

A TWO-DRAWER Sunflower Chest. Date: 1660-1680. This specimen has not lost any considerable portion of its feet; the top is original except the cleats; so are most of the ornaments. It was restored many years ago, perhaps forty, by Hartford craftsmen, inspired by the interest just then awakened by Dr. Lyon and his friends.

It completes the series of sunflower chests, begun on pages 12 and 13. It is 45 inches long; $20\frac{1}{4}$ inches from front to back; 40 inches high; legs, 6 inches, probably never more than $6\frac{1}{2}$ inches. There is an interesting variation in the carving of these chests, showing the individuality so dear to the collector. Owner: the author, who bought the chest near Hartford.
