German Catholics Hitlers Wars A Study

Kevin Spicer

German Catholics Hitlers Wars A Study:

German Catholics and Hitler's Wars Gordon C. Zahn, 1988-09-30 Prior to the outbreak of World War II nearly forty thousand German Catholics were involved in the German Catholic Peace League a movement that caused many people in various countries to seriously reconsider the dimension of pacifism in their faith During the course of the War however many of these same German Catholics raised no serious objection to serving in Germany's armies or swearing allegiance to Adolph Hitler First published in 1962 German Catholics and Hitler's Wars created a furor ultimately causing a serious reevaluation of church state relationships and in particular of the morality of war This work began as an attempt to understand the demise of the German Catholic Peace League But because of various factors including the destruction of vital records Gordon C Zahn began to consider the behavior of German Catholics in general and the evidence of their almost total conformity to the war demands of the Nazi regime Using sociological analysis he argues convincingly for the existence of a super effective system of social controls and of a selection between the competing values of Catholicism and nationalism Although Zahn never speculates conclusions are inescapable chief among them that the traditional Catholic doctrine of the just war has ceased to be operative for Catholics in the modern world **German Catholics and Hitler's Wars** Gordon Charles Zahn, 1962

History vs. Apologetics David Cymet, 2012-07-10 Set within the context of the political and ideological developments of the time History vs Apologetics examines the role played by the Catholic Church in the rise and consolidation of the Third Reich and in particular with regard to the Nazi persecution of the Jews Distanced in the beginning the Catholic Church and the Nazi party drew closer as Hitler's popularity increased At the ratification of the Concordat in Rome a commitment not to interfere with the Nazis Final Solution to the Jewish Question was traded for a verbal promise from Berlin to exclude the baptized converts While the Nazi government violated the Concordat at every turn the Church kept zealously its promise Pope Pius XII never mentioned the persecuted Jews by name and denied any knowledge of the annihilation of the Jews Even after the war Pius XII refused to condemn anti-Semitism and Germany's role in the Holocaust Instead the Vatican engaged in the protection of genocide perpetrators and assisted in their mass escape David Cymet's comprehensive critical analysis of the polemical literature on the topic makes it possible to separate legitimate history from apologetic allegations and misrepresentations bringing to light key elements of Church policy that is intentionally misinterpreted by apologists By surveying the Church's policy from just before the rise of Nazism to the present Cymet demonstrates how the Nazis were able to turn the Catholic Church into their ally in their war against the Jews **Sociology of Religion in America** Anthony Blasi, 2014-03-20 Sociology of Religion in America tells the story of the controversies involved in the development of a scientific specialty that often makes news in America The evidence it presents runs contrary to the many myths about the field Sometimes viewed by scholars as a backwater actual evidence from the 1890s to the 1980s shows that sociology of religion had a steady presence in sociology all along Seen as a force alien to religion by some it was actually in a mutually

supportive relationship with religious organizations Examining dissertations dating from 1895 to 1959 and scientific articles from the 1960s to the 1980s Anthony J Blasi discovers who the major sociologists of religion were and what they did He traces the field's previously unknown tradition in community studies the exigencies of the research institutes and dramatic changes in the professional associations Catholic Citizens in the Third Reich Donald J. Dietrich, 1988-01-01 Why did some German Catholics support and others oppose the police state that was the Third Reich In this insightful analysis Donald Dietrich explores the social psychological dynamics behind the religious reactions of German Catholics to political and moral issues during the late Weimar and Third Reich eras Along with many other Germans Catholics were enmeshed in a cruel dilemma Assenting to Nazi ideals would mean a loss of moral credibility opposing them would result in persecution Dietrich shows how Catholics accommodated and sometimes resisted totalitarianism and the Final Solution Three groups of Catholics are examined the hierarchy the theologians and the laity The literature on Nazi Germany is enormous But this is the first analysis of the dynamics shaping individual motivations and group response to Nazi ideals This comprehensive work fuses results derived from social science research with the massive amount of historical data available It is an interdisciplinary study relating religious values to patterns of behavior an issue that retains its significance today *The De-Judaization of the Image of Jesus of Nazareth (The Virgin Mary) at the Time of the Holocaust: Ensoulment and the Human Ovum* Thomas Alexander Blüger, 2021-03-09 Thomas has been researching his family's Jewish background for the last thirty years Herein he investigates how his Jewish grandparents and aunt defined as a nonprivileged Mischling survived the war while living in the heart of Nazi Germany This led Thomas to research Hitler's fear of having partial Jewish ancestry and expanded into a full blown study of following Christianity's understanding of the Jewish identity of Jesus of Nazareth throughout history Not leaving matters here Thomas outlines how Marian dogmatic theology used at the time of the Shoah brought to conclusion the Church's long journey in defining the time of ensoulment as articulated in the papal document *Ineffabilis Deus* promulgated by Pius in 1854 This happened twenty seven years after the discovery of the human ovum in 1827 by Karl Ernst von Baer Years later with the emergence of Nazi racial ideology many anti Christian Christians attempted to invert Christianity's core message of salvation through faith toward biological ends This would not do Roman authorities had consistently held throughout the centuries that faith is about salvation and not about biology According to that same end the ideal of ensoulment since the time of the Church's renewed understanding of it beginning in 1854 and indeed as it was first articulated through the writings of Aristotle and received into Christianity through the writings of Saint Augustine and later Thomas Aquinas was newly preserved within the confines of Western civilization This is the first book the author knows of that follows Augustine's concept of ensoulment as well as Aquinas's thinking on the matter while linking these to Karl Ernst von Baer's discovery of the human ovum in 1827 up until the events of Shoah and beyond This study is phenomenological in nature in that it does not follow Jesus of Nazareth the Virgin Mary throughout history but rather follows the image of Jesus of

Nazareth the Virgin Mary a monumental difference This study supports the Second Vatican Council the Church s latest and ongoing efforts in affirming the Jewish identities of both Jesus of Nazareth and the Virgin Mary John Paul II s call for a purification of memory beginning in a year of Jubilee as well as the many present efforts in Catholic Jewish relations This study builds upon the author s past article Following the Virgin Mary through Auschwitz Marian Dogmatic Theology at the Time of the Shoah published in Holocaust Studies A Journal of Culture and History Vol 14 winter 2008 No 3 pp 1 24 **War No More** Michael K. Duffey,2021-07-16 In the twentieth and early twenty first centuries nonviolent movements for justice have succeeded where violent campaigns have failed This book examines fourteen cases eleven movements that succeeded and three that have until now failed and shows why nonviolent strategies work drawing on the thought of practitioners and theorists Later chapters examine violent U S interventions abroad and at home as well as citizen movements for nonviolent conflict resolution As an introduction to nonviolent movements this text engages students in recent events from the news as well as the history of modern warfare Bringing in philosophical and religious texts from a diverse set of traditions author Michael K Duffey offers a multifaceted argument for embracing nonviolent solutions to conflict **External Research. ER List** United States. Department of State. External Research Division,1958 **External Research List** ,1958

Unpublished Research on Western Europe, Completed and in Progress United States Department of State. External Research Division,1959 Beginning in 1954 Apr issue lists studies in progress Oct issue completed studies

External Research United States. Department of State. External Research Division, **Wehrmacht Priests** Lauren Faulkner Rossi,2015-04-06 Lauren Faulkner Rossi plumbs the moral justifications of Catholic priests who served willingly and faithfully in the German army in World War II She probes the Church s accommodations with Hitler s regime its fierce but often futile attempts to preserve independence and the shortcomings of Church doctrine in the face of total war and genocide

The Battle for the Catholic Past in Germany, 1945-1980 Mark Edward Ruff,2017-07-14 Mark Edward Ruff re examines the bitter controversies in the Federal Republic of Germany over the Catholic Church s relationship to the Nazis *Hitler's Priests* Kevin Spicer,2008-04-14 Shaken by military defeat and economic depression after War World I Germans sought to restore their nation s dignity and power In this context the National Socialist Party with its promise of a revived Germany drew supporters Among the most zealous were a number of Catholic clergymen known as brown priests who volunteered as Nazi propagandists In this insightful study Spicer unearths a dark subchapter in Roman Catholic history introduces the principal clergymen who participated in the Nazi movement examines their motives details their advocacy of National Socialism and explores the consequences of their political activism Some brown priests particularly war veterans advocated National Socialism because it appealed to their patriotic ardor Others had less laudatory motives disaffection with clerical life conflicts with Church superiors or ambition for personal power and fame Whatever their individual motives they employed their skills as orators writers and teachers to proclaim the message of Nazism Especially during the early 1930s

when the Church forbade membership in the party these clergymen strove to prove that Catholicism was compatible with National Socialism thereby justifying their support of Nazi ideology Father Dr Philipp Haeuser a scholar and pastor went so far as to promote antisemitism while deifying Adolf Hitler The Father's antisemitism Spicer argues did not deter clergymen such as Haeuser because although the Church officially rejected the Nazis extreme racism Catholic teachings tolerated hostility toward Jews by blaming them for Christ's crucifixion While a handful of brown priests enjoyed the forbearance of their bishops others endured reprimand or even dismissal a few found new vocations with the Third Reich After the fall of the Reich the most visible brown priests faced trial for their part in the crimes of National Socialism a movement they had once so earnestly supported In addition to this intriguing history about clergymen trying to reconcile faith and politics Spicer provides a master list verified by extensive research in Church and government archives of Catholic clergy who publicly supported National Socialism

Proud to be Deaf: Saintliness in the Catholic Deaf community in South Africa from 1874-1994 Mark James, 2025-05-15 This thought provoking book details the history of Catholic ministry to the Deaf community in South Africa over 120 years This history provides a backdrop to Deaf people's emerging understanding of themselves as a people imbued with dignity and having their own language and culture The philosopher Emmanuel Levinas understanding of saintliness which is the ethical pursuit of prioritising one's neighbour's needs above those of one's own provides a lens through which to both sympathetically and critically read this history The book ends by paying tribute to the Deaf people in the Catholic Church who contributed significantly to raise Deaf people's awareness of their innate dignity and of sign language as a gift from God The book inspires newness boldness and resilience in ministry to approach the Kingdom of God and encounter the face of Christ crucified crucified by the forces of phonocentrism and audism There are many lessons to be learnt that gives voice and appeal to what Ruben Xulu's image evokes Christ was Africa crucified In sum the book pronounces words of blessing to remember and sign a new journey together from the heart Associate Professor Glenn Morrison School of Philosophy and Theology at the University of Notre Dame Fremantle Australia *Lessons and Legacies IV*, 1991 Essays that illustrate new areas of concern within Holocaust study and that explore neglected issues such as gender and place *Federal Republic of Germany, a Country Study* Richard F. Nyrop, 1983

The Widening Circle of Genocide Israel W. Charny, 2018-04-17 The Widening Circle of Genocide the third volume of an award winning series combines an encyclopedic summary of knowledge of the subject with annotated citations of literature in each field of study It includes contributions by R J Rummel Leonard Glick Vahakn Dadrian Rosanne Klass Martin Van Bruinessen James Dunn Gabrielle Tyrnauer Robert Krell George Kent Samuel Totten and a foreword by Irving Louis Horowitz This volume presents scholarship on a variety of topics including Germany's records of the Armenian genocide little known cases of contemporary genocide in Afghanistan East Timor and of the Kurds a provocative new interpretation of the psychic scarring of Holocaust survivors and nongovernmental organizations that have undertaken the beginnings of scholarship on the worldwide problems of genocide

The Widening Circle of Genocide embodies reverence for human life its goal is the search for new means to prevent genocide This work is distinguished by its excellence originality and depth of its scholarship The first volume was selected by the American Library Association for its list of Outstanding Academic Books of 1988 89 It is both compelling reading and an invaluable tool for scholars and students who wish to pursue specific fields of study of genocide It will also be of interest to political scientists historians psychologists and religion scholars

An Analysis of Daniel Jonah Goldhagen's Hitler's Willing Executioners Simon Taylor, Tom Stammers, 2017-07-05 Daniel Goldhagen's study of the Holocaust offers conclusions that run directly counter to those reached by Christopher Browning whose book Ordinary Men is also the subject of a Macat analysis As such the two analyses make possible some interesting critical thinking exercises focused on evaluation of the evidence used by the two historians For Goldhagen a chief reason for German actions was not the mundane good comradeship stressed by Browning but a longstanding hatred of Jews and Judaism specific to Germany that dated back well into the previous century Debating which historian is right which has made better use of the available evidence which has most successfully written objectively 0 3 and which advances the most secure interpretation of contested documents 0 3 forces students to think critically about one of the most important and on the surface at least incomprehensible events of the past century

Echoes From The Holocaust Alan Rosenberg, Gerald Eugene Myers, 1988 The murder of six million Jewish men women and children during World War II was an act of such barbarity as to constitute one of the central events of our time yet a list of the major concerns of professional philosophers since 1945 would exclude the Holocaust This collection of twenty three essays most of which were written expressly for this volume is the first book to focus comprehensively on the profound issues and philosophical significance of the Holocaust The essays written for general as well as professional readers convey an extraordinary range of factual information and philosophical reflection in seeking to identify the haunting meanings of the Holocaust Among the questions addressed are How should philosophy approach the Holocaust What part did the philosophical climate play in allowing Hitlerism its temporary triumph What is the philosophical climate today and what are its probable cultural effects Can philosophy help our culture to become a bulwark against future agents of evil The multiple dimensions of the Holocaust historical sociological psychological religious moral and literary are collected here for concentrated philosophical interpretations

German Catholics Hitlers Wars A Study Book Review: Unveiling the Power of Words
