BP 250 R. Reginald, Mary Wickizer Burgess, Mary A. Burgess, 1996-01-01 An Annotated Bibliography of the First 300 Publications of the Borgo Press 1975 1998 *Fantastic Worlds* Howard Zimmerman, Robin Snelson, 1978 [The Future Imaginary in Indigenous North American Arts and Literatures](#) Kristina Baudemann, 2021-12-30 This book examines the future in Indigenous North American speculative literature and digital arts Asking how different Indigenous works imagine the future and how they negotiate settler colonial visions of what is to come the chapters illustrate that the future is not an immutable entity but a malleable textual digital product that can function as both a colonial tool and a catalyst for decolonization Central to this study is the development of a methodology that helps unearth the signifying structures producing the future in selected works by Darcie Little Badger Gerald Vizenor Stephen Graham Jones Skawennati Danis Goulet Scott Benesiinaabandan Postcommodity Kite Jeff Barnaby and Ryan Singer Drawing on Jason Lewis s future imaginary as the theoretical core the book describes the various forms of textual representation and virtual simulation through which notions of Indigenous continuation are expressed in literary and new media works Arguing that Indigenous authors and artists apply the aesthetics of the future as a strategy in their works

the volume conceptualizes its multimedia corpus as a continuously growing archive of and for Indigenous futures

The Fantastic Worlds of Yuri Vynnychuk Yuri Vynnychuk, 2018-01-01 Yuri Vynnychuk is a master storyteller and satirist who emerged from the Western Ukrainian underground in Soviet times to become one of Ukraine's most prolific and most prominent writers of today. He is a chameleon who can adapt his narrative voice in a variety of ways and whose style at times is reminiscent of Borges. A master of the short story, he exhibits a great range from exquisite lyrical philosophical works such as his masterpiece *An Embroidered World* written in the mode of magical realism to intense psychological studies to contemplative science fiction and horror tales and to wicked black humor and satire such as his *Max and Me*. Excerpts are also presented in this volume of his longer prose works including his highly acclaimed novel of wartime Lviv *Tango of Death* which received the 2012 BBC Ukrainian Book of the Year Award. The translations offered here allow the English language reader to become acquainted with the many fantastic worlds and lyrical imagination of an extraordinarily versatile writer. This title has been realised by a team of the following dedicated professionals. Translated from Ukrainian by Michael M. Naydan with one translation by Askold Melnyczuk and two translations by Mark Andryczyk. Translations edited by Oksana Tatsyak, Maxim Hodak. Publisher: Max Mendor. Director: Ksenia Papazova. Managing Editor: *The Enduring Fantastic* Anna Höglund, Cecilia Trenter, 2021-06-09. Fantastic fiction is traditionally understood as Western genre literature such as fantasy, science fiction, and horror. Expanding on this understanding, these essays explore how the fantastic has been used in Western societies since the Middle Ages as a tool for organizing and materializing abstractions in order to make sense of the present social order. Disciplines represented here include literature studies, gender studies, biology, ethnology, archeology, history, religion, game studies, cultural sociology, and film studies. Individual essays cover topics such as the fantastic creatures of medieval chronicle, mummy medicine in eighteenth century Sweden, how fears of disease filtered through the universal and adaptable vampire, the gender aspects of goddess worship in the secular West, ecocentrism in fantasy fiction, how videogames are dealing with the remediation of heritage, and more.

Administering Affect Daniel White, 2022-07-19. How do the worlds that state administrators manage become the feelings publics embody? In *Administering Affect*, Daniel White addresses this question by documenting the rise of a new national figure he calls Pop Culture Japan. Emerging in the wake of Japan's dramatic economic decline in the early 1990s, Pop Culture Japan reflected the hopes of Japanese state bureaucrats and political elites seeking to recover their country's standing on the global stage. White argues that due to growing regional competitiveness and geopolitical tension in East Asia, in recent decades Japan's state bureaucrats increasingly targeted political anxiety as a national problem and built a new national image based on pop culture branding as a remedy. Based on sixteen months of ethnographic fieldwork among rarely accessible government bureaucrats, *Administering Affect* examines the fascinating connection between state administration and public sentiment. White analyzes various creative policy figures of Pop Culture Japan such as anime diplomats, Cool Japan branding campaigns, and the so-called Ambassadors of Cute in

order to illustrate a powerful link between practices of managing national culture and the circulation of anxiety among Japanese publics Invoking the term administering affect to illustrate how anxiety becomes a bureaucratic target technique and unintended consequence of promoting Japan's national popular culture the book presents an ethnographic portrait of the at times surprisingly emotional lives of Japan's state bureaucrats In examining how anxious feelings come to drive policymaking White delivers an intimate anthropological analysis of the affective forces interconnecting state governance popular culture and national identity
