

belief that Portuguese emigrants quitted the Peninsula for the colonies "sans esprit de retour" to their homeland; and his contention that ". . . l'économie portugaise a beaucoup gagné en solidité après 1570 . . . [mais] elle a beaucoup perdu après 1670. . . ." (pp. 500, 501, and 513).

Encyclopedic in coverage, provocative in interpretation, *Portugal et l'Atlantique* will long remain an essential reference work for scholars interested in many different aspects of the problems the author has so profitably examined. Frédéric Mauro has clearly emerged as one of the leaders of that small group of scholars on three continents which has done much in the past generation to illuminate the economic history of Portugal and of her once-great empire. But as his book clearly indicates, their task is far from completed. Recruits are welcome.

DAURIL ALDEN, *University of Washington*

George Tucker: Moral Philosopher and Man of Letters. By Robert Colin McLean. Chapel Hill: University of North Carolina Press, 1961. Pp. xl, 265. \$6.00.

George Tucker, like a number of other southern *ante-bellum* economists, has been the subject of increasing attention in recent years. His estimates of national income and wealth and his contributions to demography give him a place as a pioneering American statistician. His studies of the theory of value, money and banking, national debts, internal improvements, urbanization and industrialization, were on a high level of sophistication.

Tucker also played a prominent role in the development of economics as an academic discipline. He introduced the subject into the curriculum of the newly established University of Virginia, to which he was appointed upon the recommendation of ex-presidents Jefferson and Madison.

Tucker achieved prominence not only in economics, but also in all the other social sciences, in philosophy, and in literature. In the latter, he was a practitioner as well as a teacher, and wrote poems, satires, and novels. In addition he served in the Virginia legislature and in the Federal House of Representatives, and he engaged in a variety of business ventures.

Tucker's contributions to economics, sociology, history, philosophy and literature have been discussed in articles and in the histories of the particular disciplines which he taught. Robert McLean has made the first full-length study of the man and his works. The first part of *George Tucker: Moral Philosopher and Man of Letters* is biographical. The second discusses Tucker as a man of letters. The final part, which is on Tucker as southern thinker, has chapters on "Aesthetics and Literature," "Philosophical Theory," "Domestic Slavery" and "Progress and Civilization."

The author states that he is less comprehensive on Tucker's economics than on the other aspects of Tucker's work. He explains that "studies of Tucker as an economist are both comprehensive and sound, and I have therefore not systematically discussed his contribution in this field." But he has done fruitful work on two aspects of Tucker's economics: (1) Tucker's use of the Malthusian doctrine of population in his prediction of the demise of slavery; (2) Tucker's suggestive analysis of economic growth.

George Tucker Moral Philosopher And Man Of Letters

Alan Taylor

George Tucker Moral Philosopher And Man Of Letters:

George Tucker, Moral Philosopher and Man of Letters Robert Colin McLean, 1961 *Dictionary of Early American Philosophers* John R. Shook, 2012-04-05 The Dictionary of Early American Philosophers which contains over 400 entries by nearly 300 authors provides an account of philosophical thought in the United States and Canada between 1600 and 1860. The label of philosopher has been broadly applied in this Dictionary to intellectuals who have made philosophical contributions regardless of academic career or professional title. Most figures were not academic philosophers as few such positions existed then but they did work on philosophical issues and explored philosophical questions involved in such fields as pedagogy, rhetoric, the arts, history, politics, economics, sociology, psychology, medicine, anthropology, religion, metaphysics, and the natural sciences. Each entry begins with biographical and career information and continues with a discussion of the subject's writings, teaching, and thought. A cross-referencing system refers the reader to other entries. The concluding bibliography lists significant publications by the subject, posthumous editions, and collected works, and further reading about the subject.

The Legacy of St. George Tucker Chad Vanderford, 2024-01-12 In *The Legacy of St. George Tucker*, Chad Vanderford provides a cogent longitudinal explication of how Virginia intellectuals constructed and defined proslavery ideology and state rights. He reminds twenty-first century readers that in order to judge late eighteenth and early nineteenth century thinkers fairly, they must position basic political ideas within the context of their day, not ours. Vanderford's book will prove valuable not only for students and researchers of political theory but also of southern intellectual life and the political worlds of the Colonial, Early National, and Old South. John David Smith, Charles H. Stone, Distinguished Professor of American History, University of North Carolina at Charlotte. Historians born during and after the Civil Rights movement have struggled to take the proslavery and prosecession arguments of the eighteenth and nineteenth century South seriously. They generally tend to lump the two theories together as components of one ideology and then attempt to write it out of the political norms of American life. In this groundbreaking study, Vanderford isolates the different ideological strands in southern political thought of this era and works to understand these ideas in the context of their time. St. George Tucker (1752-1827), Founding Father, professor, and political theorist, saw clearly that slavery runs against the grain of the values articulated in the Declaration of Independence. Under certain narrowly construed circumstances, however, he thought it necessary to tolerate slavery. He viewed secession as an extreme step but one that the Declaration of Independence left open as a possibility for all free states. St. George Tucker's arguments hinged on a modern view of natural right that builds on the premise that political power can only be legitimate if it rests on the consent of the governed. He believed that equally free and independent individuals constructed a voluntary union of equally free and independent states. His son, Henry Tucker (1780-1848), and grandson, John Randolph Tucker (1823-1897), sought to defend this ideology of modern natural right against fellow professors North and South who tended to replace it with the ancient ideology of natural right, the view that wisdom gives one the title

to command Many southern intellectuals came to believe that individuals are not equally free and independent by nature many northerners came to argue that the states had never been equally free and independent These disagreements contributed to the outbreak of the Civil War At once a work of intellectual history that shows the key role played by professors in helping to formulate southern ideology as well as a recovery of rarely explored arguments this work wrestles with one of the greatest challenges of intellectual history the effort to understand the most controversial ideas of the past on their own terms while searching for the genealogy that connects the past to the present CHAD VANDERFORD is an associate professor of history at the University of Texas of the Permian Basin His articles and reviews have appears in publications including Civil War History the Journal of Southern History and the Virginia Magazine of History and Biography

The Bloomsbury Encyclopedia of Philosophers in America John R. Shook,2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history

The Papers of Thomas Jefferson, Volume 37 Thomas Jefferson,1950 V 36 1 December 1801 to 3 March 1802

The Bloomsbury Encyclopedia of the American Enlightenment Mark G. Spencer,2015-02-26 The first reference work on one of the key subjects in American history filling an important gap in the literature with over 500 original essays

All Clever Men, Who Make Their Way Michael O'Brien,2008-05-01 From the pages of forgotten journals and literary magazines Michael O'Brien assembles fourteen pieces that effectively challenge the long prevailing notion that the mind of the Old South was superficial unintellectual and obsessed with race and slavery In this book are discourses on subjects ranging from English empirical thought to neoclassical aesthetics from the enfranchisement of women to transcendental theology from the works of Hawthorne and Emerson to the social system of Virginia

A History of American Philosophy Herbert Wallace Schneider,1946-01-01 The present work treats of several aspects of American philosophy in their historical perspective The author has interpreted philosophically the revolutionary changes that recent years have brought in the domain of education church politics natural sciences etc The reader will find herein that American

Philosophy is the outgrowth of impacts of new life and new directions imported by waves of immigration More conspicuous are the recent intellectual imports from Cambridge Paris and Vienna The philosophical analysis that grew up in Cambridge under the leadership of Whitehead Russell and Moore the sophisticated modernized versions of Catholic scholasticism from Paris and the schools of value theory existentialism phenomenology logical positivism psychoanalysis and socialism from Vienna these are now pervasive forces in American culture The author has ventured to predict that the types of philosophical thought described in this volume are being radically revised reviewed and reconstructed because of these new importations that a decidedly new chapter in American philosophy is being written The author has tried well to expound what American history teaches or what American philosophy stands for *Economists and Higher Learning in the Nineteenth Century* William J. Barber, 1993-01-01 Many economists who struggled to establish a secure place for their discipline in American universities in the nineteenth century made significant contributions to reshaping American academic life in general Yet they were often at war among themselves as they sought to define the mission and methods of economics in an era of social and intellectual ferment This volume represents the contribution of American scholars to a multinational research project on the institutionalization of political economy in European Japanese and North American universities It includes case studies of divergent experiences of fourteen institutions that figured prominently in the molding of American culture William Mary The University of Virginia South Carolina College Brown Harvard Yale Columbia Johns Hopkins The University of Pennsylvania The University of Chicago The University of California Stanford The University of Wisconsin and the Massachusetts Institute of Technology These are supplemented in an essay by A W Coats on the turbulent early decades of the American Economic Association In this new introduction Barber takes note of the fact that in a somewhat different context and with a modified rhetoric the same issues present themselves today as they did one hundred years earlier And this in turn introduces some troubling concerns about just what sort of science economics is and was The volume as a whole can be read as reflections on the troubled status of the discipline of economics as it now exists in American university and research contexts It provides fresh perspectives on the development of social science and economic thought and on the history of higher education in the United States As such it will be of very great interest to professional economists students of higher education and those for whom the life of American ideas holds a central place *The Origins of the Southern Middle Class, 1800-1861* Jonathan Daniel Wells, 2005-11-16 With a fresh take on social dynamics in the antebellum South Jonathan Daniel Wells contests the popular idea that the Old South was a region of essentially two classes planters and slaves until after the Civil War He argues that in fact the region had a burgeoning white middle class including merchants doctors and teachers that had a profound impact on southern culture the debate over slavery and the coming of the Civil War Wells shows that the growth of the periodical press after 1820 helped build a cultural bridge between the North and the South and the emerging southern middle class seized upon northern middle class ideas about gender roles and reform politics and the virtues of modernization

Even as it sought to emulate northern progress however the southern middle class never abandoned its attachment to slavery By the 1850s Wells argues the prospect of industrial slavery in the South threatened northern capital and labor causing sectional relations to shift from cooperative to competitive Rather than simply pitting a backward slave labor agrarian South against a progressive free labor industrial North Wells argues that the Civil War reflected a more complex interplay of economic and cultural values

In the Eye of All Trade Michael J. Jarvis, 2012-12-01 In an exploration of the oceanic connections of the Atlantic world Michael J Jarvis recovers a mariner's view of early America as seen through the eyes of Bermuda's seafarers The first social history of eighteenth century Bermuda this book profiles how one especially intensive maritime community capitalized on its position in the eye of all trade Jarvis takes readers aboard small Bermudian sloops and follows white and enslaved sailors as they shuttled cargoes between ports raked salt harvested timber salvaged shipwrecks hunted whales captured prizes and smuggled contraband in an expansive maritime sphere spanning Great Britain's North American and Caribbean colonies In doing so he shows how humble sailors and seafaring slaves operating small family owned vessels were significant but underappreciated agents of Atlantic integration The American Revolution starkly revealed the extent of British America's integration before 1775 as it shattered interregional links that Bermudians had helped to forge Reliant on North America for food and customers Bermudians faced disaster at the conflict's start A bold act of treason enabled islanders to continue trade with their rebellious neighbors and helped them to survive and even prosper in an Atlantic world at war Ultimately however the creation of the United States ended Bermuda's economic independence and doomed the island's maritime economy

Jefferson's Freeholders and the Politics of Ownership in the Old Dominion Christopher Michael Curtis, 2012-04-30 Jefferson's Freeholders and the Politics of Ownership in the Old Dominion explores the historical processes by which Virginia was transformed from a British colony into a Southern slave state It focuses on changing conceptualizations of ownership and emphasizes the persistent influence of the English common law on Virginia's postcolonial political culture The book explains how the traditional characteristics of land tenure became subverted by the dynamic contractual relations of a commercial economy and assesses the political consequences of the law reforms that were necessitated by these developments Nineteenth century reforms seeking to reconcile the common law with modern commercial practices embraced new democratic expressions about the economic and political power of labor and thereby encouraged the idea that slavery was an essential element in sustaining republican government in Virginia By the 1850s the ownership of human property had replaced the ownership of land as the distinguishing basis for political power with tragic consequences for the Old Dominion

American Philosophy: An Encyclopedia John Lachs, Robert B. Talisse, 2008-03-31 The Encyclopedia of American Philosophy provides coverage of the major figures concepts historical periods and traditions in American philosophical thought Containing over 600 entries written by scholars who are experts in the field this Encyclopedia is the first of its kind It is a scholarly reference work that is accessible to the ordinary reader by explaining

complex ideas in simple terms and providing ample cross references to facilitate further study The Encyclopedia of American Philosophy contains a thorough analytical index and will serve as a standard comprehensive reference work for universities and colleges Topics covered include Great philosophers Emerson Dewey James Royce Peirce Santayana Subjects Pragmatism Progress the Future Knowledge Democracy Growth Truth Influences on American Philosophy Hegel Aristotle Plato British Enlightenment Reformation Self Assessments Joe Margolis Donald Davidson Susan Haack Peter Hare John McDermott Stanley Cavell Ethics Value Pleasure Happiness Duty Judgment Growth Political Philosophy Declaration of Independence Democracy Freedom Liberalism Community Identity *The Virginia Quarterly Review*, 1961 *Principle and Interest* Herbert E. Sloan, 2001 Eloquently written and exhaustively researched Principle and Interest provides a unique perspective on a range of topics revolutionary ideology political economy the mechanics of party organization central to an understanding of the period *An Unfamiliar America* Ari Helo, Mikko Saikku, 2020-11-12 This collection focuses on conceptions of the unfamiliar from the viewpoint of mainstream American history aliens immigrants ethnic groups and previously unencountered ideas and ideologies in Trumpian America The book suggests bringing historical thinking back to the center of American Studies given that it has been recently challenged by the influential memory studies boom As much as identity building appears to be the central concern for much of the current practice in American history writing it is worth keeping in mind that historical truth may not always directly contribute to one's identity building The researcher's constant quest for truth does not equate to already possessing it History changes all the time because it consists of our constant reinterpretation of the past It is only the past that does not change This collection aims at keeping these two apart while scrutinizing a variety of contested topics in American history from xenophobic attitudes toward eighteenth century university professors Apache masculinity Ku Klux Klan Tom Waits's lyrics and the politics of the Trump era *Lethal Imagination* Michael A. Bellesiles, 1999-03 Examining the role of violence in America's past this collection of essays explores its history and development from slave patrols in the colonial South to gun ownership in the 20th century The contributors focus not only on individual acts such as domestic violence murder duelling frontier vigilantism and rape but also on group and state led acts such as lynchings slave uprisings the establishment of rifle clubs legal sanctions of heterosexual aggression and invasive medical experiments on women's bodies 'Agrarians' and 'Aristocrats' John Ashworth, 1987-03-27 Cover title Agrarians aristocrats Includes index Bibliography p 280 312 **The Internal Enemy: Slavery and War in Virginia, 1772-1832** Alan Taylor, 2013-09-09 Winner of the Pulitzer Prize for History Finalist for the National Book Award Finalist for the Los Angeles Times Book Prize Impressively researched and beautifully crafted a brilliant account of slavery in Virginia during and after the Revolution Mark M Smith Wall Street Journal Frederick Douglass recalled that slaves living along Chesapeake Bay longingly viewed sailing ships as freedom's swift winged angels In 1813 those angels appeared in the bay as British warships coming to punish the Americans for declaring war on the empire Over many nights hundreds of slaves

paddled out to the warships seeking protection for their families from the ravages of slavery The runaways pressured the British admirals into becoming liberators As guides pilots sailors and marines the former slaves used their intimate knowledge of the countryside to transform the war They enabled the British to escalate their onshore attacks and to capture and burn Washington D C Tidewater masters had long dreaded their slaves as an internal enemy By mobilizing that enemy the war ignited the deepest fears of Chesapeake slaveholders It also alienated Virginians from a national government that had neglected their defense Instead they turned south their interests aligning more and more with their section In 1820 Thomas Jefferson observed of sectionalism Like a firebell in the night it awakened and filled me with terror I considered it at once the knell of the union The notes of alarm in Jefferson s comment speak of the fear aroused by the recent crisis over slavery in his home state His vision of a cataclysm to come proved prescient Jefferson s startling observation registered a turn in the nation s course a pivot from the national purpose of the founding toward the threat of disunion Drawn from new sources Alan Taylor s riveting narrative re creates the events that inspired black Virginians haunted slaveholders and set the nation on a new and dangerous course **The Alumni Bulletin of the University of Virginia** ,1917

Eventually, you will no question discover a supplementary experience and capability by spending more cash. nevertheless when? complete you resign yourself to that you require to acquire those every needs as soon as having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will guide you to comprehend even more in relation to the globe, experience, some places, bearing in mind history, amusement, and a lot more?

It is your definitely own epoch to affect reviewing habit. in the middle of guides you could enjoy now is **George Tucker Moral Philosopher And Man Of Letters** below.

George Tucker Moral Philosopher And Man Of Letters Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free George Tucker Moral Philosopher And Man Of Letters PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and

pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free George Tucker Moral Philosopher And Man Of Letters PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of George Tucker Moral Philosopher And Man Of Letters free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About George Tucker Moral Philosopher And Man Of Letters Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. George Tucker Moral Philosopher And Man Of Letters is one of the best book in our library for free trial. We provide copy of George Tucker Moral Philosopher And Man Of Letters in digital format, so the resources that you find are reliable. There are also many Ebooks of related with George Tucker Moral Philosopher And Man Of Letters. Where to download George Tucker Moral Philosopher And Man Of Letters online for free? Are you looking for George Tucker Moral Philosopher And Man Of Letters PDF? This is definitely going to save you time and cash in something you should think about.
