How High Should Boys Sing? Martin Ashley, 2016-04-29 A boy sings a beautiful thing www.boychoirs.org but is it What kinds of boy singing what kinds of music and to whom Martin Ashley presents a unique consideration of boys singing that shows the high voice to be historically culturally and physiologically more problematic even than is commonly assumed Through Ashley s extensive conversations with young performers and analysis of their reception by peer audiences the research reveals that the common supposition that boys don t want to sound like girls is far from adequate in explaining the missing males syndrome that can perplex choir directors The book intertwines the study of singing with the study of identity to create a rich resource for musicians scholars teachers and all those concerned with young male involvement in music through singing The conclusions of the book will challenge many attitudes and unconsidered positions through its argument that many boys actually want to sing but are discouraged by a failure of the adult world to understand the boy mind Ashley intends the book to stand as an indictment of much complacency and myopia with regard to the young male voice A substantial grant from the Arts and Humanities Research Council has enabled the production of a multi media resource for schools choirs and youth organizations called Boys Keep Singing Based on the contents of this book the resource shows how once the interest of boys is captured in primary schools their singing can be sustained and developed through the difficult but vital early secondary years of ages 11 14 about which this book says so much The resource is lavishly illustrated by short

films of boys singing supported by interviews with boys and their teachers and a wealth of of animated diagrams and cartoons It is available to schools and organizations involved in musical education through registration at [www.boys keep singing com](http://www.boyskeep.com) **Music Teacher and Piano Student** ,1962 **Music, Books on Music, and Sound Recordings** Library of Congress,1983 *The New Beacon* ,1987 Dictionary of International Biography ,1986 A biographical record of contemporary achievement together with a key to the location of the original biographical notes World-radio; the BBC Foreign Programme Journal ,1931 The Harmony of the Soul: Sigfrid Karg-Elert's Letters "To His Australian Friends" Harold Fabrikant,2010 Sigfrid Karg Elert was an important composer in the first decades of the 20th century He was however largely ignored as a composer in his native Germany until the 1960s but it was the English speaking world which discovered him in the early 1900s and realised that he was one of the most important organ composers of his era Arthur Nickson was a leading Australian born musician initially trained in Melbourne and later in London This book contains the letters from a bilateral correspondence which started cautiously formally in 1913 it was interrupted by the Great War but recommenced in 1923 Nickson shared these letters with few others Many had no idea of their content until the collection was published for the first time solely in an English translation in 1996 This is now the second edition of that same work in which some translations are revised more extensive annotations provided and the entire original German text reproduced **Daily Mail Year Book** ,1962 **Performing Arts Books, 1876-1981** ,1981 **Choice** ,1980 Cumulated Index to the Books ,1958 **Catalog of Copyright Entries, Third Series** Library of Congress.
