The Quest for Purpose Perry L. Glanzer, Jonathan P. Hill, Byron R. Johnson, 2017-08-07
Demonstrates how students and educators can resist narrow utilitarian views of higher education's purpose While the search for meaning and purpose appears to be a constant throughout human history there are characteristics about our current time period that make this search different from any other previous time particularly for college students In this book Perry L. Glanzer, Jonathan P. Hill, and Byron R. Johnson explore college students' search for meaning and purpose and the role that higher education plays To shed empirical light on this complex issue the authors draw on in-depth interviews with four hundred college students from different types of institutions across the United States They also analyze three sets of national survey data: the National Study of Youth and Religion, College Students' Beliefs and Values, and their own Gallup-conducted survey of 2,500 college students Their research identifies important social, educational, and cultural influences that shape students' quests and the answers they find Arguing against a utilitarian view of education Glanzer, Hill, and Johnson conclude that colleges and universities can and should cultivate and aid students in their journeys and they offer suggestions for doing so

How Long Have You Been Standing Here, God? Michael Jean Nystrom-Schut, 2005-05-24
TRILOGY BOOK TWO includes three books from my numerous writings Writing and philosophizing for so long now I am pleased to get to do this while others simply can't take the time In my journeys I don't know if I am getting closer to knowing anything and it seems the more I know the more I know I don't know I suppose all we can be sure of is that as long as we are alive we have the opportunity to keep searching while continuing to delve into our minds and hearts for clues to greater meaning and purpose on earth How long have you been standing here? God is the title of the book and it comes to you along with two others: Evolution Facts and Fairy Tales and Amistad Spanish for friendship All three were written with you, the reader and fellow life mate especially in mind If you struggle with your personal spirituality and need greater awareness that God is on all sides of you then maybe How long have you been standing here? God Book One will be helpful If you are wondering about your origins trying to figure out how it all came about then perhaps Evolution Facts and Fairy Tales Book Two will make things even more confusing During my time in Central America I have learned plenty about the concept of friendship and I mean that in the context of the whole of life Amistad Book Three is a book about befriending the people, places, and things that make up our lives
