Grasping Gallipoli Peter Chasseaud,Peter Doyle,2015-03-02 The failure of the Gallipoli campaign was instantly blamed on a great untruth that the War Office was unprepared This book incorporating information unavailable elsewhere shows that in fact the WO and the Admiralty had amassed a huge amount of data Aerial reconnaissance had played a part even Lawrence of Arabia had done his bit The War Office knew all about Greek plans to capture the peninsula and one plan was even Anglo Greek The authors examine all the intelligence and how it was used or ignored and in the process in the words of the late Richard Holmes they illuminate a wildly beautiful landscape which never fails to charm and shock me in equal measure
