Redefining Modernism and Postmodernism Sebnem Toplu,Şebnem Toplu,2010-06-09 Literary and cultural studies in the later twentieth century were very much shaped by debates about modernism and postmodernism as labels for successive periods but also for different competing interpretations of recent cultural history In the twenty first century the shock waves that were sent through the global system on political cultural economic and ecological levels by terrorist attacks regional conflicts poverty the financial crisis and the threat of environmental disaster raise anew the question of how and to what extent the tradition of modernity can be newly defined in a situation where the problematic aspects of these ideas have rightly been exposed but where they nevertheless appear to be crucial for any responsible assessment of contemporary world culture and its future perspectives Redefining Modernism and Postmodernism offers a collection of critical articles that resulted from the International Cultural Studies Symposium at Ege University Izmir Turkey in 2009 Scholars from around the world have contributed to this volume reflecting the current perspective on modernism and postmodernism shedding new light on literature literary theory philosophy politics religion film and art Providing an account of this field this book enables

readers to navigate the subject by introducing essays on transformations of modernism and postmodernism in the twenty first century and the debates beyond the modernism postmodernism dichotomy **The Highroad Around Modernism**

Robert C. Neville,1992-01-01 Discussions of modernism and postmodernism in philosophy and the arts are usually based on a narrow reading of the Western tradition and are not conscious of the narrowness The modern period beginning with the European Renaissance spawned many developments not just the modernist one in terms of which the tradition has been read From the standpoint of the highroad around modernism both modernism and post modernism look like nothing more than two late modern movements perhaps too preoccupied with themselves and their historical place to engage a swiftly changing world containing more than the Western tradition The Highroad Around Modernism develops and defends an explicitly non modernist and non postmodernist extension of modernity applicable to the problems of world wide cultural interactions

Postmodernism Joseph P. Natoli,2002 **Introducing Postmodernism** Richard Appignanesi,Chris Garratt,Ziauddin Sardar,Patrick Curry,1995 **Introducing Postmodernism** Richard Appignanisi,2004-01-01 Introducing Postmodernism tracks the idea back to its roots by taking a tour of some of the most extreme and exhilarating events people and thought of the last hundred years in art constructivism conceptual art Marcel Duchamp Jackson Pollock and Andy Warhol in politics and history McCarthy s witch hunts feminism Francis Fukuyama and the Holocaust in philosophy the work of Derrida Baudrillard Foucault and Heidegger This book also explores postmodernism s take on today and the anxious grip of globalization unpredictable terrorism and unforeseen war that greeted the dawn of the 21st century *The Cambridge Companion to Postmodernism* Steven Connor,2004-07-15 The Cambridge Companion to Postmodernism offers a comprehensive introduction to postmodernism The Companion examines the different aspects of postmodernist thought and culture that have had a significant impact on contemporary cultural production and thinking Topics discussed by experts in the field include postmodernism s relation to modernity and its significance and relevance to literature film law philosophy architecture religion and modern cultural studies The volume also includes a useful guide to further reading and a chronology This is an essential aid for students and teachers from a range of disciplines interested in postmodernism in all its incarnations Accessible and comprehensive this Companion addresses the many issues surrounding this elusive enigmatic and often controversial topic *Postmodernism* Christopher Butler,2002-10-10 a pre eminently sane lucid and concise statement about the central issues the key examples and the notorious derilections of postmodernism I feel a fresh wind blowing away the miasma coiling around the topic Ihab Hassan University of Wisconsin Milwaukee the most intellectually incisive coherent and comprehensive meditation upon the history and significance of postmodernism that I have yet encountered Patricia Waugh University of Durham easily the best introduction to postmodernism currently available Hans Bertens Utrecht University **Explaining Postmodernism** Stephen Ronald Craig Hicks,2004 **The Politics of Postmodernity** James Good,Irving Velody,1998-07-23 In his study Modernity and the Holocaust Zygmunt Bauman contrasts

the hopes and expectations of the modernising world of the nineteenth century with the real outcomes of the twentieth century where the very conditions of modernity have led to the mass destruction of humanity and of those early hopes for the betterment of humankind This volume explores the possibilities left to those once modernising societies not only in terms of the worlds they have constructed but also in discerning the novel conditions which the closure of modernity entails That closure in part the completion of industrialisation and the social order that went with it and in part the dislocation of the kinds of social knowledge used to understand it has raised profound and disturbing questions about the character of this brave new world and the ways in which its governance and the goal of the good society can be understood This volume explores some of the current vicissitudes of modernity especially in relation to the crises of the political and the political consequences of new technologies

Postmodernism Thomas Docherty, 1993 The arguments over postmodernism are among the most important intellectual debates of our time Going beyond the poststructuralist controversy in its interdisciplinary scope postmodernism questions the fundamental civil political ethical and cultural criteria that make criticism and theory available necessary legitimate or indeed even possible But given that the key texts are widely scattered the broad range of arguments remains relatively unknown Postmodernism A Reader gathers in one volume a comprehensive selection of articles essays and statements by leading figures among them Lyotard Habermas Jameson Baudrillard Eco and Rorty writing across the divergent terrains on which the struggles over postmodernism are taking place in the fields of philosophy and politics in the artistic and cultural avant garde architecture and urbanicity feminism and ecology and in the Third world The material assembled here enables a serious and rigorous consideration of the question Are we at and should we endorse the end of modernity
