Lee,2022-04-26 Reveals the legacy of the train as a critical site of race in the United States Despite the seeming supremacy of car culture in the United States the train has long been and continues to be a potent symbol of American exceptionalism ingenuity and vastness For almost two centuries the train has served as the literal and symbolic vehicle for American national identity manifest destiny and imperial ambitions It s no surprise then that the train continues to endure in depictions across literature film ad music The Racial Railroad highlights the surprisingly central role that the railroad has played and continues to play in the formation and perception of racial identity and difference in the United States Julia H Lee argues that the train is frequently used as the setting for stories of race because it operates across multiple registers and scales of experience and meaning both as an invocation of and a depository for all manner of social historical and political narratives Lee demonstrates how through legacies of racialized labor and disenfranchisement from the Chinese American construction of the Transcontinental Railroad and the depictions of Native Americans in landscape and advertising to the underground railroad and Jim Crow segregation the train becomes one of the exemplary spaces through which American cultural works explore questions of racial subjectivity community and conflict By considering the train through various lenses The Racial Railroad tracks how racial formations and conflicts are constituted in significant and contradictory ways by the spaces in which they occur *Jazz and Ragtime Records (1897-1942): L-Z, index* Brian Rust,2002 **A Blues Bibliography** Robert Ford,2008-03-31 A Blues Bibliography Second Edition is a revised and enlarged version of the definitive blues bibliography first published in 1999 Material previously omitted from the first edition has now been included and the bibliography has been expanded to include works published since then In addition to biographical references this work includes entries on the history and background of the blues instruments record labels reference sources regional variations and lyric transcriptions and musical analysis The Blues Bibliography is an invaluable guide to the enthusiastic market among libraries specializing in music and African American culture and among individual blues scholars Frisco Blues Eugene Mendonsa,2016-08-12 Another great detective mystery from the San Francisco Marlon Mendes who works with the FBI and the San Francisco Police Department to fight crime in the city you are not supposed to call Frisco *Long Steel Rail* Norm Cohen,2000 Impeccable scholarship and lavish illustration mark this landmark study of American railroad folksong Norm Cohen provides a sweeping discussion of the human aspects of railroad history railroad folklore and the evolution of the American folksong The heart of the book is a detailed analysis of eighty five songs from John Henry and The Wabash Cannonball to Hell Bound Train and Casey Jones with their music sources history variations and discographies A substantial new introduction updates this edition *Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... Martin Winfree,2025-02-12 The hundreds of albums that I salvaged from Hurricane Katrina are gradually being passed along to a friend and the paragraphs that I gave him along with the first 399 LPs provide the genesis for Capsule Overviews of Favorite Albums I have written the stories behind the albums and the recording artists along with commentary on particular songs and other works by the same recording artists My goal is to flesh out information on the greatest music ever recorded particularly for younger people who didn't grow up with these records While not comprehensive the sections in the book give a good overview of the rock music scene over the past half century or so along with musicians in other genres that appeal to me [The New Rolling Stone Album Guide](#) Nathan Brackett,Christian David Hoard,2004 Publisher Description **Black Recording Artists, 1877-1926** ,2013-01-03 This annotated discography covers the first 50 years of audio recordings by black artists in chronological order music made in the acoustic era of recording technology The book has cross referenced bibliographical information on recording sessions including audio sources for extant material and appendices on field recordings Caribbean Mexican and South American recordings piano rolls performed by black artists and a filmography detailing the visual record of black performing artists from the period Indexes contain all featured artists titles recorded and labels *Vagabonds, Tramps, and Hobos* Owen Clayton,2023-08-10 This book explores the diversity of meanings that accrue around the terms hobo tramp and vagabond *All Shook Up* Glenn C. Altschuler,2003-08-07 The birth of rock n roll ignited a firestorm of controversy one critic called it musical riots put to a switchblade beat but if it generated much sound and fury what if anything did it signify As Glenn Altschuler reveals in *All Shook Up* the rise of rock n roll and the outraged reception to it in fact can tell us a lot about the values of the United States in the 1950s a decade that saw a great struggle for the control of popular culture Altschuler shows in particular how rock's switchblade beat opened up wide fissures in American society along the fault lines of family sexuality and race For instance the birth of rock coincided with the Civil Rights movement and brought race music into many white homes for the first time Elvis freely credited blacks with originating the music he sang and some of the great early rockers were African American most notably Little Richard and Chuck Berry In addition rock celebrated romance and sex rattled the reticent by pushing sexuality into the public arena and mocked deferred gratification and the obsession with work of men in gray flannel suits And it delighted in the separate world of the teenager and deepened the divide between the generations helping teenagers differentiate themselves from others Altschuler includes vivid biographical sketches of the great rock n rollers including Elvis Presley Fats Domino Chuck Berry Little Richard Jerry Lee Lewis and Buddy Holly plus their white bread doppelgangers such as Pat Boone Rock n roll seemed to be everywhere during the decade exhilarating influential and an outrage to those Americans intent on wishing away all forms of dissent and conflict As vibrant as the music itself *All Shook Up* reveals how rock n roll challenged and changed American culture and laid the foundation for the social upheaval of the sixties **Just Remember This** Colin Bratkovich,2014-05-08 I have completed this

manuscript Just Remember This or as American Pop Singers 1900 1950 about music before the 1950s in America It perhaps offers knowledge and insights not previously found in other musical reference books I have moreover been working on this book very meticulously over the past twelve plus years It started as a bit of fun and gradually became serious as I began to listen along with the vocalists of popular music of the era before 1950 essentially just before the dawn of rock and roll If you can call it that Indeed genre and labeling of American music started here and then from everywhere While the old adage of always starting from somewhere could be noted in every century the 1900s had produced the technology Understanding the necessity more so finds a curiosity on the part of a general public hungry for entertainment despite 6 day work weeks World War I the Great Depression and World War II *The Green Book, Vol. 1* Raymond McNeil, 2024-01-15 About the Book THE GREEN BOOK VOL 1 The Intertwined Musical and Historical Journey by People of Color in America provides a comprehensive exploration of the music that occurred alongside some of American history s biggest events This impressive and extensive guide spans from 1380 until 1959 This book s purpose is to share illuminate and stick to the positive achievements of the people who ve helped to spread the message of music That will include all the musicians singers and lyricists who helped the fans to appreciate the various styles of music that we have today About the Author Raymond was a native of New York City and a product of schools in Brooklyn He worked in all three levels of government He has spent the past fifty five years gathering and exploring America s musical journey His primary motivation for writing this book was to seek out and amass a stream of verifiable truths He is a fan of most styles of music though he does struggle to find a love for hard rock and bluegrass at times McNeil s ultimate goal is to share his love of music and history and the ways in which they intertwine together throughout the years
