Vicegerency in Islamic Thought and Scripture Chauki Lazhar, 2023-04-28 This book explores the reasons for the creation of humanity on Earth from the perspective of ancient and contemporary Muslim thinkers aiming to lay the outlines of a Qur'anic theory of human existential function The author proceeds from the assumption that until now contemporary Islamic scholarship has suffered from the absence of theorisation about a Qur'anic conception of human existential function vicegerency lacking a unified philosophical and epistemological frame of reference Challenging common perceptions among contemporary Muslim reformists regarding the human existential function the author examines both classical and contemporary thought as well as conducting a thorough and comprehensive analysis of Qur'anic passages that ground the theory of vicegerency within a cosmic scheme Ultimately a new approach for understanding the human existential function from within the Qur'anic worldview is proposed For the first time then this book offers an integral induction and categorisation of Qur'anic teleological concepts combining them within a coherent framework that reveals the outlines of a

vicegerency theory and a Qur'anic worldview Suitable for both scholars and laypersons the book serves as a landmark textbook in the fields of Islamic Philosophy Theological Anthropology and Qur'anic Studies **Shi'i Sectarianism in the Middle East** Elisheva Machlis, 2014-09-17 The eruption of violent sectarianism in Iraq following the US invasion in 2003 brought the question of Sunni Shi'i relations in the country to the forefront of the international public agenda It also strengthened the popular belief that contemporary Shi'ism is inherently sectarian Yet several decades earlier Ayatollah Khomeini had declared an Islamic revolution and downplayed its Shi'i origins and links So what is the true orientation of Shi'i Islam in the contemporary era and how did modernisation alter its sectarian affiliation This book contends that early Shi'i reformist thought set the foundations for a more universal oriented Shi'ism Prominent reformists in the first half of the twentieth century from the holy cities of Karbala and Najaf in Iraq and from the Shi'i centres in Southern Lebanon played a significant role in the renewal of Shi'ism and laid the groundwork for its reinvention in the modern era Exploring this shift towards a more ecumenical perception of Islam Elisheva Machlis here provides a fresh perspective on inter sectarian relations in contemporary Iraq and illuminates the intellectual roots of the Islamic revolution by examining networks of Shi'i scholars such as Mu'ammad usayn K shif al Ghi and Mu sin al Am n al mil operating within a more globalised Muslim world Drawing on the experiences of early Shi'i reformists such as Abd al usayn Sharaf al D n al M saw in Lebanon and Mu'ammad Jaw d Mughniyya in Damascus this book gives new insight on the future of inter Muslim relations at a time of growing inter sectarian contention from the Iran Iraq war to the post 2003 Sunni Shi'i conflict in Iraq and al Qa ida s anti Shi'i message taking into account questions of theology historiography jurisprudence and politics which all played a vital role in the transition to the contemporary era The author here analyses the broad scholarly connections between Iran Iraq and Lebanon in the twentieth century while debating paramount questions of leadership identity and group membership in the development of modern Shi'ism Examining the relationship between intellectual thought and socio political development in the region this book provides a new perspective concerning the future of an increasingly globalised Muslim world and will prove essential reading for students and specialists **The Middle East** ,1989 **Reformist Voices of Islam** Shireen Hunter, Shireen T Hunter, 2014-12-18 In recent years Islamic fundamentalist revolutionary and jihadist movements have overshadowed more moderate and reformist voices and trends within Islam This compelling volume introduces the current generation of reformist thinkers and activists the intellectual traditions they carry on and the reasons for the failure of reformist movements to sustain broad support in the Islamic world today Richly detailed regionally focused chapters cover Iran the Arab East the Maghreb South Asia Indonesia Malaysia Turkey Europe and North America The editor s introductory chapter traces the roots of reformist thinking both in Islamic tradition and as a response to the challenge of modernity for Muslims struggling to reconcile the requirements of modernization with their cultural and religious values The concluding chapter identifies commonalities comparisons and trends in the modernizing movements **Islam in North America**

Wagner, 2010-07-02 Opening the Qur'an can be a bewildering experience to non Muslim English speaking readers Those who expect historical narratives stories or essays on morals are perplexed once they pass the beautiful first Surah often shocked and then bogged down by Surah 2 and even offended by Surah 3's strictures against nonbelievers Walter H Wagner opens the Qur'an by

offering a comprehensive and extraordinarily readable step by step introduction to the text making it accessible to students teachers clergy and general readers interested in Islam and Islam s holy Book Wagner first places the prophet Muhammad the Qur an and the early Muslim community in their historical geographical and theological contexts This background is a basis for interpreting the Qur an and understanding its role in later Muslim developments as well as for relationships between Muslims Jews and Christians He then looks in detail at specific passages moving from cherished devotional texts to increasingly difficult and provocative subjects The selected bibliography serves as a resource for further reading and study Woven into the discussion are references to Islamic beliefs and practices Wagner shows great sensitivity toward the risks and opportunities for non Muslims who attempt to interpret the Qur an and sympathy in the long struggle to build bridges of mutual trust and honest appreciation between Muslims and non Muslims *Shi'i Theology in Iran* Ori Goldberg,2011-09-12

Taking a theologically oriented method for engaging with historical and cultural phenomena this book explores the challenge offered by revolutionary Shi i theology in Iran to Western conventions on theology revolution and religion s role in the creation of identity Offering a stringent critique of current literature on political Islam and on Iran s 1979 Islamic Revolution the author suggests that current literature fails to perceive and engage with the revolution and its thought as religious phenomena Grounded in the experience of unconditional faith in God Shi i thinkers recognize a distinction between the human and the divine Concerned with the challenge of constructing a virtuous society these thinkers pose a model of authority and morality based on mediation interpretation and participation in the experience of faith Ori Goldberg considers this interpretative model utilizing a broad array of theoretical tools most notably critical theologies drawn from Jewish and Christian thought He draws on a close reading of several texts written by prominent Iranian Shi i thinkers between 1940 and 2000 most of which are translated into English for the first time to reveal a vibrant complex discourse Presenting a new interfaith perspective on a subject usually considered beyond the scope of such research this book will be an important reference for scholars of Iranian studies political Islam theology and cultural studies **Overcoming Religious Illiteracy**

D. Moore,2007-10-02 In *Overcoming Religious Illiteracy* Harvard professor and Phillips Academy teacher Diane L Moore argues that though the United States is one of the most religiously diverse nations in the world the vast majority of citizens are woefully ignorant about religion itself and the basic tenets of the world s major religious traditions The consequences of this religious illiteracy are profound and include fueling the culture wars curtailing historical understanding and promoting religious and racial bigotry In this volume Moore combines theory with practice to articulate how to incorporate the study of religion into the schools in ways that will invigorate classrooms and enhance democratic discourse in the public sphere

Terrorism: National Security Policy and the Home Front , *The State of Resistance* Assal Rad,2022-08-25 Explores national identity formation and popular culture in post revolutionary Iran to enable a better understanding of contemporary Iran *Vanguard of the Imam* Afshon Ostovar,2016-03-03 Iran s Revolutionary Guards are one of the most important forces

in the Middle East today As the appointed defender of Iran's revolution the Guards have evolved into a pillar of the Islamic Republic and the spearhead of its influence Their sway has spread across the Middle East where the Guards have overseen loyalist support to Bashar al Assad in Syria and been a staunch backer in Iraq's war against ISIS bringing its own troops Lebanon's Hezbollah and Shiite militias to the fight Links to terrorism human rights abuses and the suppression of popular democracy have shrouded the Revolutionary Guards in controversy In spite of their prominence the Guards remain poorly understood to outside observers In Vanguard of the Imam Afshon Ostovar has written the first comprehensive history of the organization Situating the rise of the Guards in the larger contexts of Shiite Islam modern Iranian history and international affairs Ostovar takes a multifaceted approach in demystifying the organization and detailing its evolution since 1979 Politics power and religion collide in this story wherein the Revolutionary Guards transform from a rag tag militia established in the midst of revolutionary upheaval into a military and covert force with a global reach The Guards have been fundamental to the success of the Islamic revolution The symbiotic relationship between them and Iran's clerical rulers underpins the regime's nearly unshakeable system of power The Guards have used their privileged position at home to export Iran's revolution beyond its borders establishing client armies in their image and extending Iran's strategic footprint in the process Ostovar tenaciously documents the Guards transformation into a power player and explores why the group matters now more than ever to regional and global affairs The book simultaneously serves as a history of modern Iran and provides a crucial and engrossing entryway into the complex world of war politics and identity in the Middle East

In Whose Image? Abdou Maligalim Simone, 1994-07-13 A Muslim scholar with extensive experience in Africa T Abdou Maligalim Simone was recruited by the Islamic fundamentalist Shari'a Movement in Sudan to act as consultant for its project to unite Muslims and non Muslims in Khartoum's shanty towns Based on his interviews with hundreds of individuals during this time plus extensive historical and archival research In Whose Image is a penetrating examination of the use of Islam as a tool for political transformation Drawing a detailed portrait of political fundamentalism during the 1985-89 period of democratic rule in the Sudan Simone shows how the Shari'a Movement attempted to shape a viable social order by linking religious integrity and economic development where religious practice was to dominate all aspects of society and individuals' daily lives However because Sudanese society is remarkably diverse ethnically and religiously this often led to conflict fragmentation and violence in the name of Islam Simone's own Islamic background leads him to deplore the violence and the devastating psychological economic and cultural consequences of one form of Islamic radicalism while holding to hope that a viable form of this inherently political religion can in fact be applied As a counterpoint he ends with a discussion of South Africa's Call of Islam which seeks political unity through a more tolerant interpretation of Islam As an introduction to religious discourse in Africa this book will be widely read by students and scholars throughout African Studies Religious Studies Anthropology and Political Science
