and other marginalized groups The many illustrations and organograms provide a clear visual demonstration of Demm s argument

**Violence against Prisoners of War in the First World War** Heather Jones,2011-06-02 In this groundbreaking study Heather Jones provides the first in depth and comparative examination of violence against First World War prisoners She shows how the war radicalised captivity treatment in Britain France and Germany dramatically undermined international law protecting prisoners of war and led to new forms of forced prisoner labour and reprisals which fuelled wartime propaganda that was often based on accurate prisoner testimony This book reveals how during the conflict increasing numbers of captives were not sent to home front camps but retained in western front working units to labour directly for the British French and German armies in the German case by 1918 prisoners working for the German army endured widespread malnutrition and constant beatings Dr Jones examines the significance of these new violent trends and their later legacy arguing that the Great War marked a key turning point in the twentieth century evolution of the prison camp

**Transatlantic Fascism** Federico Finchelstein,2010-01-11 In Transatlantic Fascism Federico Finchelstein traces the intellectual and cultural connections between Argentine and Italian fascisms showing how fascism circulates transnationally From the early 1920s well into the Second World War Mussolini tried to export Italian fascism to Argentina the most Italian country outside of Italy Nearly half the country s population was of Italian descent Drawing on extensive archival research on both sides of the Atlantic Finchelstein examines Italy s efforts to promote fascism in Argentina by distributing bribes sending emissaries and disseminating propaganda through film radio and print He investigates how Argentina s political culture was in turn transformed as Italian fascism was appropriated reinterpreted and resisted by the state and the mainstream press as well as by the Left the Right and the radical Right As Finchelstein explains nacionalismo the right wing ideology that developed in Argentina was not the wholesale imitation of Italian fascism that Mussolini wished it to be Argentine nacionalistas conflated Catholicism and fascism making the bold claim that their movement had a central place in God s designs for their country Finchelstein explores the fraught efforts of nacionalistas to develop a sacred ideological doctrine and political program and he scrutinizes their debates about Nazism the Spanish Civil War imperialism anti Semitism and anticommunism Transatlantic Fascism shows how right wing groups constructed a distinctive Argentine fascism by appropriating some elements of the Italian model and rejecting others It reveals the specifically local ways that a global ideology such as fascism crossed national borders

**Catastrophe and Utopia** Ferenc Laczo,Joachim von Puttkamer,2017-11-20 Catastrophe and Utopia studies the biographical trajectories intellectual agendas and major accomplishments of select Jewish intellectuals during the age of Nazism and the partly simultaneous partly subsequent period of incipient Stalinization By focusing on the relatively underexplored region of Central and Eastern Europe which was the primary centre of Jewish life prior to the Holocaust served as the main setting of the Nazi genocide but also had notable communities of survivors the volume offers significant contributions to a European Jewish intellectual

history of the twentieth century Approaching specific historical experiences in their diverse local contexts the twelve case studies explore how Jewish intellectuals responded to the unprecedented catastrophe how they renegotiated their utopian commitments and how the complex relationship between the two evolved over time They analyze proximate Jewish reactions to the most abysmal discontinuity represented by the Judeocide while also revealing more subtle lines of continuity in Jewish thinking Ferenc Lacz is assistant professor in History at Maastricht University and Joachim von Puttkamer is professor of Eastern European History at Friedrich Schiller University Jena and director of the Imre Kert sz Kolleg     *International Relations 1914-1995* Tony Rea, John Wright, 1997 This book provides the core content required by many of the new GCSE syllabuses Strongly narrative in approach there are also many visual and written sources to aid students understanding of the topics covered Key Stage 4     *The Review of Reviews* William Thomas Stead, 1902
