

A Student Book Unit

The unit opener includes a "Find It" vocabulary item that children search for throughout the unit. Children use picture clues to predict the unit theme, and they work on academic skills such as reasoning and critical thinking.

Target language is introduced and practiced with half of the new vocabulary. Children play games and sing songs.

A new context is used to review the target structure presented on the previous page. Children are introduced to the second half of the new target vocabulary, which is related to the vocabulary learned on the previous page.

Children use Press-outs in Level 1 to practice vocabulary and structures. This psychomotor skill helps advance children's readiness.

Children are introduced to some math concepts, including shapes and numbers.

Reading and writing development begins here. In Level 1 the focus is on colors, since sounds and letters have not yet been introduced.
