George Washington The Making Of An American Symbol

Paul S. Boyer

George Washington The Making Of An American Symbol:

George Washington Barry Schwartz,1990 *George Washington* Barbara J. Mitnick,William S. Ayres,1999 It is also an image that has resisted fundamental revision over the course of two centuries because of the force of Washington's character the clarity of his political purposes and the intensity of his charisma The Making of the President 1789 Marvin Kitman,2000 Satire of the contemporary campaign insider book while making the case that George Washington was not only First in War First in Peace He was also first among the Founding Fathers in gambling drinking and social climbing

George Washington and American Constitutionalism Glenn A. Phelps,1993 Known as the Father of His Country George Washington is sometimes viewed as a demi god for what he was and did rather than for what he thought In addition to being a popular icon for the forces of American nationalism he served as commander in chief of the victorious Continental Army That he played a key role in securing the adoption of the Constitution is well known but few credit him with a political philosophy that actively shaped the constitutional tradition *Sentimental Democracy* Andrew Burstein,2000-05-24 For more than two centuries Americans have used words of sentiment and sympathy passion and power to explain their country's unique democratic mission Here Andrew Burstein examines the emotional dynamic and the metaphorically rich language which Americans developed to express their guiding principle that the New World would improve upon the Old Feeling he argues was a political and cultural phenomenon and in the impassioned rhetoric of feeling we can locate the sources of American patriotism Using newspapers and magazines private letters and public speeches diaries and books Burstein shows how the eighteenth century culture of sensibility encouraged early Americans to make a heartfelt commitment to the Enlightenment's optimism about a global society it would succeed they believed as much by sublime feeling as by intellectual achievement and political liberty *Sentimental Democracy* gives us a lively dual portrait of the American psyche and the American dream telling us as much about ourselves as about our morally passionate ancestors From publisher's description

Washington's Circle David S. Heidler,Jeanne T. Heidler,2016-02-09 History enthusiasts and admirers of Team of Rivals will rejoice in this magisterial account of the extraordinary Americans who served the nation's first chief executive Together they created the presidency for a country disgusted by crowns and the people who would wear them In 1789 as George Washington became the first president of the United States the world was all but certain that the American experiment in liberty and representative government would founder More than a few Americans feared that the world was right In *Washington's Circle* we see how Washington and his trusted advisers close friends and devoted family defied the doomsayers to lay the foundation for an enduring constitutional republic This is a fresh look at an aloof man whose service in the Revolutionary War had already earned him the acclaim of fellow citizens Washington was easy to revere if difficult to know David S Heidler and Jeanne T Heidler reveal Washington's character through his relationship with his inner circle showing how this unlikely group created the office of the presidency Here is a story of cooperation confrontation triumph and

disappointment as the president Congress and the courts sorted out the limits of executive power quarreled over funding the government coped with domestic strife and faced a world at war while trying to keep their country at peace Even more it is a story of remarkable people striving for extraordinary achievements Many of these characters are familiar as historic icons but in these pages they act and speak as living individuals the often irked and frequently irksome John Adams in the vice presidency the mercurial Alexander Hamilton leading the Treasury Department the brilliant deceptively cunning Thomas Jefferson as secretary of state James Madison who was Washington's advocate and his eyes and ears in Congress and Washington's old friend and former brother in arms Henry Knox at the administration's beleaguered War Department Their stories mingle with those of Edmund Randolph John Jay Gouverneur Morris and the others who stood with a self educated Virginia farmer to forge the presidency into an institution protective of its privileges but respectful of congressional prerogatives Written with energy wit and an eye for vivid detail Washington's Circle is the fascinating account of the people who met the most formidable challenges of the government's earliest hours with pluck ability and enviable resourcefulness When the world said they would fail they rolled up their sleeves This is their story Praise for Washington's Circle A fine readable history of the first presidency David and Jeanne Heidler provide not only a lively history but a group portrait of Washington and the various figures vying to influence him The Wall Street Journal Washington's Circle positively glows with narrative exuberance This is a book that will make even the most jaded student of the American Revolution bark little laughs of pure delight while reading Open Letters Monthly Traditional accounts portray Washington as a solitary actor in the drama of American nationhood as chilly and featureless as the marble shaft that dominates his namesake capitol In fact he was the intensely human lead in one of history's most colorful and contentious ensembles David S Heidler and Jeanne T Heidler bring the whole cast to unforgettable life in this character study cum group portrait cum old fashioned page turner Richard Norton Smith author of On His Own Terms The Presidency Michael Nelson, Barbara A. Perry, 2021-04-29 Following the election of Donald Trump the office of the U S president has come under scrutiny like never before Featuring penetrating insights from high profile presidential scholars The Presidency provides the deep historical and constitutional context needed to put the Trump era into its proper perspective Identifying key points at which the constitutional presidency could have evolved in different ways from the nation's founding days to the present these scholars examine presidential decisions that determined the direction of the nation and the world Contributors Bradley R DeWees U S Air Force Richard J Ellis Willamette University Stefanie Georgakis Abbott University of Virginia Joel K Goldstein Saint Louis University Jennifer Lawless University of Virginia Sidney M Milkis University of Virginia Sairkrishna Bangalore Prakash University of Virginia Russell L Riley University of Virginia Andrew Rudalevige Bowdoin College Sean Theriault University of Texas at Austin *Parades and the Politics of the Street* Simon P. Newman, 2010-08-03 Simon P Newman vividly evokes the celebrations of America's first national holidays in the years between the ratification of the Constitution and the inauguration of Thomas Jefferson He

demonstrates how by taking part in the festive culture of the streets ordinary American men and women were able to play a significant role in forging the political culture of the young nation The creation of many of the patriotic holidays we still celebrate coincided with the emergence of the first two party system With the political songs they sang the liberty poles they raised and the partisan badges they wore Americans of many walks of life helped shape a new national politics destined to replace the regional practices of the colonial era

The Columbia History of Jews and Judaism in America Marc Lee Raphael, 2008-02-12 This is the first anthology in more than half a century to offer fresh insight into the history of Jews and Judaism in America Beginning with six chronological survey essays the collection builds with twelve topical essays focusing on a variety of important themes in the American Jewish and Judaic experience The volume opens with early Jewish settlers 1654 1820 the expansion of Jewish life in America 1820 1901 the great wave of eastern European Jewish immigrants 1880 1924 the character of American Judaism between the two world wars American Jewish life from the end of World War II to the Six Day War and the growth of Jews influence and affluence The second half of the book includes essays on the community of Orthodox Jews the history of Jewish education in America the rise of Jewish social clubs at the turn of the century the history of southern and western Jewry Jewish responses to Nazism and the Holocaust feminism s confrontation with Judaism and the eternal question of what defines American Jewish culture The contributions of distinguished scholars seamlessly integrate recent scholarship Endnotes provide the reader with access to the authors research and sources Comprehensive original and elegantly crafted *The Columbia History of Jews and Judaism in America* not only introduces the student to this thrilling history but also provides new perspectives for the scholar Contributors Dianne Ashton Rowan University Mark K Bauman Atlanta Metropolitan College Kimmy Caplan Bar Ilan University Israel Eli Faber City University of New York Eric L Goldstein University of Michigan Jeffrey S Gurock Yeshiva University Jenna Weissman Joselit Princeton University Melissa Klapper Rowan University Alan T Levenson Siegal College of Judaic Studies Rafael Medoff David S Wyman Institute for Holocaust Studies Pamela S Nadell American University Riv Ellen Prell University of Minnesota Linda S Raphael George Washington University Jeffrey Shandler Rutgers University Michael E Staub City University of New York William Toll University of Oregon Beth S Wenger University of Pennsylvania Stephen J Whitfield Brandeis University

Rewriting White Todd Vogel, 2004-07-29 What did it mean for people of color in nineteenth century America to speak or write white More specifically how many and what kinds of meaning could such white writing carry In *ReWriting White* Todd Vogel looks at how America has racialized language and aesthetic achievement To make his point he showcases the surprisingly complex interactions between four nineteenth century writers of color and the standard white English they adapted for their own moral political and social ends The African American Native American and Chinese American writers Vogel discusses delivered their messages in a manner that simultaneously demonstrated their command of the dominant discourse of their times using styles and addressing forums considered above their station and fashioned a subversive meaning in the very act

of that demonstration The close readings and meticulous archival research in *ReWriting White* upend our conventional expectations enrich our understanding of the dynamics of hegemony and cultural struggle and contribute to the efforts of other cutting edge contemporary scholars to chip away at the walls of racial segregation that have for too long defined and defaced the landscape of American literary and cultural studies

Destiny's Consul Michael P. Riccards,2012-06-19 What makes a great president Certainly leadership accomplishments crisis management political skill character and integrity are part of the equation but the great presidents have something more They not only govern well but are part of something lasting their presidencies influence the thoughts and beliefs of generations These powerful men are not flawless leaders they have made mistakes and miscalculations but in the end their decisions have changed the nation and often the world In *Destiny's Consul* America's Greatest Presidents presidential scholar Michael P Riccards provides a concise introduction to the lives presidencies and personal qualities of ten great individuals whom Riccards argues are our greatest presidents Organized chronologically George Washington Thomas Jefferson Andrew Jackson James K Polk Abraham Lincoln Theodore Roosevelt Woodrow Wilson Franklin D Roosevelt Harry S Truman and Ronald Reagan are shown to truly be great It will be of interest to anyone interested in the presidency of American history

Washington's End Jonathan Horn,2021-02-09 Popular historian and former White House speechwriter Jonathan Horn provides a captivating and enlightening look at George Washington's post presidential life and the politically divided country that was part of his legacy *New York Journal of Books* Beginning where most biographies of George Washington leave off *Washington's End* opens with the first president exiting office after eight years and entering what would become the most bewildering stage of his life Embittered by partisan criticism and eager to return to his farm Washington assumed a role for which there was no precedent at a time when the kings across the ocean yielded their crowns only upon losing their heads In a different sense Washington would lose his head too In this riveting read bestselling author Jonathan Horn reveals that the quest to surrender power proved more difficult than Washington imagined and brought his life to an end he never expected The statesman who had staked his legacy on withdrawing from public life would feud with his successors and find himself drawn back into military command The patriarch who had dedicated his life to uniting his country would leave his name to a new capital city destined to become synonymous with political divisions A movable feast of a book Jay Winik *New York Times* bestselling author of 1944 immaculately researched and powerfully told through the eyes not only of Washington but also of his family members friends and foes *Washington's End* is an outstanding biographical work on one of America's most prominent leaders *Library Journal*

Confounding Father Robert M. S. McDonald,2016-08-29 Of all the founding fathers Thomas Jefferson stood out as the most controversial and confounding Loved and hated revered and reviled during his lifetime he served as a lightning rod for dispute Few major figures in American history provoked such a polarization of public opinion One supporter described him as the possessor of an enlightened mind and superior wisdom the adorer of our God the patriot of his country and the friend and

benefactor of the whole human race Martha Washington however considered Jefferson one of the most detestable of mankind and she was not alone While Jefferson s supporters organized festivals in his honor where they praised him in speeches and songs his detractors portrayed him as a dilettante and demagogue double faced and dangerously radical an atheist and Anti Christ hostile to Christianity Characterizing his beliefs as un American they tarred him with the extremism of the French Revolution Yet his allies cheered his contributions to the American Revolution unmasking him as the now formerly anonymous author of the words that had helped to define America in the Declaration of Independence Jefferson meanwhile anxiously monitored the development of his image As president he even clipped expressions of praise and scorn from newspapers pasting them in his personal scrapbooks In this fascinating new book historian Robert M S McDonald explores how Jefferson a man with a manner so mild some described it as meek emerged as such a divisive figure Bridging the gap between high politics and popular opinion Confounding Father exposes how Jefferson s bifurcated image took shape both as a product of his own creation and in response to factors beyond his control McDonald tells a gripping sometimes poignant story of disagreements over issues and ideology as well as contested conceptions of the rules of politics In the first fifty years of independence Americans views of Jefferson revealed much about their conflicting views of the purpose and promise of America Jeffersonian America

Founding Brothers Joseph J. Ellis, 2003-12-16 PULITZER PRIZE WINNER NATIONAL BESTSELLER A landmark work of history explores how a group of greatly gifted but deeply flawed individuals Hamilton Burr Jefferson Franklin Washington Adams and Madison confronted the overwhelming challenges before them to set the course for our nation A splendid book humane learned written with flair and radiant with a calm intelligence and wit The New York Times Book Review The United States was more a fragile hope than a reality in 1790 During the decade that followed the Founding Fathers re examined here as Founding Brothers combined the ideals of the Declaration of Independence with the content of the Constitution to create the practical workings of our government Through an analysis of six fascinating episodes Hamilton and Burr s deadly duel Washington s precedent setting Farewell Address Adams administration and political partnership with his wife the debate about where to place the capital Franklin s attempt to force Congress to confront the issue of slavery and Madison s attempts to block him and Jefferson and Adams famous correspondence Founding Brothers brings to life the vital issues and personalities from the most important decade in our nation s history

The Pentagon's Battle for the American Mind Lori L. Bogle, 2004-10-12 The U S military has historically believed itself to be the institution best suited to develop the character spiritual values and patriotism of American youth In *Strategy for Survival* Lori Bogle investigates how the armed forces assigned itself the role of guardian and interpreter of national values and why it sought to create ideologically sound Americans capable of defeating communism and assuring the victory of democracy at home and abroad Bogle shows that a tendency by some in the armed forces to diffuse their view of America s civil religion among the general population predated tension with the Soviet Union Bogle traces this trend from the Progressive Era

though the early Cold War when the Truman and Eisenhower administrations took seriously the battle of ideologies of that era and formulated plans that promised not only to meet the armed forces manpower needs but also to prepare the American public morally and spiritually for confrontation with the evils of communism Both Truman's plan for Universal Military Training and Eisenhower's psychological warfare programs promoted an evangelical democracy and sought to inculcate a secular civil military religion in the general public During the early 1960s joint military civilian anticommunist conferences organized by the authority of the Department of Defense were exploited by ultra conservative civilians advancing their own political and religious agendas Bogle's analysis suggests that cooperation among evangelicals the military and government was considered both necessary and normal The Boy Scouts pushed a narrow vision of American democracy and Joe McCarthy's chauvinism was less an aberration than a particularly noxious manifestation of a widespread attitude To combat communism American society and its armed forces embraced brainwashing narrow moral education that attacked everyone and everything not consonant with their view of the world and how it ought to be ordered Exposure of this alliance ultimately dissolved it However the cult of toughness and the blinkered view of reality that characterized the armed forces and American society during the Cold War are still valued by many and are thus still worthy of consideration **America's**

Three Regimes : A New Political History Morton Keller Professor of History Brandeis University, 2007-09-26 When historians take the long view they look at ages or eras the Age of Jackson the Progressive Era But these time spans last no longer than a decade or so In this groundbreaking new book Morton Keller divides our nation's history into three regimes each of which lasts many many decades allowing us to appreciate as never before the slow steady evolution of American public life Americans like to think of our society as eternally young and effervescent But the reality is very different A proper history of America must be as much about continuity persistence and evolution as about transformation and revolution To provide this proper history Keller groups America's past into three long regimes Deferential and Republican from the colonial period to the 1820s Party and Democratic from the 1830s to the 1930s and Populist and Bureaucratic from the 1930s to the present This approach yields many new insights We discover for instance that the history of colonial America the Revolution and the Early Republic is a more unified story than usually assumed The Civil War industrialization and the Progressive era did relatively little to alter the character of the democratic party regime that lasted from the 1830s to the 1930s And the populist bureaucratic regime in which we live today has seen changes in politics government and law as profound as those that occurred in the late 18th and early 19th centuries As Keller underscores the sheer staying power of America's public institutions he sheds light on current concerns as well in particular will the current political polarization continue or will more moderate forces prevail Here then is a major contribution to United States history an entirely new way to look at our past our present and our future packed with provocative and original observations about American public life **Historical Dictionary of the American Revolution** Terry M. Mays, 2019-02-08 The American Revolution pitted 13 loosely united

colonies in a military political and economic struggle against Great Britain the mother country and arguably the most powerful state in the world during the late 18th century The independent spirit that led many individuals to leave homes in Europe and settle in the New World during the 17th and 18th centuries evolved into the drive that persuaded these same settlers and their descendants to challenge the colonial economic and taxation policies of Great Britain which lead to the armed conflict that resulted in a declaration of independence This third edition of Historical Dictionary of the American Revolution contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1 000 cross referenced entries on the politics battles weaponry and major personalities of the war This book is an excellent resource for students researchers and anyone wanting to know more about the American Revolution **George**

Washington Ethan M. Fishman, William D. Pederson, Mark J. Rozell, 2001-09-30 There have been many serious abuses of presidential power in recent decades including Watergate the Iran Contra scandal and the Lewinsky affair subsequently Americans have demonstrated renewed interest in discussing the relationship between character and political leadership Through an investigation of the life and career of George Washington often considered the exemplary moral president the chapters offer a balanced scholarly contribution to this analysis Fishman Pederson Rozell and their contributors examine the legacy of Washington's presidency Leading political scientists and historians describe and evaluate the impact of Washington's leadership on the institution of the presidency and on those who have since occupied the Oval Office In the contemporary era of almost endless speculation about the role of character in presidential leadership an analysis of Washington's character and the model he established is especially germane The chapters provide diverse interpretations of the value of understanding Washington's leadership and the character of the modern presidency Some of the scholars conclude that Washington indeed laid the foundation for good character and strong leadership in the presidency Others take a more critical approach and see Washington like many of his successors as a fallible human being who possessed both character strengths and weaknesses The lasting value of this analysis for political scientists historians and other students of the American presidency is that it demonstrates the continued vibrant debate over Washington's authentic legacy to the office *Willing*

Obedience Elizabeth D. Samet, 2004 This book highlights obedience as an American cultural motif by examining the ways in which citizens understand and dramatize the struggle between autonomy and allegiance *Willing Obedience* tells the story of Americans who worked out the simultaneous demands of liberty and obedience in fiction military memoir and political writing from the Revolution through the nineteenth century In contrast to the European model of a subject's blind obedience to a monarch Americans imagined an allegiance that preserved autonomy even as they consented to the constraints of a new republic In particular the book considers the case of the soldier whose surprisingly complex relationship to authority is in fact representative of the situation of all citizens in a republic **The ^AOxford Companion to United States History**

Paul S. Boyer, 2001-07-04 Here is a volume that is as big and as varied as the nation it portrays With over 1 400 entries

George Washington The Making Of An American Symbol Introduction

George Washington The Making Of An American Symbol Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. George Washington The Making Of An American Symbol Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. George Washington The Making Of An American Symbol : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for George Washington The Making Of An American Symbol : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks George Washington The Making Of An American Symbol Offers a diverse range of free eBooks across various genres. George Washington The Making Of An American Symbol Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. George Washington The Making Of An American Symbol Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific George Washington The Making Of An American Symbol, especially related to George Washington The Making Of An American Symbol, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to George Washington The Making Of An American Symbol, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some George Washington The Making Of An American Symbol books or magazines might include. Look for these in online stores or libraries. Remember that while George Washington The Making Of An American Symbol, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow George Washington The Making Of An American Symbol eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the George Washington The Making Of An American Symbol full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of George Washington The Making Of An American Symbol eBooks, including some popular titles.

FAQs About George Washington The Making Of An American Symbol Books

What is a George Washington The Making Of An American Symbol PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a George Washington The Making Of An American Symbol PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a George Washington The Making Of An American Symbol PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a George Washington The Making Of An American Symbol PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a George Washington The Making Of An American Symbol PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
