Vishnevetskiĭ, 2004 The questing experimenting and overstepping of stylistic moral and narrowly rational boundaries that characterized Russian modernist writing were frowned upon during most of the seven decades of Soviet rule Only since the late 1980s have readers had easy access to the literature memoirs and critical writings of the immediately pre Soviet period

**The Cambridge Companion to the Classic Russian Novel** Malcolm V. Jones, Robin Feuer Miller, 1998-04-30 Many Russian novels of the nineteenth and twentieth centuries have made a huge impact not only inside the boundaries of their own country but across the western world The Cambridge Companion to the Classic Russian Novel offers a thematic account of these novels in fourteen newly commissioned essays by prominent European and North American scholars There are chapters on the city the countryside politics satire religion psychology philosophy the romantic realist and modernist traditions and technique gender and theory In this context the work of Pushkin Dostoevsky Tolstoy

Turgenev Bulgakov Nabokov Pasternak and Solzhenitsyn among others is described and discussed There is a chronology and guide to further reading all quotations are in English This volume will be invaluable not only for students and scholars but for anyone interested in the Russian novel     **The Image of Christ in Russian Literature** John Givens,2018-05-29 Vladimir Nabokov complained about the number of Dostoevsky s characters sinning their way to Jesus In truth Christ is an elusive figure not only in Dostoevsky s novels but in Russian literature as a whole The rise of the historical critical method of biblical criticism in the nineteenth century and the growth of secularism it stimulated made an earnest affirmation of Jesus in literature highly problematic If they affirmed Jesus too directly writers paradoxically risked diminishing him either by deploying faith explanations that no longer persuade in an age of skepticism or by reducing Christ to a mere argument in an ideological dispute The writers at the heart of this study understood that to reimage Christ for their age they had to make him known through indirect even negative ways lest what they say about him be mistaken for cliché doctrine or naïve apologetics The Christology of Dostoevsky Leo Tolstoy Mikhail Bulgakov and Boris Pasternak is thus apophatic because they deploy negative formulations saying what God is not in their writings about Jesus Professions of atheism in Dostoevsky and Tolstoy s non divine Jesus are but separate negative paths toward truer discernment of Christ This first study in English of the image of Christ in Russian literature highlights the importance of apophaticism as a theological practice and a literary method in understanding the Russian Christ It also emphasizes the importance of skepticism in Russian literary attitudes toward Jesus on the part of writers whose private crucibles of doubt produced some of the most provocative and enduring images of Christ in world literature This important study will appeal to scholars and students of Orthodox Christianity and Russian literature as well as educated general readers interested in religion and nineteenth century Russian novels     The 20th Century Go-N Frank N. Magill,2014-03-05 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography     *Modern Drama in Theory and Practice: Volume 1, Realism and Naturalism* J. L. Styan,1981 This 1981 volume begins with the French revolt against naturalism in theatre and then covers the European realist movement     The Art of Compromise Boris Thomson,2001-01-01 Although the Russian novelist and playwright Leonid Leonov had published extensively before 1917 he considered that his literary career began only in 1922 with the short story Burya His talent developed rapidly in the comparatively free cultural climate of the first decade of the Revolution and by 1927 his characteristic style and themes were already formed It was in this year however that the Communist Party began to impose its demands on the artists and intellectuals Leonov s beliefs and values were

incompatible with the Soviet version of Marxism but he tried to affirm them indirectly in his work through structure imagery and allusion while outwardly conforming to official demands This manoeuvring inevitably led him into some questionable compromises which in turn damaged his reputation both at home and abroad Leonov himself was painfully conscious of the moral dilemmas involved and his later works return again and again to the question is it possible to compromise without being compromised There are fourteen chapters in the volume each devoted to one or more of Leonov s works setting the successive stages of his evolution against a background of changing cultural and political policies
