Bridging the Divide Between Immigrant and African American Muslims by Utilizing the Concept of Tawheed as the Catalyst Dr. Salahuddin Mustafa Muhammad, 2011-04-21
The Islamic community boasts of being one united community Its cornerstone belief is Tawheed Oneness of G d Its fundamental principle is the Unity of G d and this speaks to the unity of humanity Yet when you look at the Islamic community over its almost fifteen century history racism prejudice bias and discrimination have continued to prevail I argue that the Islamic community has suffered fragmentation as a result of this artificial divide Therefore the one united community has been more of an ideal than reality I contend that really understanding the concept of Tawheed is the true answer the bridge as it were to overcoming this artificial divide the divide that separates the immigrant Muslim from the African American Muslim
Muslim: What You Need to Know About the World's Fastest Growing Religion Hank Hanegraaff, 2017-10-10
Is Islam a peaceful and tolerant religion How did it get started World events are making it more timely important and necessary for every Christian to understand how the world s fastest growing religion will affect them and how to stand firm in the truth of Christ Renowned Bible Answer Man Hank Hanegraaff provides an in depth look at Islam For all the debate over Islam and its growing presence in the world one thing is often overlooked Islam is not a religion in the Western sense It s an all encompassing worldview opposed to anything but itself While there may be millions of peaceful and tolerant Muslims many of them our neighbors Islam itself is not peaceful and tolerant Islam is the only significant religious system in the history of the human race with a structure of laws that mandate violence against the infidel The current narrative is that to tell the truth in this regard will radicalize Muslims and worsen hostilities A common phrase you ve probably heard is that Islam is not our enemy As well intentioned as this mantra may be it is a dangerous stance once someone understands Islam in full Global Islamic jihadism is exacting mass genocide on Christians in the East and multiplying terrorist attacks throughout the West Worse still Western governments academic institutions and media outlets seem bent on peddling a false narrative about what Islam truly is In Muslim you will

Learn the history of Islam from the bloody career of the prophet Mohammed to the authoritarian Islamic law Examine how Islamic theology refutes the core Christian beliefs of original sin Jesus resurrection and more Discover specific Islamic teaching inciting violence to non Muslims and even governments opposing Islamic law Find solutions and encouragement for Christians to withstand this growing global threat The conflict between Islam and the West is not going to die down or fade away The Islamic doctrines upon which it is based will continue to cause conflict on an ever increasing scale With Muslim Christians can equip themselves and others to stand unwavering in the truth of Christ

Jung and Islam Radmila Moacanin, Ph.D., 2019-03-08 Jung and Islam By Dr Radmila Moacanin Both Jungian psychology and the teaching of Islam reveal pathways to the completion of the human spirit The insights and systems of each are founded on inspiration not imitation the unique experiential inner journey toward fulfillment If you are to take the interpretation of self directed greater

jihad it beautifully coincides with Jung's process of individuation. While Islam is more regimented and specifically detailed than Jungian processes, if one is to put jihad in its appropriate spiritual place, it becomes an individual spiritual quest rather than an outer political struggle. The completion of both bears no difference; the goal is fulfillment. **English For Islamic Students : Belajar Bahasa Inggris dengan Nilai-nilai Islam** Gede Nursan, S.Pd.I, Detak Pustaka, 2025-04-11.
