods come from the authors mentors and some have been developed from processes validated over many years of their experience The authors build on some of the best principles of the astrological traditions of both West and East hoping to bring the two camps closer together **A to Z of Astrology** Mahan Vir Tulli, 1995-01-01 *Knowledge of Predictive Techniques of Nadi Astrology* Ram Babu Sao, This book *Knowledge of Predictive Techniques of Nadi Astrology* is a powerful tool for gaining profound knowledge about the Event Prediction of a person born with a unique set of psychological tendencies and life potentials The horoscope shows us what we are presently working with based on our past actions and thoughts Besides providing deep insight into the past and present In the realm of Vedic Astrology much has been said about planetary influences dasha systems house significations and nakshatra based interpretations But there lays a hidden terrain often overlooked yet profoundly potent the idea that every planet casts not only its influence but also a psychological reflection upon the native These reflections are not mere metaphors they are real impressions on the mind often functioning as shadows archetypes or inner voices that shape how an individual perceives reality makes choices and lives out their karma In this article we shall dive into this esoteric junction between Jyotish and psychology especially focusing on what can be called the Pratibimb Gyaan *Knowledge of Planetary Reflections* This approach fuses traditional astrological principles with a psychological lens drawing upon deeper truths embedded in ancient texts and supported by experiential insights *Understanding the Concept of Planetary Reflections* what do we mean by planetary reflections Each

graha planet is not just a karaka significator of certain events but also a bearer of certain psychological tendencies. These tendencies when unacknowledged can operate from the unconscious manifesting as compulsions, projections, fears, or irrational desires. In simpler terms, we carry within us the inner Mars, the inner Moon, the inner Rahu, and so on. These inner grahas behave like psychological sub-personalities, often conflicting with one another or aligning based on planetary relationships in the natal chart. For instance, when a person has a strong Mars aspecting Moon, there is a potential for inner aggression or restlessness to dominate emotional peace. But this doesn't just play out externally; it creates an inner battlefield. The Moon symbolizing the emotional mind (manas) reflects the agitation of Mars like water disturbed by fire. These reflections become psychological patterns. Mars reflects as the warrior, the drive, the impulse to dominate or fight. Saturn reflects as fear, control, restriction, and also deep-rooted endurance.
