From Ancient Writings To Sacred Texts The Old Testament And Apocrypha:

From Ancient Writings to Sacred Texts S. A. Nigosian, 2004-10-29 Nigosian explores the diverse literary antecedents of the Old Testament as well as the Apocrypha books excluded from the canonical Hebrew text but included in the Septuagint

The Formation of the Biblical Canon: Volume 1 Lee Martin McDonald, 2017-01-26 Lee Martin McDonald provides a magisterial overview of the development of the biblical canon the emergence of the list of individual texts that constitutes the Christian bible In these two volumes in sum more than double the length of his previous works McDonald presents his most in depth overview to date McDonald shows students and researchers how the list of texts that constitute the bible was once far more fluid than it is today and guides readers through the minefield of different texts different versions and the different lists of texts considered canonical that abounded in antiquity Questions of the origin and transmission of texts are introduced as well as consideration of innovations in the presentation of texts collections of documents archaeological finds and Church councils In this first volume McDonald reexamines issues of canon formation once considered settled and sets the range of texts that make up the Hebrew Bible or Old Testament in their broader context Each individual text is discussed as are the cultural political and historical situations surrounding them The second volume considers the New Testament and the range of so called apocryphal gospels that were written in early centuries and used by many Christian groups before the canon was closed Also included are comprehensive appendices which show various canon lists for both Old and New Testaments and for the bible as a whole

Forgotten Scriptures Lee Martin McDonald, 2009-01-01 The early Christian church had a variety of Scriptures and other source material that informed their faith and shaped their thinking But after a few centuries the church decided to keep the twenty seven books of our present New Testament and to treat them as a canonical in faith and practice But what of the other books Many of them have survived and remain valuable for understanding the diversity of the early Christian church and the astounding claims of faith on which it was founded Learning about these ancient documents need not threaten the church's current orthodoxy and authority in fact learning about these texts can help today's Christians form a deeper understanding of the early church

The Sacred Books and Early Literature of the East Charles Francis Horne, 1917

Holy Writings, Sacred Text John Barton, 1998-01-01 An internationally respected biblical scholar investigates the origins of the Christian canon John Barton explores the reasons behind the development of the New Testament and pursues the historical factors involved in combining these books with the Hebrew Scriptures

Middle Eastern Founders of Religion Solomon Nigosian, 2015-08-01 This book presents an academic introduction to the life and teachings of five Middle Eastern founders of religion five individuals whose systems of faith thought and action have won the allegiance of millions All believed to have experienced a personal encounter with the divine a voice directly from the beyond to proclaim God's message to the community or people to which they belonged All attracted followers and opponents Similarities in their religious outlook abound but differences between the five pervade their approach toward society and

culture with issues of law war women morality ethics the kingdom of God life after death and eternal judgment distinguishing their respective beliefs An Introduction provides an overview of the political history of the Middle East based on four periods Early Persian Hellenistic and Roman and a brief description of the surviving religious traditions of the Middle East including a proposal regarding the nature of so called selected individuals Five chapter texts separately address each religious founder from the viewpoint of readers from the Judaic and Christian traditions in terms of the religious world into which each individual appeared the traditional account as presented by available sources or evidences the reliability of the available sources or evidences for reconstructing their biographies and a critical assessment of both the sources or evidences and the traditional account A concluding chapter compares the similarities and differences of the received divine messages and notes that no new message has ever succeeded in shaking off entirely the influence of the faith from which it arose The work has been specifically designed for student adoption in Religious Studies

Sacred Languages and Sacred Texts

John Sawyer,2012-10-02 Sacred Languages and Sacred Texts is the first comprehensive study of the role of languages and texts in the religions of the Greco Roman world including Judaism and Christianity It explores bilingualism language learning literacy book production and translation as well as some of the more explicitly religious factors including beliefs about language missionary zeal ritual conservatism and the power of a priestly establishment Sacred Languages and Sacred Texts sheds new light on the role of the power of words spoken and written in religion

Reading the Sacred Scriptures Fiachra

Long,Siobhán Dowling Long,2017-07-14 Reading the Sacred Scriptures From Oral Tradition to Written Documents and their Reception examines how the scriptures came to be written and how their authority has been constructed and reinforced over time Highlighting the measures taken to safeguard the stability of oral accounts this book demonstrates the care of religious communities to maintain with reverence their assembled parchments and scrolls Written by leading experts in their fields this collection chronicles the development of the scriptures from oral tradition to written documents and their reception It features notable essays on the scriptures of Hinduism Judaism Buddhism Zoroastrianism Confucianism Daoism Christianity Islam Sikhism Shinto and Baha i This book will fascinate anyone interested in the belief systems of the featured religions It offers an ideal starting point from which undergraduate and postgraduate religious studies students teachers and lecturers can explore religious traditions from their historical beginnings

'Noncanonical' Religious Texts in Early Judaism and

Early Christianity Lee Martin McDonald,James H. Charlesworth,2012-04-05 Discusses ancient religious texts especially the

so called non canonical texts by focusing on how they were used or functioned in Early Judaism and Early Christianity

Ancient Texts And Mormonsim Discovering the Roots of the Eternal Gospel in Ancient Israel and the Primitive Church Volume 1 Third Revised and Enlarged Edition Dr. Eugene Seaich,2016-10-19 Showing that Mormonism is a

genuine restoration of Primitive Christianity To demonstrate to Latter Day Saints that Mormonism is what it exactly what it claims to be a genuine restoration of the Gospel Mormonism is an genuine restoration of the Gospel as it was taught by disciples of the Primitive Church This is important because through out the world Mormonism is labeled as a non scriptural non Christian cult which departs in alarming in alarming ways from the traditional concepts of the bible The claim that Mormonism is a cult and not a Christian religion is based on the fact that Mormonism accepts none of the traditional creeds of orthodoxy The chief difficulty with this assessment is that so called orthodoxy never existed before the fourth or fifth centuries until the Church s original teachings had been radically altered by Greek informed metaphysical concepts bearing little relationship to the thought of the earliest Christians *Does It Matter Who Wrote the Bible?* David B.

Capes,2025-05-20 Students in seminary or graduate theology programs learn that some books in the Bible are anonymous Their professors will make the point that many Pauline letters have disputed authorship and may in fact not be written by Paul Students will also learn about the practice of pseudonymity in the world of the Bible and how some Gospels or letters are written under a false name Now for those who become pastors or church leaders what are they to do with what they learn Do they teach their congregants about these authorship questions Do they ignore that part of their training as irrelevant to the task Do they avoid teaching or reading publicly from disputed books Do these questions not matter in the end because the church settled on the canon This book aims to address these pastoral challenges An international group of scholars from universities seminaries and graduate theology programs convened to discuss these matters at the Lanier Theological Library in May 2022 These essays represent how many faculty are wrestling with the pastoral implications of anonymity and pseudonymity in the New Testament **The Sunday School Journal** ,1901 Catalogue of the Printed Books in the Library of the University of Edinburgh Edinburgh University Library,1918 The Holy Bible: Containing the Sacred Text of the Old and New Testaments ,1785
