From Decision To Discipleship:

From Decision to Discipleship Roxanne Brant, 1973 **Evangelization and christian development** Akinbowale Adewumi, 2020-01-11 Evangelism is personal witnessing advocacy or public preaching and zealous spreading of the Gospel for the purpose of winning souls Mark 16 15 20 Furthermore evangelism is just a subset of evangelization It connotes continuous discipleship or disciple making where saved persons are taught and incorporated into the life of the church or Christian community in order to reproduce more saints Matthew 28 19 20 He also explains that a nexus exists between Evangelization and Christian Development in which the latter has its root in the former and integrally stems from it The ultimate essence and gamut of evangelization is the continuous healthy growth of its human organ which is the church The intent is to prevent spiritual decay and preserve the moral rectitude of the militant church up until her transition into the glorious triumphant church The book will make a good read for church workers leaders missionaries seminarians and young converts **Journey of a Disciple** D. Stuart Briscoe, Jill Briscoe, 1987 Conversion and Discipleship Bill Hull, 2016-01-12 Discipleship occurs when someone answers the call to learn from Jesus how to live his or her life as though Jesus were living it The end result is that the disciple becomes the kind of person who naturally does what Jesus did How the church understands salvation and the gospel is the key to recovering a biblical theology of discipleship Our doctrines of grace and salvation in some cases actually prevent us from creating an expectation that we are to be disciples of Jesus A person can profess to be a Christian and yet still live under the impression that they don't need to actually follow Jesus Being a follower is seen as an optional add on not a requirement It is a choice not a demand Being a Christian today has no connection with the biblical idea that we are formed into the image of Christ In this ground breaking new book pastor and author Bill Hull shows why our existing models of evangelism and discipleship fail to actually produce followers of Jesus He looks at the importance of recovering a robust view of the gospel and taking seriously the connection between conversion answering the call to follow Jesus and discipleship living like the one we claim to follow *The Activated Disciple* Jeff Cavins, 2018-11-05 Are you ready to take your faith to the next level If you yearn for a life that moves beyond believing and practicing your faith if you want to radically live your faith if you want a more profound relationship with Jesus Christ then it is time for you to become an activated disciple The Foundation of discipleship is imitation True discipleship requires such a close relationship with God that every area of your life is transformed It is about opening yourself to God and inviting him to dwell within you becoming holy as he is holy loving as he is loving disciples of Christ become the instruments God employs to transform the world Move beyond simply believing and practicing your faith and begin radically living it Overcome obstacles that keep you from being the disciple you are made to be Be a positive influence and an instrument of transformation in the Church **Replicate** Robby Gallaty, Chris Swain, 2020-06-02 A Practical Guide to Creating and Sustaining a Culture of Disciple Making in Any Church Over the last few decades American churches have produced plenty of converts but not as many

mature believers Studies show the majority of Christians don't even understand the basics of faith But how do you tackle such a big problem Replicate shows church leaders how to make disciples who make disciples and get the rest of your church on board as well This one on one relational ministry is how Jesus laid the foundation for His church that is still growing today and it's how we continue the work in our own local congregations Learn the five marks of a healthy disciple making church how to influence culture uproot misconceptions of the church and the gospel and change your church and community No more focusing on mere numbers it's time to grow in maturity and through multiplication *Called to Discipleship* Dănuț Jemna, 2023-08-31 Drawing on Jesus's example in the Gospel of Mark this book offers an in depth exploration of the nature of discipleship A tool to help readers draw close to Jesus it presents discipleship as a way of life centred on the journey back to God a journey that integrates the quest for salvation wholeness and human fulfilment Ultimately the invitation to discipleship is an invitation to live in obedience to God and commitment to our fellow human beings as Christ calls his followers not only to their own transformation but to participate in the transformation of others At a time when secular culture is rediscovering the benefits of discipleship this book invites readers into a powerful experience of identity formation based on the values of Christ and his kingdom *Leading a Congregation to Relevance* C. Dean Waterman, 2022-10-17 What is the measure of a successful congregation For most success is in the numbers but the new scorecard is relevance which is deeper and more impactful The fundamentals that bring relevance are not new but have been abandoned by many congregations for the newest methods and trends in church growth Within these pages is a new model for bringing these important fundamentals together They may be taken as a whole or implemented individually but when done so they bring a renewed focus to a congregation which results in lives changed and new relevance to those within the congregation and in the community it exists in *The Complete Book of Discipleship* Bill Hull, 2014-02-27 Well organized and readily accessible The Complete Book of Discipleship pulls together into one convenient comprehensive volume relevant topics to discipleship such as Spiritual growth Transformation Spiritual disciplines Discipleship in the local church and beyond Indexed for easy reference *Contemporary Mission Theology* Gallagher, Rogert L., Hertig, Paul, 2017-02-16 A resource for the classroom that specifically addresses the missiological issues of the twenty first century this collection in honor of Charles E Van Engen features contributions from practically all the leading lights of the missiology world Scholars including Stephen Bevans Roger Schroeder van Thanh Nguyen Mary Motte Gerald Anderson Scott Sunkuist and many others offer their insights and reflections focusing on the impact of cultural and demographic changes on the nature and purpose of Christian mission Publisher **Disciplemaking** Judy Streeter, 2012-01-05 For a person of faith life can be a smorgasbord of choices often described as exciting opportunities Conferences seminars classes book studies CD's retreats videos workshops and need specific Bible studies abound all designed to encourage spiritual growth But are Christians truly grounded in the bedrock of doctrine that supports and enriches their faith Can they explain what they believe Are they equipped so they can teach others

Do they have any cultural impact at all In these post Christian times Judy Streeter encourages a return to the example of Jesus Christ while He was on earth His primary plan was to disciple a few men It was where He invested most of His time knowing that the continuation of His teachings rested on their shoulders The combination of good instruction plus accountability within a small group makes for a fertile environment where solid growth can occur Convinced that the church needs this kind of dynamic to nurture its own and to withstand the influences of a secular culture Judy makes a strong case for the importance and effectiveness of obeying Christ s command to go and make disciples Beginning with the convicting principles of Scripture and moving into a clear definition of discipleship this book is doctrinally solid yet practical and obviously written by someone who has spent years doing what is recommended **You Are Personally Invited To...**

Discipleship with Jesus Christ! Brother Michael,2005-04 Capture the same passion and commitment in your pursuit of God s Kingdom and Will for your life Encounter Brother Michael s insightful and prayerful victories as a disciple of Jesus Christ **Fear and Faith** Rachael Kohn,2021-12-31 **Flourishing in Tensions** Michael Brautigam,2022-09-09 Following Jesus Christ presents unique challenges to disciples today In our current climate of relativism materialism and consumerism Christians are increasingly perplexed as to who they are and what following after Christ means today Drawing on the Protestant tradition in particular Dietrich Bonhoeffer Martin Luther and Adolf Schlatter and findings from psychology this book offers a fresh integrative interpretation of Jesus s radical call into discipleship This call is interpreted through a christological lens as Jesus Christ in his role as Prophet calls us to self denial in his role as Priest invites us to cross bearing and as King demands us to follow him Jesus s call to discipleship challenges disciples to embrace various tensions by faith and to grow and even flourish in and through them By denying themselves they find their true self by taking up their cross they find real life and by following Christ they find the great friend and befriend the world as the community of disciples This book is for Christians who seek to mature in intentional self reflection and discover practical ways of living out Christ s radical call into discipleship today **Volume 10, Tome I: Kierkegaard's Influence on Theology** Jon Stewart,2016-12-05

Kierkegaard has always enjoyed a rich reception in the fields of theology and religious studies This reception might seem obvious given that he is one of the most important Christian writers of the nineteenth century but Kierkegaard was by no means a straightforward theologian in any traditional sense He had no enduring interest in some of the main fields of theology such as church history or biblical studies and he was strikingly silent on many key Christian dogmas Moreover he harbored a degree of animosity towards the university theologians and churchmen of his own day Despite this he has been a source of inspiration for numerous religious writers from different denominations and traditions Tome I is dedicated to the reception of Kierkegaard among German Protestant theologians and religious thinkers The writings of some of these figures turned out to be instrumental for Kierkegaard s breakthrough internationally shortly after the turn of the twentieth century Leading figures of the movement of dialectical theology such as Karl Barth Emil Brunner Paul Tillich and Rudolf Bultmann

spawned a steadily growing awareness of and interest in Kierkegaard's thought among generations of German theology students Emanuel Hirsch was greatly influenced by Kierkegaard and proved instrumental in disseminating his thought by producing the first complete German edition of Kierkegaard's published works Both Barth and Hirsch established unique ways of reading and appropriating Kierkegaard which to a certain degree determined the direction and course of

Kierkegaard studies right up to our own times **Forming Intentional Disciples** Sherry A. Weddell, 2022-08-22 How can we transmit a living personal Catholic faith to future generations By coming to know Jesus Christ and following him as his disciples As we emerge from a pandemic into a post Christian world these are times of immense challenge and enormous opportunity for the Catholic Church in the United States Consider these statistics Fully 10 percent of all adults in America are ex Catholics Nearly three quarters of young Catholics think that they could be a good Catholic without going to Mass every Sunday Catholic marriages have declined by almost two thirds since 1969 even as the number of Catholics in the United States has grown significantly Only one third of Catholics believe that the bread and wine actually become the Body and Blood of Jesus Christ at the consecration during Mass If the Church is to reverse these trends the evangelizers must first be evangelized In other words Catholics in the pew must make a conscious choice to know and follow Jesus before they can draw others to him Ten years after it was first published **Forming Intentional Disciples** is still helping scores of Church leaders parish staff and all Catholics transform parish life from within World renowned author and speaker Sherry Weddell leads you through the steps that will help Catholics enter more deeply into a relationship with God and the river of apostolic creativity charisms and vocation that flow from that relationship for the sake of the Church and the world **Not by Bread**
