## **Futuh Alhabasha The Conquest Of Abyssinia:**

**The Conquest of Abyssinia** Shihāb al-Dīn Aḥmad ibn ‘Abd al-Qādir ‘Arabfaḳīh, Richard Pankhurst, 2003 Sihab ad Din Ahmad bin Abd al Qader s account of the early sixteenth century Jihad or holywar in Ethiopia of Imam Ahmad bin Ibrahim better known as Ahmad Gran or the Left handed is an historical classic The Yamani author was an eyewitness of several of the battles he describes and is an invaluable source His book which is full of human and at times tragic drama makes a major contribution to our knowledge of a crucially important period in the hisoty of Ethiopia and Horn of Africa Futuh al Habasa or Conquest of Abyssinia which undoubtedly reflects the situation as it seemed to its Yamani author at the time of its composition The forces of Imam Ahmad bin Ibrahim had occupied the greater part of Ethiopia The resistance of Emperor Lebna Dengel had virtually come to an end and many Christians had chosen to convert to Islam The victorious Imam s regime seemed there to stay This was however far from the end of the story The Imam was killed in battle on February 21 1543 whereupon his army almost immediately disintegrated Those of his soldiers who could do so made their way back to the East Not a few Muslim converts reverted to their former faith The Futuh thus refers to a relatively short though crucially important period in Ethiopia s long history The book is nevertheless valuable in that its author was an eye witness of many of the events he describes and writes as far as we can judge with a degree of objectivity rare for his time What people say about this book This book is the first ever complete English translation of the Arabic account on the campaigns of Imam Ahmad b Ibrahim al Ghazi popularly known as Gran as written by the Yemeni jurist Shihab al din Ahmad b Abd al Qadir b Salim b Uthman also known as Arab Faḳīh it is a welcome addition to the rich corpus of Arabic literary and historical sources relevant to the sixteenth century Ethiopia and the Horn It is particularly useful for English speaking researchers and established scholars who cannot read either the Arabic text or the authoritative French translation prepared by Rene Basset both Stenhouse and Pankhurst and the publisher deserve high commendation respectively for producing such a valuable work that represents a major contribution to the history of Ethiopia and the Horn and for making it available to the wider English speaking readership and scholarship Hussein Ahmed is a Professor of History at Addis Ababa University He is a leading historian of Islam in Ethiopia In the history of conflict in Africa and beyond few stories of drama and human tragedy equal Imama Ahmad s conquest of the Christian kingdom of Ethiopia 1529 1543 His short lived spectacular victories and determination to replace Christianity by Islam and the remarkable survival of Christianity in Ethiopia is a story of epic proportions which still generates strong emotion among both the Christian and the Muslim population of Ethiopia In other words Imam Ahmad s jihadic war besides being legendary was a major turning point This is truly a wonderful work which is destined to remain an indispensable source for the history of Ethiopia and the Horn of Africa during the first half of the tumultuous sixteenth century Anyone interested in understanding the intensity and brutality of religious war will be rewarded by reading this classic Mohammed Hassen is an Associate Professor of African history at Georgia State University

Jewish son of Solomon and the Queen of Sheba Are the legends true Or is this story a monumental deception Is there any real proof or is it the faith of a people alone that has created this Ark From ancient texts to local stories from the Bible to the writings of sixteenth and seventeenth century Jesuits Stuart Munro Hay traces the extraordinary legend of Ethiopia's Ark in what is a triumph of historical detective work Munro Hay scrutinises every mention of the Ark in Ethiopian records and tests every theory before he reaches his shocking conclusion The Quest for the Ark of the Covenant promises to settle the mystery of the Ark of the Covenant for once and for all *Pedro Páez's History of Ethiopia, 1622 / Volume II* Isabel Boavida, Hervé Pennec, Manuel João Ramos, 2020-04-28 This book in two volumes contains an annotated English translation of the *História da Etiópia* by the Spanish Jesuit missionary priest Pedro Páez in Portuguese 1564-1622 who worked in the Portuguese padroado missions first in India and then in Ethiopia long thought to be the kingdom of the legendary Prester John His history of Ethiopia was written in Portuguese in the last ten years of his life and survives in only two manuscripts The translation by Christopher J Tribe is based on the new critical edition of the Portuguese text by Isabel Boavida Hervé Pennec and Manuel João Ramos which was published in Lisbon in 2008 They are also the editors of this English version The History of Ethiopia is an essential source for several areas of study from the history of the Catholic missions in that country and the relations between the European religious orders to the history of art and religions from the history of geographical exploration to the ideological contextualization of the Ethiopian kingdom from material culture to Abyssinian political and territorial administration and from an analysis of local circumstances to changes in human ecology in the Horn of Africa and the Indian Ocean It is a repository of empirical knowledge on the political geography religion customs flora and fauna of Ethiopia It combines travel narrative with a historico-ethnographic monograph and is a chronicle of the activities of Jesuit missionaries in their Ethiopian mission It also reworks a wide variety of documents including the first translations into a European language of a number of Ethiopian literary texts from royal chronicles to hagiographies It complements other early accounts of Ethiopia by Ludovico de Varthema Francisco Alvares Castanhoso Bermudez Arnold von Harff Manoel de Almeida Bahrey Alessandro Zorzi Jerônimo Lobo and Václav Prutky all published by The Hakluyt Society

**Sanctity and Environment in Ethiopian Hagiography** Abate Gobena, 2023-10-04 The original forests of the central and northern highlands of Ethiopia are almost entirely confined to the sacred groves surrounding the churches and monasteries of the Ethiopian Orthodox Tewahido Church In Ethiopian tradition sanctity starts from the Tabot on the altar of the church and extends to the outer periphery of the compound Church forests serve as shade and shelter for the sacred and are seen as integral parts of the churchyard The Act of Gebre Menfes Qiddus GGMQ is an original Ethiopic hagiographic text It depicts the life and struggle of the saint in the wilderness of forests and mountains Hagiographic texts like GGMQ are in Ethiopia not mere historical records but texts linked to the daily liturgical services that shape and mould the perceptions and actions of their readers and listeners The aim of the thesis is to analyse how GGMQ presents the relation between the saint and the

natural environment in order to see if there is a correlation with how the Ethiopian tradition has preserved the church forests and has considered these to be sacred spaces representing the wilderness The aim is achieved through a close reading of the text and its intertexts using four selected themes as analytical instruments ascetic estrangement coexistence with non human creation identification with the angels and reconciliation of opposites The analysis and the fact that the GGMQ is one of the most venerated texts read and heard with great liturgical solemnity show that there are good reasons to believe that the constant reading of GGMQ has made and makes a significant impact upon the readers views on the mutual co habitation of human and non human creation and the development of an awareness of the need to preserve the wilderness and non human creation
