## George Grosz:

An Autobiography George Grosz, 1998-04-17 This acclaimed autobiography by one of the twentieth century's greatest satirical artists is as much a graphic portrait of Germany in chaos after the Treaty of Versailles as it is a memoir of a remarkable artist's development Grosz's account of a world gone mad is as acute and provocative as the art that depicts it and this translation of a work long out of print restores the spontaneity, humor and energy of the author's German text It also includes a chapter on Grosz's experience in the Soviet Union omitted from the original English language edition as well as more writings about his twenty year self imposed exile in America and a fable written in English **George Grosz,**
