The Georgian Poetic Myron Simon,2023-11-15
T S Eliot in his 1961 address To Criticize the Critic admitted that his early critiques of Georgian poetry were partly motivated by a desire to defend the Modernist poetry he and his peers championed This personal insight reflects a broader pattern where critics advocating for successive waves of new poetry in the 1920s through 1940s often targeted the Georgians as symbols of outdated literary styles Figures like Day Lewis used dismissive caricatures of Georgian poets such as calling them writers of very low vitality to promote revolutionary poetic movements reducing the Georgians to mere counterexamples in Modernist polemics Over time distinctions between Edward Marsh s original Georgian circle and John Squire s Neo Georgians blurred and the widespread disdain for Georgian poetry became an unquestioned axiom However the 1950s brought a reassessment through biographies editions correspondence and histories that highlighted the Georgians pivotal role in shaping twentieth century English poetics The scholarship of Christopher Hassall and Robert H Ross corrected earlier misjudgments and provided a foundation for deeper understanding which this book aims to expand by refining their findings and exploring overlooked aspects of the Georgian poetic legacy This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1975

Touring and Publicizing England's Country Houses in the Long Eighteenth Century Jocelyn Anderson, 2018-02-22 Over the course of the long 18th century many of England's grandest country houses became known for displaying noteworthy architecture and design large collections of sculptures and paintings and expansive landscape gardens and parks Although these houses continued to function as residences and spaces of elite retreat they had powerful public identities increasingly accessible to tourists and extensively described by travel writers they began to be celebrated as sites of great importance to national culture This book examines how these identities emerged repositioning the importance of country houses in 18th century Britain and exploring what it took to turn them into tourist attractions Drawing on travel books guidebooks and dozens of tourists diaries and letters it explores what it meant to tour country houses such as Blenheim Palace Chatsworth Wilton Kedleston and Burghley in the tumultuous 1700s It also questions the legacies of these early tourists both as a critical cultural practice in the 18th century and an extraordinary and controversial influence in British culture today country house tourism is a phenomenon that demands investigation

Decorative Plasterwork in Great Britain Geoffrey Beard, Jeff Orton, Richard Ireland, 2015-10-06 Decorative plasterwork was created by skilled craftsmen and for over four hundred years it has been an essential part of the interior decoration of the British country house In this detailed and comprehensive study Geoffrey Beard has created a book that will delight the eye and inform the interested reader For those who have sometimes been puzzled by the complexities of plaster decoration it will be a most useful work of reference on a fascinating art form about which no book has been published for nearly fifty years After discussing the part that patrons played in commissioning and financing these beautiful decorations a useful chapter is devoted to materials and methods of work and here the author describes the ingredients of good plaster he has studied the work of present day English plasterers and Swiss stucco restorers in order to establish precisely how the materials of plaster and stucco were composed and used

Politics in Georgia Robert M. Howard, Arnold Fleischmann, Richard N. Engstrom, 2017-10-15 This new edition has been extensively updated to reflect developments in Georgia politics and government since 2007 a decade that has seen three presidential election cycles two midterm elections and a census Updates reflect not only changes in how Georgia is governed but also the economic and social trends helping to drive those changes These include the continued growth and dispersal of Hispanic and Asian populations the decline by a variety of measures of rural areas and the moderating effect of probusiness government factions on social conservative agendas This edition maintains the book's comparative approach which examines the state from three revealing perspectives This allows readers to determine the extent to which Georgia is similar to its peers on such topics as the length and features of the constitution the organization of the state government and the nature of policies All this allows students and scholars to have a better understanding of the political and economic dynamics of Georgia and the relationship of those dynamics to national political

and economic developments The result is a thorough up to date resource on Georgia s dynamic political system Features Coverage of trends and events since the prior edition appeared in 2007 Analysis of the most recent state elections A rewritten chapter on the judiciary that reflects greater representation of women and minorities on the bench and a sharp rise in Republican appointees A rewritten chapter on policy with added detail on such topics as transportation the environment education social welfare and public safety and security Extensive revisions to sections on the U S Constitution The removal of a chapter on public opinion so that its contents can be more tightly woven throughout the book Greater attention to the increased power of interest groups Acknowledgment throughout of the impact of the web and social media in politics and government

Historic Floors Jane Fawcett,2007-06-01 This is the first book in the UK to be devoted to historic floors It introduces an important and largely neglected subject and considers conservation methods in a European context It traces the history of some of the great floors of Europe from the fourth century B C and outlines the development of mosaic tiles marble and parquet floors in secular

buildings The early Christian pavements in basilicas temples and cathedrals the creation of medieval tiles ledger stones and monumental brasses their destruction by iconoclasts and re creation during the Gothic Revival are also discussed Leading authorities archaeologists architects and archivists consider the latest methods of recording and repairing cathedral floors including those of cathedrals country houses the monumental tiled pavements of the Palace of Westminster and other public buildings Management policies to protect outstanding floors in over visited sites are considered and historic features particularly at risk are identified Urgent action is recommended to contain the damage caused by the dramatic increase in tourism throughout Europe **The food & drink guide for Georgia** ,2025-09-25 Melbourne Hall Garden Jodie

Jones,2025-09-23 Explore the famous historical gardens of Melbourne Hall widely considered one of the most treasured historical gardens in England The garden is admired for its natural tunnel made up of the sweeping branches of an ancient yew tree as well as its wrought iron arbour created by Robert Bakewell known as the Birdcage which made Bakewell famous but also left him penniless There have been few radical alterations to the gardens since the early 18th century However in the earlier part of the 20th century extensive restoration was carried out Now home to Lord and Lady Ralph Kerr the garden remains a beautifully kept treasure Lady Kerr has developed the garden and her eye for colour and detail means that the Melbourne Garden is a haven of delightful and unusual specimen trees shrubs and herbaceous borders Although still very much an 18th century garden the new planting schemes have introduced greater botanical interest Covering both the early history and more recent developments under its current owners this stunning book contains numerous specially commissioned images by renowned garden photographer Andrea Jones which show this spectacular garden through the seasons **Consumption and the Country House** Jon Stobart,Mark Rothery,2016-05-20 This study explores the

consumption practices of the landed aristocracy of Georgian England Focussing on three families and drawing on detailed analysis of account books receipted bills household inventories diaries and correspondence Consumption and the Country House charts the spending patterns of this elite group during the so called consumer revolution of the eighteenth century Generally examined through the lens of middling families homes and motivations this book explores the ways in which the aristocracy were engaged in this wider transformation of English society Analysis centres on the goods that the aristocracy purchased both luxurious and mundane the extent to which they pursued fashionable modes and goods the role that family and friends played in shaping notions of taste the influence of gender on taste and refinement the geographical reach of provisioning and the networks that lay behind this consumer activity and the way this all contributed to the construction of the country house The country house thus emerges as much more than a repository of luxury and splendour it lay at the heart of complex networks of exchange sociability demand and supply Exploring these processes and relationships serves to reanimate the country house making it an active site of consumption rather than simply an expression of power and taste and drawing it into the mainstream of consumption histories At the same time the landed aristocracy are shown to be rounded

consumers driven by values of thrift and restraint as much as extravagant desires and valuing the old as well as the new not least as markers of their pedigree and heritage **Fodor's The Carolinas & Georgia** Fodor's Travel Guide,2021-11-09
