From Hitler To Pearl Harbor:

Hitler Attacks Pearl Harbor Richard F. Hill,2003 Hill theorizes that the diplomatic community opened the European theater to a full scale war on Germany because Hitler s pressure on his Japanese allies caused the Pearl Harbor attack

From Hitler to Pearl Harbor Richard E. Cragg,2003-08 **Hitler's American Gamble** Brendan Simms,Charlie Laderman,2023-04-18 An absorbing and visceral New York Times account of the five most crucial days in twentieth century diplomatic history from Pearl Harbor to Hitler s declaration of war on the United States By early December 1941 war had changed much of the world beyond recognition Nazi Germany occupied most of the European continent while in Asia the Second Sino Japanese War had turned China into a battleground But these conflicts were not yet inextricably linked and the United States remained at peace Hitler s American Gamble recounts the five days that upended everything December 7 to 11 Tracing developments in real time and backed by deep archival research historians Brendan Simms and Charlie Laderman show how Hitler s intervention was not the inexplicable decision of a man so bloodthirsty that he forgot all strategy but a calculated risk that can only be understood in a truly global context This book reveals how December 11 not Pearl Harbor was the real watershed that created a world war and transformed international history *Hitler's American Gamble* Brendan Simms,Charlie Laderman,2021-10-28 History at its scintillating best hard hitting revelatory and superbly researched Andrew Roberts author of Churchill Walking with Destiny A rare achievement sure to become an instant classic John Lewis Gaddis Yale University This gripping book dramatizes the extraordinarily compressed and terrifying period between the surprise Japanese attack on Pearl Harbor and Hitler s declaration of war on the United States These five days transformed much of the world and have shaped our own experience ever since Simms and Laderman s aim in the book is to show how this agonizing period had no inevitability about it and that innumerable outcomes were possible Key leaders around the world were taking decisions with often poor and confused information under overwhelming pressure and knowing that they could be facing personal and national disaster And yet there were also long standing assumptions that shaped these decisions both consciously and unconsciously Hitler s American Gamble is a superb work of history both as an explanation for the course taken by the Second World War and as a study in statecraft and political choices **German Foreign Intelligence from Hitler's War to the Cold War** Robert Hutchinson,2019-01-25 In the Allies post war analyses of the Nazis defeat the weakness and incompetence of the German intelligence services figured prominently And how could it have been otherwise when they worked at the whim of a regime in the grip of ignorant maniacs But what if Robert Hutchinson asks the worldviews of the intelligence services and the ignorant maniacs aligned more closely than these analyses and subsequent studies assumed What if the reports of the German foreign intelligence services rather than being dismissed by ideologues who knew better instead served to reinforce the National Socialist worldview Returning to these reports examining the information on enemy nations that was gathered processed and presented to leaders in the Nazi state

Hutchinson's study reveals the consequences of the politicization of German intelligence during the war as well as the persistence of ingrained prejudices among the intelligence services Cold War successors Closer scrutiny of underutilized and unpublished reports shows how during the World War II the German intelligence services supported widely held assumptions among the Nazi elite that Britain was politically and morally bankrupt that the Soviet Union was tottering militarily and racially inferior and that the United States vast economic potential was undermined by political cultural and racial degeneration Furthermore Hutchinson argues these distortions continued as German intelligence veterans parlayed their supposed expertise on the Soviet Union into positions of prominence in Western intelligence in the early years of the Cold War With its unique insights into the impact of ideology on wartime and post war intelligence his book raises important questions not only about how intelligence reports can influence policy decisions but also about the subjective nature of intelligence gathering itself

Events That Changed the Course of History Kimberly Sarmiento,2017-01-17 It's been 75 years and yet December 7 1941 is still a date that will go down in the memories of Americans as one of the most devastating parts of World War II Learn about the surprise attack on Pearl Harbor and how this event would lead the United States to declare war on Japan Germany and Italy joining World War II two years after it began

[From Hitler's Oppression to American Liberty](#) Herbert J. Rissel,2012 Why was Hitler's rise to power possible A unique historical viewpoint is presented beginning 1200 years ago and leads to World War II The Author lived and suffered through the NAZI regime and intertwines his life with political and historical events During the war he lived in a regime controlled camp subjected to heavy indoctrination away from his home and without the influence of his parents The final acceptance of democratic principles the post war era and Germany's recovery form his young life The personal educational and professional development present a truthful picture of success and failures The immigration to the United States of America in 1975 and the acquisition of the US citizenship experiencing liberty and the American Dream stand in stark contrast to his early life Management and executive positions as a mining engineer retiring on an active farm and thereafter living in a one family home now more than eighty years old result in a rare and broad knowledge of the industrial private and demographic structure of the greatest country in the world The Declaration of Independence the Constitution and the Capitalistic Principles largely contribute to the author's love of this great country Some critical considerations from the author's point of view about political legal and sociological facts and problems are also included The book is directed to all ages the Greatest Generation will refresh their memories the Younger Folks will learn All readers will appreciate WHAT WE HAVE Most of all the book avoids unnecessary lengthy passages resulting in a small easy to read volume

Prelude to Pearl Harbor Abraham Ben-Zvi,1979

From Hitler's Germany to Saddam's Iraq Scott A. Silverstone,2018-12-14 This book boldly challenges conventional wisdom about the value of preventive war Beginning with the rise of German power and the French and British response to the Rhineland crisis leading to World War II Scott Silverstone overturns the common impulse to point an accusing finger at British leadership for

its alleged na vet willful blindness or outright cowardice Arguing against the belief that Britain could have contained Germany and avoided war if it had used force when Hitler remilitarized the Rhineland the author uses this dramatic event to wrestle with a general strategic problem that has broad relevance for our current foreign policy dilemmas Silverstone argues that the Rhineland crisis is a critical case for studying a central dynamic of world history power shifts among states and the preventive war temptation that power shifts frequently produce There has been surging interest in the idea of preventive war an interest stimulated by the Bush administration s articulation of the preemption doctrine in 2002 and the disastrous invasion of Iraq in 2003 and by frustration over the difficulty of preventing the proliferation of nuclear weapons by such states as North Korea and Iran Clarifying the way we think about preventive war the author analyzes the enduring strategic flaws in preventive war that must inform how political leaders and the public think about this option as a means of dealing with shifting threats in the modern world Offering a radically conservative argument for when to wage war this persuasive book will be essential reading for policy makers and concerned citizens alike [Hitler: 1936-1945 Nemesis](#) Ian

Kershaw,2001-09-17 The climax and conclusion of one of the best selling biographies of our time The New Yorker declared the first volume of Ian Kershaw s two volume masterpiece as close to definitive as anything we are likely to see and that promise is fulfilled in this stunning second volume As Nemesis opens Adolf Hitler has achieved absolute power within Germany and triumphed in his first challenge to the European powers Idolized by large segments of the population and firmly supported by the Nazi regime Hitler is poised to subjugate Europe Nine years later his vaunted war machine destroyed Allied forces sweeping across Germany Hitler will end his life with a pistol shot to his head M ore probing more judicious more authoritative in its rich detail more commanding in its mastery of the horrific narrative Milton J Rosenberg Chicago Tribune

From Hitler's Doorstep Neal H. Petersen,2010-11-01 For three years during World War II future Director of Central Intelligence Allen Dulles commanded the OSS mission in Bern Switzerland *From Hitler s Doorstep* provides an annotated selection of his reports to Washington from 1942 to 1945 Dulles was a leading source of Allied intelligence on Nazi Germany and the occupied nations The messages presented in this volume were based on information received through agents and networks operating in France Italy Austria Eastern Europe and Germany itself They deal with subjects ranging from enemy troop strength and military plans to political developments support of resistance movements secret weapons psychological warfare and peace feelers The Dulles reports reveal his own vision of grand strategy and presage the postwar turmoil in Europe One of the largest collections of OSS records ever published these telegrams and radiotelephone transmissions from the National Archives provide an exciting account of the course of the European war offer insight on the development of American intelligence and illuminate the origins of the Cold War They will interest diplomatic and military historians as well as specialists on modern Europe This volume is almost unique as document based intelligence history and serves as a badly needed bridge between diplomatic history and intelligence studies [Hitler's Charisma](#) Laurence Rees,2014-01-28 At the

age of twenty four in 1913 Adolf Hitler was eking out a living as a painter of pictures for tourists in Munich Nothing marked him in any way as exceptional but he did possess certain distinguishing characteristics a capacity to hate an inability to accept criticism and a massive overconfidence in his own abilities He was a socially and emotionally inadequate individual without direction from whence came a sense of personal mission that would transform these weaknesses and liabilities into strengths certainties that would provide him not only with a sense of identity but of purpose in a communal enterprise This is the focus of Laurence Rees s social psychological and historical investigation into a personality that would end up articulating the hopes and dreams of millions of Germans With 16 pages of black and white illustrations [Hitler's Fatal Miscalculation](#) Klaus H. Schmider,2021-01-28 Hitler s decision to declare war on the United States has baffled generations of historians In this revisionist new history of those fateful months Klaus H Schmider seeks to uncover the chain of events which would incite the German leader to declare war on the United States in December 1941 He provides new insights not just on the problems afflicting German strategy foreign policy and war production but crucially how they were perceived at the time at the top levels of the Third Reich Schmider sees the declaration of war on the United States not as an admission of defeat or a gesture of solidarity with Japan but as an opportunistic gamble by the German leader This move may have appeared an excellent bet at the time but would ultimately doom the Third Reich [Defense](#) ,1942 **The Shadow War Against Hitler** Christof Mauch,2003 Filled with revelations and replete with telling detail this riveting book lifts the curtain on the United States secret intelligence operations in the war against Nazi Germany **Adolf Hitler** Hourly History,2016-10-17 The most notorious man in history Adolf Hitler is best known for having perpetrated crimes against humanity over the six year course of World War II His brutal extermination policies are responsible for the deaths of close to 30 million people he considered inferior and added to that the military casualties suffered by all parties yields a grand total of approximately 60 million people dead by the end of the war That number equates to 3% of the world s population at the time But who was this man What made him into the monster he became Can his childhood explain the formation of such a brutal dictator Inside you will read about Hitler s Early Years Hitler s Years in Vienna Life After Vienna Hitler s Early Military Career The Formation of the Nazi Party Hitler s Imprisonment and Subsequent Rise to Power World War II This eBook tells the story of the man behind the monster in concise yet thorough detail Hitler s childhood his early life and dreams of becoming an artist his military career in World War I his subsequent rise to power as the leader of the Nazi Party and his rule during the war are presented in succinct compelling detail packed with historical information that makes for an entertaining and informative read [Hitler's Generals](#) Correlli Barnett,1989 With essays from Carlo D Este Martin Blumenson Walter Goerlitz Gen John Hackett and Martin Middlebrook Hitler s Generals probes the central mystery of why a generation of the world s most able commanders and staff officers came to be seduced by Hitler and why they failed to deflect him from his disastrous decisions From Kenneth Macksey s essay on Heinz Guderian who created the Panzier divisions and innovated the use of dive bombers

to Earl Ziemke's portrait of Karl Gerd von Runstedt whose stalling of the German blitzkrieg allowed 338 000 Allied troops enough time to fall back on Dunkirk and escape to fight again these are bold and incisive assessments of the twentieth century's greatest strategists and villains Book jacket

Hitler's U-Boat War Clay Blair, 2010-07-21 Clay Blair's best selling naval classic *Silent Victory The U S Submarine War Against Japan* is regarded as the definitive account of that decisive phase of the war in the Pacific Nine years in the making Hitler's U boat War is destined to become the definitive account of the German submarine war against the Allies or *The Battle of the Atlantic* It is an epic sea story the most arduous and prolonged naval battle in all history For a period of nearly six years the German U boat force attempted to blockade and isolate the British Isles in hopes of forcing the British out of the war thereby thwarting the Allied strategic air assault on German cities as well as Overlord the Allied invasion of Occupied France Fortunately for the Allies the U boat force failed to achieve either of these objectives but in the attempt they sank 2 800 Allied merchant ships while the Allies sank nearly 800 U boats On both sides tens of thousands of sailors perished The top secret Allied penetration of German naval codes and conversely the top secret German penetration of Allied naval codes played important roles in the Atlantic naval battle In order to safeguard the secrets of codebreaking in the postwar years London and Washington agreed to withhold all official codebreaking and U boat records Thus for decade upon decade an authoritative and definitive history of the Battle of the Atlantic could not be attempted The accounts that did appear were incomplete and full of errors of fact and false interpretations and conclusions often leaving the entirely wrong impression that the German U boats came within a whisker of defeating the Allies a myth that persists When London and Washington finally began to release the official records in the 1980s Clay Blair and his wife Joan commenced work on this history in Washington London and Germany They relied on the official records as well as the work of German British American and Canadian naval scholars who published studies of bits and pieces of the story The end result is this magnificent and monumental work crammed with vivid and dramatic scenes of naval actions and dispassionate but startling new revelations and interpretations and conclusions about all aspects of the Battle of the Atlantic The Blair history will be published in two volumes This first volume *The Hunters* covers the first three years of the war August 1939 to August 1942 Told chronologically it is subdivided into two major sections the War Against the British Empire and the War Against the Americas Volume II *The Hunted* to follow a year later will cover the last years of the naval war in Europe August 1942 to May 1945 when the Allies finally overcame the U boat threat Never before has Hitler's U boat war been chronicled with such authority fidelity objectivity and detail Nothing is omitted Even those who fought the Battle of the Atlantic will find no end of surprises Later generations will benefit by having at hand an account of this important phase of World War II free of bias and mythology

Democracies Against Hitler Alexander J. Groth, 2018-08-10 First published in 1999 what the confrontation between democracies and Hitlerism tells us about democracy is the subject of this book It examines the response of political democracies to the phenomenon of Hitlerism beginning with democracy in

Germany itself in the 20 s and 30 s and ending up with Britain and the U S in the 40 s Contrary to mythology this response was far more a failure than a success An iconoclastic treatment it anticipates the crises of the future World War II

Spencer C. Tucker, Priscilla Roberts, 2005-02-23 Designed with the more visual needs of today s student in mind this landmark encyclopedia covers the entire scope of the Second World War from its earliest roots to its continuing impact on global politics and human society Over 1 000 illustrations maps and primary source materials enhance the text and make history come alive for students and faculty alike ABC CLIO s World War II A Student Encyclopedia captures the monumental sweep of the Big One with accessible scholarship a student friendly image rich design and a variety of tools specifically crafted for the novice researcher For teachers and curriculum specialists it is a thoroughly contemporary and authoritative work with everything they need to enrich their syllabi and meet state and national standards Ranging from the conflict s historic origins to VJ Day and beyond it brings all aspects of the war vividly to life its origins in the rubble of World War I its inevitable outbreak its succession of tumultuous battles and unforgettable personalities Students will understand what the war meant to the leaders the soldiers and everyday families on home fronts around the world Featured essays look at Pearl Harbor the Holocaust the atomic bomb and other crucial events as well as fascinating topics such as signals intelligence and the role of women in war A separate primary source volume provides essential source material for homework test preparation or special projects With a wealth of new information and new ideas about the war s causes course and consequences World War II will be the first place students turn for the who what when where and more importantly the why behind this historic conflict
