Future Of Religious Orders In The United States Transformation And Commitment:

The Future of Religious Orders in the United States David Nygren, Miriam D. Ukeritis, 1993-11-30 For religious orders to continue as a vital force in the Catholic Church in the United States and in the world they must change in dramatic and significant ways Fidelity to the mission of the founder and responsiveness to critical and unmet human needs are fundamental to the ongoing mission of religious orders New forms of poverty and the genuine opportunity to serve new and emerging groups of those most in need certainly challenge the ability of any single group to respond in today's world Since the Second Vatican Council the changes in the Roman Catholic Church in the United States have effected the way members of religious orders live and work more thoroughly than any other single population According to National Catholic Reporter this comprehensive three year study which was funded by Lilly Endowment Inc is one of the most significant occurrences within the Catholic Church since that Council was convened almost 30 years ago The Evolution of a Vow Judith Schaefer, 2009 For centuries the vow of obedience has been at the heart of religious life With the renewal efforts of Vatican II the vow has been dramatically restructured but not theologically re-envisioned The Evolution of a Vow Obedience as Decision Making in Communion addresses the changes in the vow and proposes a renewed theology that supports the living out of obedience in the twenty first century Obedience in communion as a theological proposal invites vowed religious to create a pattern of limitless listening that everywhere seeks the call of God to communion Against the horizon of communion obedience becomes the singular thread of grace by which vowed religious become who they are called to be **Handbook of Research on Catholic Higher Education** Kendall Hunt, Ellis A. Joseph, Ronald J. Nuzzi, John O. Geiger, 2003-08-01 The Handbook of Research on Catholic Higher Education provides an important and timely overview for scholars and students interested in understanding this important sector of private higher education More importantly it is an important resource for those faculty staff and administrators interested in shaping the distinctiveness of Catholic colleges and universities The Handbook provides chapters presenting a thematic overview of a particular element of Catholic higher education and in addition provides an extensive bibliography resource of further reading While some of the chapters will appeal to those with specialized interests e.g. legal affairs finance and community relations the chapters on mission and religious identity history and the documents on Catholic higher education provide an important perspective on the challenges facing Catholic higher education and should be read by everyone involved in Catholic colleges and universities The Handbook of Research on Catholic Higher Education is an important resource for understanding and shaping the distinctiveness of Catholic higher education *Religious Life in a New Millennium Volume One* Sandra M. Schneiders, I.H.M., **Apostolic Religious Life in America Today** Richard Gribble, 2011-08-17 Apostolic religious life in the United States today is in a state of crisis Signs of this situation are readily apparent and well known to all who practice Roman Catholicism The significant decline in the number of priests and religious and fewer vocations to religious congregations have produced a severe blow to formerly

active apostolates and brought grave concern for the future of these ministries While the reasons for this present situation are complex interpretation of the documents of Vatican II is clearly one very important factor Scholars hold two basic interpretations of the Council the hermeneutic of rupture sees the Council as a revolution which placed the Church on a completely new trajectory A second hermeneutic however views the Council as reform with continuity While most literature to date has analyzed the hermeneutic of rupture and the consequent transformation of apostolic religious life this book describes the opposite position Divided into two parts this volume first presents an analysis of the problem and secondly a solution to place apostolic religious life on a positive trajectory in the 21st century The first section of this book describes how the hermeneutic of rupture is an incorrect reading of Vatican II Rather the Council in addressing numerous issues did not break from the past but rather sought to understand Church teaching in more contemporary ways but with continuity to the Tradition Essays in this section describe this misreading of Vatican II the consequent misunderstanding of the evangelical counsels and the rejection of religious signs The second section through an analysis of the writings of Hans Urs von Balthasar Basile Moreau Pope Benedict XVI and a reflection on *Perfectae Caritatis* provides a solution of Christian love as the operative way to reform apostolic religious life today

ABOUT THE EDITOR Richard Gribble C S C is professor of religious studies at Stonehill College He has written four critical biographies including *American Apostle of the Family* *Rosary The Life of Patrick J Peyton* C S C and *An Archbishop for the People The Life of Edward J Hanna* He is a frequent contributor to many journals including *The Catholic Historical Review* *American Catholic Studies* and the *Journal of Church and State*

PRAISE FOR THE BOOK This book is a true service to those seeking to understand consecrated apostolic life whether they are themselves members of religious orders and congregations or are among those who love the vocation esteem religious Sisters and desire that this calling be strengthened in the Church

Francis Cardinal George O M I Archbishop of Chicago Finally a book that explains why some attempts of religious congregations to renew themselves after Vatican II succeeded and why so many failed Understanding the radical nature of what the vows really require of a religious community is no small achievement The vision of religious consecration set forth in these essays will be a fine road map for the many new groups springing up out of a desire to serve Christ and the Church

Joseph W Koterski S J Professor of Philosophy Fordham University Without a doubt religious life in America today is at a turning point We are well aware of the factors that have brought us to this moment The more interesting and important question is where do we go from here Some have predicted the death of consecrated life as we know it while others have anticipated renewal and re birth This volume indeed views all of religious life in the continuum of the Lord s Paschal Mystery death and resurrection but gives us hope that the call to follow the Lord through the evangelical counsels is far from its predicted end

in the United States **International Encyclopedia of Civil Society** Helmut K. Anheier, Stefan Toepler, 2009-11-24 Recently the topic of civil society has generated a wave of interest and a wealth of new information Until now no publication has attempted to organize and consolidate this knowledge The International Encyclopedia of Civil Society fills this gap establishing a common set of understandings and terminology and an analytical starting point for future research Global in scope and authoritative in content the Encyclopedia offers succinct summaries of core concepts and theories definitions of terms biographical entries on important figures and organizational profiles In addition it serves as a reliable and up to date guide to additional sources of information In sum the Encyclopedia provides an overview of the contours of civil society social capital philanthropy and nonprofits across cultures and historical periods For researchers in nonprofit and civil society studies political science economics management and social enterprise this is the most systematic appraisal of a rapidly growing field *From Piety to Professionalism--and Back?* Patricia Wittberg, 2006-01-01 From Piety to Professionalism D and Back argues that the dissolution ties with institutions has greatly affected denominations especially specific denominational subgroups such as Catholic religious orders Protestant deaconesses or women s missionary societies D in profoundly important ways shifting or obliterating their recruitment bases altering the backgrounds and expectations of their leaders and often causing fundamental transformations in the very identity and culture of the groups themselves *The Vision of John Paul II* Gerard Mannion, 2008 The Vision of John Paul II assesses the writings work and ecclesial Vision of this long serving pontiff Moving beyond the scope of so many other books on John Paul II this volume seeks to fill a gap by focusing on his lasting influence on pressing issues facing the church today social justice women s roles collegiality ecumenism and interreligious dialogue Readers will appreciate the contributions of internationally known and respected scholars Michael Walsh Ronald Modras Paul McPartlan Gerard Mannion Judith Merkle Jim Voiss Charles E Curran Mario I Aguilar Susan Rakoczy Paul Lakeland Gemma Simmonds Raymond G Helmick Peter Phan This accessibly written volume allows readers to engage with a variety of viewpoints and to understand the ways in which the legacy of John Paul II continues to impact today s church **History of North American Benedictine Women** Laura Swan, 2001 A much needed research and reference bibliography for all who are interested in the history of Benedictine Women in North America Those interested in Benedictine spirituality liturgy and prayer will find useful resources here as well **Priesthood in Religious Life** Stephen Bevans, Robin Ryan, 2018-09-27 This is the first book in English on priesthood in religious life to be published in twenty years Its fourteen contributors search for new ways forward in the understanding of the distinct identity and ministry of religious men committed to community the prophetic lifestyle of vows or promises and the particular charisms of their congregations who have also answered the call to priesthood Essays in this collection include reflections from a bishop from the perspective of a lay theologian from an expert in the social sciences and on Pope Francis s teachings on priesthood Included as well are essays that are rooted in particular cultural traditions in spirituality and in canon law **A Concert of**

Charisms Paul Kevin Hennessy, 1997 Essays that take various approaches to the tensions that have arisen since Vatican II concerning the original mission and charisms of a religious order and today's actual situations of living within a parish

New Faces, New Possibilities Center for Applied Research in the Apostolate (CARA), 2022-05-14 Religious sisters have created educational and healthcare systems over the past two hundred years that have transformed the Catholic community in the United States Through their ministry sisters have served waves of immigrants and those pushed to the margins The growing cultural diversity of newer sisters and the diminishing number of older sisters therefore is both a challenge and a creative moment to be critically examined This book examines these changes in culture and ethnicity among sisters the structural impact of diminishing numbers and the creative response to this new reality for religious life in the United States In it sisters from a variety of generations cultures and institutes join with the Center for Applied Research in the Apostolate CARA researchers to examine and reflect on CARA's recent research findings and their impact on the life and ministry of sisters today

Music and Identity in Twenty-First-Century Monasticism Amanda J. Haste, 2023-10-20 Twenty first century monastic communities represent unique social environments in which music plays an integral part This book examines the role of music in Catholic Anglican Episcopalian and neo monastic communities in Britain and North America engaging closely with communities of practice to provide a penetrating insight into the role of music in self care and as a vector for identity construction on both individual and community levels The author explores the essential role of music in community dynamics the rationale for using instruments the implications of both chant based and freestyle composition gender related differences in musical activity the role of dance music made visible in community life the commodification of monastic music the Singing Nun phenomenon and the role of music in established and emerging neo monastic communities The result is a comprehensive and compelling study of the agency of music in the construction and expression of personal and community identity

Double Crossed Kenneth Briggs, 2007-12-18 This groundbreaking exposé of the mistreatment of nuns by the Catholic Church reveals a history of unfulfilled promises misuse of clerical power and a devastating failure to recognize the singular contributions of these religious women The Roman Catholic Church in America has lost nearly 100 000 religious sisters in the last forty years a much greater loss than the priesthood While the explanation is partly cultural contemporary women have more choices in work and life Kenneth Briggs contends that the rapid disappearance of convents can be traced directly to the Church's betrayal of the promises of reform made by the Second Vatican Council In *Double Crossed* Briggs documents the pattern of marginalization and exploitation that has reduced nuns to second even third class citizens within the Catholic Church America's religious sisters were remarkable adventurous women They educated children managed health care of the sick and reached out to the poor and homeless They went to universities and into executive chairs Their efforts and successes however brought little appreciation from the Church which demeaned their roles deprived them of power and placed them under the absolute authority of the all male clergy Replete with quotations from nuns and

former nuns *Double Crossed* uncovers a dark secret at the heart of the Catholic Church Their voices and Briggs's research provide compelling insights into why the number of religious sisters has declined so precipitously in recent decades and why unless reforms are introduced nuns may vanish forever in America *The General Chapter in a Religious Institute* Elizabeth M. Cotter, 2008 This book examines the historical antecedents of the concept of general chapter the supreme authority in an institute of consecrated life This provides the basis for an examination of the contemporary understanding of the nature of its power and authority as portrayed in the 1983 Code of Canon Law The general chapter is analysed in terms of its juridic status collegial nature participative character and representative function as well as its dynamic aspects and faith dimension The author applies the findings to one institute of consecrated life Institute of the Blessed Virgin Mary Loreto Branch This application provides an example of the challenges inherent in working participatively and collaboratively within a hierarchical structure Because consecrated life has an inalienable ecclesial dimension understanding authority and power and their exercise in institutes of consecrated life has relevance for understanding authority and its exercise in other organs of authority at all levels in the church **The Heavens Are Telling the Glory of God** Laurie Brink, 2022-02-05 2023 Catholic Media Association First Place Award Faith and Science Building on the work of Teilhard de Chardin the New Cosmology integrates scientific facts and theories including discoveries about the expanding universe and evolution and proposes that creation is developing into greater complexity But how are we to understand concepts like original sin and redemption if creation isn't complete and humanity is still in process How does one retrofit religious tradition and Scripture into this scenario Is there room for the historical Jesus in the New Cosmology While a ready concern for all Christians this question has unique implications for women religious whose lives are centered on the person and mission of Jesus Christ How is a Catholic sister to understand her vows of poverty chastity and obedience in light of a cosmology in which the need for redemption and the role of Jesus are significantly redefined *The Heavens Are Telling the Glory of God* probes these questions and offers possible answers Beginning with the experiences of women religious and their encounter with the New Cosmology or Universe Story this book seeks to mediate among the various perspectives and proposes how informed and reflective engagement with science tradition and theology can bridge the generational divides and foster a spirituality that is both emergent and incarnational Access to online discussion and reflection questions is included **Finding the Treasure** Sandra Marie Schneiders, 2000 Sandra Schneiders brilliant and perceptive analysis projects a new model of religious life Deeply exciting and genuinely consoling from back cover *Encyclopedia of Monasticism* William M. Johnston, 2013-12-04 The two volume *Encyclopedia of Monasticism* describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e.g. art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain

countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture Catholics in England 1950-2000 Michael Hornsby-Smith, 1999-12-01 The year 2000 marks the 150th anniversary of the restoration of the Roman Catholic hierarchy of England and Wales following the post Reformation penal times The centenary in 1950 was celebrated with much reflection but what has happened in the momentous half century since which has witnessed the transformation of the Second Vatican Council The book includes Historical perspectives of the period Testimonies by key participants in post war institutional Catholicism including the Papal Commission on Birth Control World Congresses of the Laity in Rome and a variety of experiences in Catholic organizations and public life Empirical studies of English Catholicism from sociological perspectives Concluding reflections and prospects for the new millennium
