## **German Foreign Policy Since Unification Theories And Case Studies:**

**German Foreign Policy Since Unification** Volker Rittberger, 2001 This book examines the extent to which German foreign policy has changed since unification and analyzes the fundamental reasons behind this change The book has three main aims The essays develop theories of foreign policy to predict and explain Germany's foreign policy behavior They test competing predictions about German foreign policy behavior since unification in several issue areas They also assess the much debated question as to whether post unification Germany's foreign policy is marked by continuity or change Case Studies and Theory Development in the Social Sciences Alexander L. George, Andrew Bennett, 2005-04-15 The use of case studies to build and test theories in political science and the other social sciences has increased in recent years Many scholars have argued that the social sciences rely too heavily on quantitative research and formal models and have attempted to develop and refine rigorous methods for using case studies This text presents a comprehensive analysis of research methods using case studies and examines the place of case studies in social science methodology It argues that case studies statistical methods and formal models are complementary rather than competitive The book explains how to design case study research that will produce results useful to policymakers and emphasizes the importance of developing policy relevant theories It offers three major contributions to case study methodology an emphasis on the importance of within case analysis a detailed discussion of process tracing and development of the concept of typological theories Case Studies and Theory Development in the Social Sciences will be particularly useful to graduate students and scholars in social science methodology and the philosophy of science as well as to those designing new research projects and will contribute greatly to the broader debate about scientific methods *International Theory and German Foreign Policy* Jakub Eberle, Alister Miskimmon, 2022-06-23 The central aim of this book is to foster connections between scholarly discussions of German foreign policy and broader theoretical debates in International Relations and beyond While there has been a lively discussion about new German foreign policy this book argues that it has not engaged substantially with international and foreign policy theory especially with respect to its more recent developments Reviewing the recent literature on German foreign policy this book posits that the most discussed works are still largely provided by the Altmeister Maull Szabo Bulmer and Paterson who were already dominating the field a quarter of a century ago While there is a general decline in the academic study of German foreign policy the chapters in this edited volume show that a range of novel theoretically sophisticated but often disconnected scholarship has appeared on the margins This book contributes to this emerging work by providing conceptual interrogations which question the existing research and provide theoretically grounded alternatives initiating critical discussions and evaluations of the nature of Germany's actorness and the environment in which it operates and proposing applications of less familiar perspectives on German foreign policy The chapters in this book were originally published as a special issue of German Politics *German Foreign Policy Since Unification*, 2001 **Germany's Foreign Policy of**

**Reconciliation** Lily Gardner Feldman, 2014-07-16 Since World War II Germany has confronted its own history to earn acceptance in the family of nations Lily Gardner Feldman draws on the literature of religion philosophy social psychology law and political science and history to understand Germany's foreign policy with its moral and pragmatic motivations and to develop the concept of international reconciliation Germany's Foreign Policy of Reconciliation traces Germany's path from enmity to amity by focusing on the behavior of individual leaders governments and non governmental actors The book demonstrates that at least in the cases of France Israel Poland and Czechoslovakia the Czech Republic Germany has gone far beyond banishing war with its former enemies it has institutionalized active friendship The German experience is now a model of its own offering lessons for other cases of international reconciliation Gardner Feldman concludes with an initial application of German reconciliation insights to the other principal post World War II pariah as Japan expands its relations with China and South Korea

**Foreign Policy in Comparative Perspective** Ryan K. Beasley, Juliet Kaarbo, Jeffrey S. Lantis, Michael T. Snarr, 2012-04-25 Widely regarded as the most comprehensive comparative foreign policy text Foreign Policy in Comparative Perspective has been completely updated in this much anticipated second edition Exploring the foreign policies of thirteen nations both major and emerging players and representing all regions of the world chapter authors link the study of international relations to domestic politics while treating each nation according to individual histories and contemporary dilemmas The book's accessible theoretical framework is designed to enable comparative analysis helping students discern patterns to understand why a state acts as it does in foreign affairs

*Power and German Foreign Policy* B. Crawford, 2007-09-28 What will German foreign policy look like in 2015 This book speculates by making a provocative argument what drives German foreign policy is its power position in Europe and on the international stage Crawford examines Germany's manoeuvres in the Balkans its role in EMU and its leadership in curbing Europe's proliferation of WMD technology

**25 Years Berlin Republic** Todd Herzog, Anna Senuysal, Tanja Nusser, 2019-02-21 25 Years Berlin Republic takes stock of the state of German unification a quarter of a century into the ongoing project that is the Berlin Republic Thirteen scholars artists and public figures from diverse backgrounds document the changing hopes and fears successes and challenges that face the republic as it negotiates its way through the 21st century Taking up a broad assessment of German culture ranging from sports to religion painting to map making film to foreign policy these studies combine personal experiences with critical analysis in order to understand the Berlin Republic today The resulting portrait reveals a complex diverse and constantly developing Republic that continues to ask the same essential question that has been at the center of discussions since the dramatic events that gave birth to the Republic Sind wir ein Volk

**German Strategic Culture Revisited** Tobias Wilke, 2007 On the background of the heated debates on the extension of the Bundeswehr's spatial and functional remit since the mid 1990s the EU member states readiness to agree on the 2003 European Security Strategy appears puzzling as this document sets the normative and ideational framework for a new kind of robust military engagement

on a global scale Employing epistemological ideas of the concept of strategic culture on basis of a constructivist ontology this book explores the causal mechanisms sufficient for the origin and adaptation of a pacifist turned normal German strategic culture

*Handbook of Public Policy* B Guy Peters, Jon Pierre, 2006-07-20 The new handbook by Peters and Pierre provides an invaluable addition to the literature It offers new scholars and practitioners a means to navigate many of the complex theoretical and practical issues in contemporary policy analysis Mark Considine University of Melbourne The public policies of governments affect the lives and livelihoods of citizens every day in every country around the world This handbook provides a comprehensive review and guide to the study theory and practice of public policy today Section One Making Policy introduces the policy making process the means by which public policies are formulated adopted and implemented and serves to review the many competing conceptualizations within the field Section Two Substantive Policy Areas focuses on a number of substantive policy areas to consider both diversity and commonalities across different sectoral policy areas Section Three Evaluating Public Policy addresses issues of policy analysis more directly and assesses successes and failures in public policy in an attempt to answer the question what is good policy The concluding chapter considers the different disciplinary contributions to the research and study of public policy both retrospectively and prospectively Drawing contributions from leading academics and policy analysts from around the world the handbook illustrates the changing role of governments vis vis the public and private sector and the different policy actors national and international governmental and non governmental involved in the policy making process It will be an essential companion for all advanced undergraduates graduates academics and practitioners across public policy and public administration public management government and political science

**India's Africa Policy** Philipp Gieg, 2023-06-03 The book analyses how India's rise to the status of an emerging power has affected New Delhi's Africa policy after sketching the historical evolution and normative underpinnings of Indo African relations and what challenges it has brought for New Delhi's engagement with the continent India and Africa share a history dating back millennia Today India is one of Africa's biggest trading partner countries second only to China The country regularly extends lines of credit worth billions to African nations and its pharmaceutical producers dominate many African markets almost one fifth of India's oil imports and more than one quarter of its natural gas imports come from the continent However relations between India and Africa are far from being limited to economic cooperation The book scrutinises three foreign policy fields 1 India's foreign economic policy towards Africa with an in depth analysis of Indo African trade investment and lines of credit 2 New Delhi's development cooperation policy vis vis Africa its principles instruments and volume 3 India's politico diplomatic foreign and security policy vis vis Africa including New Delhi's high level diplomacy security and diaspora policy as well as multilateral Africa policy

Old Europe, New Europe and the US Tom Lansford, 2017-07-05 Iraq can be considered the perfect storm which brought out the stark differences between the US and Europe The disagreement over the role of the United Nations continues and the bitterness in the United States against

its betrayal by allies like France is not diminishing Meanwhile the standing of the United States among the European public has plummeted Within Europe political tensions between what US Secretary of Defense Donald Rumsfeld euphemistically called the Old Europe and the New Europe continue to divide To fully comprehend these rifts this volume takes a specific look at the core security priorities of each European state and whether these interests are best served through closer security collaboration with the US or with emerging European structures such as the European Rapid Reaction Force It analyzes the contribution each state would make to transatlantic security the role they envisage for existing security structures such as NATO and the role the US would play in transatlantic security

**German Electoral Politics** Geoffrey K. Roberts, 2013-07-19 The study of German electoral politics has been neglected of late despite being one of the most pervasive elements of the German political process Geoffrey Roberts exciting new book argues that concentration on electoral politics facilitates deeper understanding and appreciation of German political system It provides explanations and analysis of the federal electoral system its evolution and the challenges which have been made to its format discusses the role of electoral politics in relation to political parties It goes on to evaluate the effectiveness of the German electoral system in relation to its functions and challenges the premise that electoral politics makes a difference in Germany Ultimately the book aims to reconcile the apparently limited role which elections have in determining the composition of governments with the notion that there is a permanent election campaign in existence in German politics

Comparative International Politics of Democracy Promotion Jonas Wolff, Hans-Joachim Spanger, Hans-Jürgen Puhle, 2013-09-11 Though scholarly attention to democracy promotion is increasing there is still little comparative and theoretically based work on the protagonists of democracy promotion This book investigates the motives that drive democracy promotion in a comparative and theoretically oriented manner exploring how democracy promoters deal with conflicting objectives and the factors that shape their behaviour It also addresses the more policy oriented debate on the contemporary challenges to democracy promotion focusing on US and German policies towards three kinds of challenges the emergence of radical leftist governments in Bolivia and Ecuador the political rise of Islamist movements in Turkey and Pakistan and the consolidation of semi authoritarian rule in Belarus and Russia In each case North Western democracy promoters have been confronted with serious conflicts of objectives between security economic interests and democracy promotion The analysis and comparison of such situations in which democracy promoters have to deal with competing objectives and make tough decisions provides powerful evidence as to the factors that shape democracy promotion The Comparative International Politics of Democracy Promotion will be of interest to students and scholars of international relations comparative politics democratization studies and foreign policy

Palestine in EU and Russian Foreign Policy Malath Alagha, 2016-10-04 The establishment of a Palestinian state has long been a strategic objective of EU and Russian foreign policy in the Middle East However over a decade after the creation of the road map the establishment of an independent Palestinian state has still not been achieved

Palestine in EU and Russian Foreign Policy uses the school of constructivism to provide a new understanding of EU and Russian foreign policy. It explores the failure of these global actors to speed up the process of establishing a Palestinian state despite this being a strategic objective and top priority of their involvement in the Middle East peace process. The book then analyses the role of identity and self other perception in the making of EU and Russian foreign policy towards the Middle East peace process. It is argued that Palestinian statehood provides a telling empirical example of how and to what extent the search for global actorness as a matter of international identity informs foreign policy making by global actors. The book then proceeds to discuss why the EU and Russia are so eager to be involved in initiating a peace settlement. Offering a new understanding of foreign policy making by global players in Middle Eastern politics, this book will appeal to students, scholars and policymakers working in International Relations and European, Russian and Middle Eastern studies.

The SAGE Handbook of European Foreign Policy Knud Erik Jorgensen, Aasne Kalland Aarstad, Edith Drieskens, Katie Laatikainen, Ben Tonra, 2015-04-30. During the last two decades the study of European foreign policy has experienced remarkable growth, presumably reflecting a more significant international role of the European Union. The Union has significantly expanded its policy portfolio and though empty symbolic politics still exists, the Union's international relations have become more substantial and its foreign policy more focused. European foreign policy has become a dynamic policy area being adapted to changing challenges and environments such as the Arab Spring, new emerging economies, powers, the crisis of multilateralism and much more. The SAGE Handbook of European Foreign Policy Two Volume set is a major reference work for Foreign Policy Programmes around the world. The Handbook is designed to be accessible to graduate and postgraduate students in a wide variety of disciplines across the humanities and social sciences. Both volumes are structured to address areas of critical concern to scholars at the cutting edge of all major dimensions of foreign policy. The volumes are composed of original chapters written specifically to the following themes: Research traditions and historical experience, Theoretical perspectives, EU actors, State actors, Societal actors, The politics of European foreign policy, Bilateral relations, Relations with multilateral institutions, Individual policies, Transnational challenges. The Handbook will be an essential reference for both advanced students and scholars.

*The transatlantic divide* Osvaldo Croci, Amy Verdun, 2024-07-30. This book, available in paperback for the first time, examines the period between the military intervention against Serbia by NATO and the one in Iraq by the US. It has been a particularly turbulent one for transatlantic security relations. Is the malaise currently affecting the Transatlantic Alliance more serious than ever before and if so why? Will differences in the assessment of how to provide order and stability in the international system as well as in the evaluation of threats and how to respond to them mark the end of the Transatlantic Alliance? Or will the US, NATO, the EU and EU member states work together using different instruments and accepting a degree of division of labour to pacify, stabilise and rebuild troublesome areas as they have done in South Eastern Europe? This book, with contributions from leading American, Canadian and European scholars, analyses the reasons behind

the latest crisis of the Transatlantic Alliance and dissects its manifestations

**Foreign Policy, Domestic Politics and International Relations** Elisabetta Brighi, 2013-10-01 This book offers a re examination of foreign policy in its relation with domestic politics and international relations IR Bringing together a vast body of literature from IR foreign policy analysis comparative politics and public policy this book systematically reconceptualises foreign policy as a dialectic produced by the interplay of context strategy and discourse It argues that foreign policy defies easy understandings and necessitates a complex framework of analysis introducing the Strategic Relational Model as conceptualised in critical realism for the first time to the field of foreign policy analysis Combining a comprehensive investigation of the last century of Italian foreign policy with an exploration of a key theoretical issue within the field of foreign policy analysis and IR this book analyses key episodes within Italian foreign policy including Italy s Cold War alliance politics colonial interventions fascist foreign policy and Italy s participation in the wars of Kosovo Iraq and Afghanistan It provides a comprehensive and up to date account of the long term historical trajectory of Italian foreign policy from the Liberal age to the Second Republic including all four governments of Silvio Berlusconi Foreign Policy Domestic Politics and International Relations will be of interest to students and scholars of International Relations Foreign Policy Analysis and Italian politics

*The Länder and German federalism* Arthur Gunlicks, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license An illuminating introduction to how the Lander the sixteen states of Germany function not only within the country itself but also within the wider context of European political affairs Looks at the Lander in the constitutional order of the country and the political and administrative system Their organization and administration is fully covered as is their financial administration The role of parties and elections in the Lander is looked at and the importance of their parliaments The first work in the English language that considers the Lander in this depth

*Japan and Germany as Regional Actors* Alexandra Sakaki, 2012-09-10 The end of the Cold War and the bipolar era constituted a significant change in Germany s and Japan s foreign policy settings granting both countries greater leeway to pursue policies divergent from Washington s strategy This important book fills a gap in the existing literature by employing an explicitly comparative framework for analyzing and evaluating Germany s and Japan s post Cold War regional foreign policy trajectories Recent non comparative studies diverge in their assessments of the extent to which the two countries foreign policies are characterized by continuity or change as while the majority of analyses on Germany find overall continuity in policies and guiding principles prominent works on Japan see the country undergoing drastic change Through a qualitative content analysis of key foreign policy speeches this book traces and compares German and Japanese national role conceptions by identifying policymakers perceived duties and responsibilities of their country in international politics Further through two case studies on missile defence policies and textbook disputes this study investigates actual foreign policy behaviour in order to question the assertion that post Cold War Germany and Japan are following very different paths Providing a much needed new analysis of

German and Japanese foreign policies this book will be of great use to students and scholars interested in Japanese politics  
German politics comparative politics and international relations more generally

## **German Foreign Policy Since Unification Theories And Case Studies** Book Review: Unveiling the Power of Words
