From Gladstone To Lloyd George:

From Gladstone to Lloyd George Alexander Mackintosh,1921 **From Gladstone to Lloyd George** Alexander Mackintosh,2016-09-04 Excerpt from From Gladstone to Lloyd George Parliament in Peace and War The Englishman on whose words the world waited sat still and Silent and aloof from what was occurring around him during the opening proceedings of the House scanning his notes or with eyes looking far off absorbed in thought He had no dramatic pose Seeing the national duty he was there to declare it with a full sense of responsibility No one had more plainly told what was meant by a European war No one could have more earnestly or sincerely laboured to pre serve peace Yet now he saw that British interests and the obligation of honour in our friendship with France as well as in our treaty obligations to Belgium might require us to take up arms His speech determined the decision of Parliament The least pretentious Sir Edward Grey was the most persuasive of speakers In unadorned frank words he so framed his indictment that it went home to reason and conscience The feeling of the House was displayed unmistakably Cheers bold and defiant in some quarters and in others austere and solemn revealed its practical unanimity And the loudest cheers were for honour About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Age of Alignment** Chris Cook,1975-06-18 **Grattan's Home rule, Gladstone's, and Asquith's. (All-for-Ireland league pamph.).** William O'Brien,1913 **The Impact of Labour 1920-1924** Maurice Cowling,2005-02-17 This book is primarily an account of the initiatives of politicians and their reactions to one another Liberalism and War Andrew J. Williams,2024-12-27 In this book leading scholar Andrew J Williams examines contemporary liberal thinking on the ending of wars and puts it into its historical context Using a vast range of archival material he examines the main strategies used by liberal states to consolidate their gains in the aftermath of war and prevent conflict re occurring Considering historical wars from the nineteenth century to the withdrawal from Afghanistan in 2021 and the war in Ukraine since 2022 Williams explores the continuities and changes within western liberalism in response to war and the encouragement of peace These include in recent times the emergence of neoliberalism a growing revulsion against humanitarian intervention and the evolution of legal attempts to control illiberal regimes He shows how liberalism and the articulation of international norms and institutions sprang out of historical traditions linked to colonialism but also out of a desire to promote liberty and justice He examines the attitudes and practices that have distorted liberalism s essentially emancipatory nature into one that has encouraged hubris in foreign policy and an increasingly divisive set of

economic political and social policies He suggests that a new liberal impulse to encourage the spread of democracy and international justice is possible one that returns to a more realistic approach to intervention in international conflicts The book will appeal to scholars and students of war conflict and political theory interested in the historical perceptions at the heart of many of the mistakes made by liberalism in the ending of wars It will also give hope to those who still believe that liberalism can be the organising feature of a just and equitable world order The Liberal Mind 1914-29 Michael Bentley, 2007-07-12 This study is an exercise in the history of political perception and opinion It broke new ground in considering the decline of Liberalism through the eyes of Liberals themselves By concentrating on what Liberal politicians said to one another and to their audience public and private a picture is built up of the frame of mind in which those responsible for guiding Liberalism faced a worsening world after 1914 The coming of the First World War was a critical element in forming that frame of mind and the frame of mind was itself critical in deciding the fate of Liberalism in the post war years What emerges from this study is the paradox that the Liberal mind was the greatest single obstacle in the way of a Liberal revival *Liberal Government and Politics, 1905-15* I. Packer, 2006-04-27 This book is an innovative appraisal of Edwardian Liberalism and the 1905-15 Liberal governments Making extensive use of new archival research the volume identifies the major concerns of Liberals in the first two decades of the twentieth century and explores how policy making was related to conflicting definitions of Liberal ideology **Blackwood's Magazine**, 1908 **Book Review Digest**, 1927

After Number 10 K. Saturday Review of Literature, 1929 Ireland and Partition N. C. Fleming, James H. Murphy, 2021-09-15 Ireland and Partition Contexts and Consequences brings together multiple perspectives on this key and timely theme in Irish history from the international dimension to its impact on social and economic questions alongside fresh perspectives on the changing political positions adopted by Irish nationalists Ulster Unionists and British Conservatives It examines the gestation of partition through to its implementation in 1921 as well as the many consequences that followed The chapters written by experts based in Ireland Northern Ireland Great Britain and the United States include new scholars alongside contributions from authorities in their fields Together they consider partition from a variety of often overlooked angles from its local impact on the ground through to its place in the post 1918 international order and diplomatic relations its implications for political violence and security policy and its consequences for sport and economics through to its capacity to divide both nationalism and unionism from within This book places the current questions about the future of partition resulting from Brexit and the centenary of partition 2021 in a fuller perspective It is relevant to those with an interest in Irish History and Irish Studies as well as British History European History and Peace Studies *The Downfall of the Liberal Party, 1914-1935*

Trevor Wilson,2011-07-21 By 1914 the Liberal Party had been governing Britain ever since its stunning general election victory of 1906 Four years later the Party was out of office and so enfeebled it would never again form a government What prompted the Liberal decline in the years of The Great War and why did this decline then accelerate Trevor Wilson s classic study analyses the strains exerted on Liberal principles by war and the leadership crisis induced in 1916 by Lloyd George s ousting of Asquith A good political mystery and Mr Wilson has told it in fine dramatic style A J P Taylor Offers portraits of those rivals Asquith and Lloyd George that are among the best the most plausible and the most temperate available New Yorker *British Prime Ministers and Democracy* Roland Quinault,2011-03-17 Today representative democracy is the dominant political system in the world Britain played a prominent part in the democratization of the world through both its constitutional reforms at home and its power and influence abroad In that process Prime Ministers played a prominent role through their power and influence in government Parliament and the country more generally Quinault examines the stance of ten leading Prime Ministers from the mid nineteenth century until the twenty first century on the theory and practice of democracy The attitude of each Prime Minister is assessed by considering their general views on democracy and their use of that term and concept in their discourse and thereby their role in advancing or resisting democratic political change Particular attention is paid to their role in electoral reform together with their stance on the composition and powers of the House of Lords and the role of the monarchy in the governing process Their attitudes to the democratic aspects of some major international issues are also considered *The Prime Minister* Harold Spender,2023-06-20 Reproduction of the original Cobbett's Parliamentary Debates Great Britain.
