## **Economic Theories And Their Relational Structures A Model Theoretic Characterization:**

**Economic Theories and their Relational Structures** E. Klein, 1998-01-19 An examination of the foundations of contemporary theoretical economics Applying concepts from model theory formal semantics and standard tools in foundations research the author aims three targets namely a characterization of the notion empirical economic theory the determination of the epistemological and methodological status of an important class of non empirical theories in economics and the proposal of a taxonomy of economic theories based upon intended epistemological status and the descriptive or operative function of a theory

**Econometrics in a Formal Science of Economics** Bernt P. Stigum, 2015 An examination of the role of theory in applied econometrics

*Imagining Economics Otherwise* Nitasha Kaul, 2007-10-04 It is possible to be irrational without being uneconomic What is the link between Value and values What do economists do when they explain We live in times when the economic logic has become unquestionable and all powerful so that our quotidian economic experiences are defined by their scientific construal This book is the result of a

**Toward a Feminist Philosophy of Economics** Drucilla K. Barker, Edith Kuiper, 2003 This book edited by two of the most respected figures in feminist economics is a welcome collection that charts and critically analyses how other movements have influenced the development of feminist economics as a distinct discipline

The Economic Theory of Structure and Change Mauro Baranzini, Roberto Scazzieri, 1990 This wide ranging 1991 inquiry into the general field of structural economic analysis provides a thorough appraisal of the method of economic dynamics

**Econometrics and the Philosophy of Economics** Bernt P. Stigum, 2015-12-29 As most econometricians will readily agree the data used in applied econometrics seldom provide accurate measurements for the pertinent theory's variables Here Bernt Stigum offers the first systematic and theoretically sound way of accounting for such inaccuracies He and a distinguished group of contributors bridge econometrics and the philosophy of economics two topics that seem worlds apart They ask How is a science of economics possible The answer is elusive Economic theory seems to be about abstract ideas or it might be said about toys in a toy community How can a researcher with such tools learn anything about the social reality in which he or she lives This book shows that an econometrician with the proper understanding of economic theory and the right kind of questions can gain knowledge about characteristic features of the social world It addresses varied topics in both classical and Bayesian econometrics offering ample evidence that its answer to the fundamental question is sound The first book to comprehensively explore economic theory and econometrics simultaneously

**Econometrics and the Philosophy of Economics** represents an authoritative account of contemporary economic methodology About a third of the chapters are authored or coauthored by Heather Anderson Erik Birn Christophe Bontemps Jeffrey A Dubin Harald E Goldstein Clive W J Granger David F Hendry Herman Ruge Jervell Dale W Jorgenson Hans Martin Krolzig Nils Lid Hjort Daniel L McFadden Grayham E Mizon Tore Schweder Geir Storvik and Herman K van Dijk

**Reconstruction of Economic Theory** Philip Mirowski, 2007-06-30 The mandate given to the editor of the present volume was succinct and to the point gather together some of the most recent attempts to remake economic theory at its most fundamental levels and avoid the two debased brands of academic revolutions Now anyone would have realized that this would be a devilishly difficult task more likely than not to backfire but in retrospect the editor still marvels at the complacency with which he embarked on the enterprise It was quite easy to identify the critics of conventional economics who had little more than criticism to offer it was much more difficult to feel certain that he had actually stumbled upon a substantive divergence from the orthodoxy that appeared to promise further fruitful developments Forewarned and forearmed the prospective reader should then be equipped to judge for him or herself whether truth in advertising has been further abused or if something a little more interesting and entertaining is afoot Pages 1 2 Management Accounting Change Danture Wickramasinghe, Chandana Alawattage, 2012-08-21 Written by two experienced lecturers this is the first student centered textbook to bridge the technical and theoretical aspects of management accounting change Packed full of pedagogical features including mini cases learning outcomes key terms article summaries key concept boxes real world cases chapter summaries and further reading suggestions and resources it is clear and accessibly written covering all the major emerging topics in management accounting theory Discussing technical developments in management accounting from conventional cost accounting to contemporary strategic management accounting and beyond in four parts it shows how conventional cost accounting techniques and management control models evolved in line with the development of mass production and bureaucracy explores how recent developments such as customer and strategic orientations in business flexible manufacturing post bureaucracy network and virtual organizational technologies implicate in management accounting provides a number of alternative theories through which the transition of management accounting from mechanistic to post mechanistic approaches can be explained elaborating both rational and interpretive critical theories This excellent text meets a desperate need for an advanced management accounting textbook that incorporates theory and practice and is accessible and engaging for all those studying in this challenging area **History, Policy, and Economic Theory** W. W. Rostow, 2019-03-04 This collection of professional essays traces the sequence of the great issues of public policy that marked a half century It includes information on the problems of method issues of historical analysis elaboration of a dynamic theory issues of current policy and evolution of economic doctrine *Post-Keynesian Economic Theory* Paul Wells, 2012-12-06 Post Keynesian Economic Theory explores and develops several areas of post Keynesian economics most in need of additional fundamental research including a monetary theory of production post Keynesian price theory international economics labor economics financing aggregate demands and the liquidity preference theory of interest The book presents a

constructive post Keynesian critique of contemporary macroeconomic conceptualization and practice It illustrates the illusory character of the search for unique determinate results in the problems of macroeconomics and clearly demonstrates the complexity and resulting richness of meaningful economic theory *Philosophy of Economics*, 2012-04-23 Part of the Handbook of the Philosophy of Science Series edited by Dov M Gabbay King's College London UK Paul Thagard University of Waterloo Canada and John Woods University of British Columbia Canada Philosophy of Economics investigates the foundational concepts and methods of economics the social science that analyzes the production distribution and consumption of goods and services This groundbreaking collection the most thorough treatment of the philosophy of economics ever published brings together philosophers scientists and historians to map out the central topics in the field The articles are divided into two groups Chapters in the first group deal with various philosophical issues characteristic of economics in general including realism and Lakatos explanation and testing modeling and mathematics political ideology and feminist epistemology Chapters in the second group discuss particular methods theories and branches of economics including forecasting and measurement econometrics and experimentation rational choice and agency issues game theory and social choice behavioral economics and public choice geographical economics and evolutionary economics and finally the economics of scientific knowledge This volume serves as a detailed introduction for those new to the field as well as a rich source of new insights and potential research agendas for those already engaged with the philosophy of economics Provides a bridge between philosophy and current scientific findings Encourages multi disciplinary dialogue Covers theory and applications *Model-Based Reasoning in Science and Technology* Lorenzo Magnani, Walter Carnielli, Claudio Pizzi, 2010-09-24 Systematically presented to enhance the feasibility of fuzzy models this book introduces the novel concept of a fuzzy network whose nodes are rule bases and their interconnections are interactions between rule bases in the form of outputs fed as inputs *An Economic Analysis of the University* Jutta Merschen, 2012-02-13 During the last few years the German higher education landscape has witnessed an increase in the delegation of decision power from the state to the universities In order to adapt to this new situation universities are more and more looking at management structures decision making systems and governance mechanisms as fundamental performance drivers The objective of this dissertation is to provide an economic insight into the inner workings of universities in Germany thus answering the question of how they should organize themselves in order to persist in times of economic organizational and competitive challenges Special focus lies on the analysis of the role of faculty in participative university decision making and its positive and negative effects on the university Based on theoretical and empirical analysis the dissertation outlines policy recommendations that may help to overcome the problems inherent in today's university management and governance structures in Germany **High-Speed Railways and New Structure of Socio-economic Development in China** Xiaoyan Lin, 2023-06-14 This book systematically expounds the significance of the high speed railway in China's regional economic and social development It
