Russell, 1979-01-01 How should men and women and God relate to one another Letty Russell's answer is partnership understood in new ways as a relationship rooted in the life story of Jesus Instead of concentrating on individuals as single entities she develops the theme of the individual in partnership both with God and with Others She deals with the theological foundations of partnership and such practical concerns as lifestyles human sexuality education church community life and ministry Her book speaks to the interests of churchwomen feminists students of theology and the many who have studied her other books

The NATO Summit and the Future of European Security United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe and the Middle East, 1994 Once and Future Partners William C. Potter, Sarah Bidgood, 2018-10-09 Despite their Cold War rivalry the United States and the Soviet Union frequently engaged in joint efforts to prevent the spread of nuclear weapons Leaders in Washington and Moscow recognized that nuclear proliferation would serve neither country's interests even when they did not see eye to eye in many other areas They likewise understood why collaboration in mitigating this nuclear danger would serve both their own interests and those of the international community This volume examines seven little known examples of US Soviet cooperation for non proliferation including preventing South Africa from conducting a nuclear test developing international safeguards and export control guidelines and negotiating a draft convention banning radiological weapons It uses declassified and recently digitized archival material to explore in depth the motivations for and modalities for cooperation under often adverse political circumstances Given the current disintegration of Russian and US relations including in the nuclear sphere this history is especially worthy of review Accordingly the volume's final chapter is devoted to discussing how non proliferation lessons from the past can be applied today in areas most in need of US Russian cooperation
