From Enmity To Equality:

Democracy and Possessive Individualism Joseph H. Carens, 1993-09-14 C B Macpherson was one of the leading political theorists in North America and perhaps the most influential voice on the left for a view of liberal democracy that was simultaneously sympathetic to its aspirations and critical of its achievements His work provides the contributors to this volume with a common starting point from which to reflect upon the possibilities for critical perspectives on liberal democracy in light of the demise of its Marxist rival The volume as a whole addresses the following questions What if anything remains valid in previous left critiques of liberal democracy including Marxist critiques And what new critical and constructive alternatives can the left offer to challenge the status quo The contributors to this volume from both the Anglo American and Continental traditions include Joseph Carens William Connolly Virginia Held John Keane Ernesto Laclau William Leiss Jane Mansbridge Louise Marcolin Lacoste Mihailo Markovic Chantal Mouffe Nancy Rosenblum and James Tully

Politics As Friendship Horst Hutter, 1979-02-12 Hutter's study explores the origins of classical conceptions of politics in the theory and practice of friendship in ancient Greece It analyzes ancient Greek society as one in which political space was organized in terms of the metaphor of friendship Tracing the importance of male friendship groupings in Greek society and comparing them to similar formations in primitive societies known to us through anthropological data it shows how political processes were conceived as friendship processes and demonstrates how important friendship groupings were for these processes Greek political philosophies are seen as universalizations of the principles of friendship Hutter shows to what extent Platonism and Aristotelianism as well as Stoicism received their inspiration from the practice of friendship In particular the theory and practice of Greek democracy are seen to be derived from the principles of friendship Finally the book shows the application of Greek theories of friendship to Roman society by Cicero Noting the differences and similarities between Greece and Rome it explores the redefinition that the theory of friendship underwent when applied to the Roman context The concluding chapter briefly discusses the role of friendship in mass society and its politics *Aristotle on*

Political Enmity and Disease Kostas Kalimtzis, 2000-11-02 Explores Aristotle's theory of the causes that give rise to stasis civic disorder and provides an original and systematic account of his understanding of political justice and friendship

Aristotle and the Ethics of Difference, Friendship, and Equality Zoli Filotas, 2021-08-12 Connecting several strands of Aristotle's thought Zoli Filotas sheds light on one of the axioms of Aristotle's ethics and political philosophy that every community has a ruler and demonstrates its relevance to his ideas on personal relationships Aristotle and the Ethics of Difference Friendship and Equality reveals a pluralistic theory of rule in Aristotle's thought tracing it through his corpus and situating it in a discussion among such figures as Gorgias Xenophon and Plato Considering the similarities and differences among various forms of rule Filotas shows that for Aristotle even virtuous friends must exercise a version of rule akin to that of slaveholders He also explores why Aristotle distinguishes the hierarchical rule over women from both the mastery of slaves

and the political rule exercised by free and equal citizens In doing so he argues that natural and social differences among human beings play a complex and troubling role in Aristotle s reasoning Illuminating and thought provoking this book reveals Aristotle s ambivalence about political relations and the equal treatment they involve and offers an engaging inquiry into how he understood the common structures of human relationships **Law, Violence, and Community in Classical Athens**

Besant,1882 **The Restorative Justice Ritual** Lindsey Pointer,2020-12-23 Restorative justice is an innovative approach to responding to crime and conflict that shifts the focus away from laws and punishment to instead consider the harm caused and what is needed to repair that harm and make things right Interest in restorative justice is rapidly expanding with new applications continuously emerging around the world The restorative philosophy and conference process have shown great promise in providing a justice response that heals individuals and strengthens the community Still a few key questions remain unanswered First how is the personal and relational transformation apparent in the restorative justice process achieved What can be done to safeguard and enhance that effectiveness Second can restorative justice satisfy the wider public s need for a reaffirmation of communal norms following a crime particularly in comparison to the criminal trial And finally given its primary focus on making amends at an interpersonal level does restorative justice routinely fail to address

larger structural injustices This book engages with these three critical questions through an understanding of restorative justice as a ritual It proffers three dominant ritual functions related to the performance of justice the normative the transformative and the proleptic Two justice rituals namely the criminal trial and the restorative justice conference are examined through this framework in order to understand how each process fulfills or fails to fulfill the multifaceted human need for justice The book will be of interest to students academics and practitioners working in the areas of Restorative Justice Criminal Law and Criminology A.W.
