[Unbelievable Crimes Volume Six](#) Daniela Airlie, Join me in exploring some of the most heinous crimes known to man in Unbelievable Crimes Volume Six In this installment I ll cover the story of a female spree killer whose lust for blood saw her take the lives of three men and try to murder two more unsuspecting victims The purpose of her crimes In her own words it was for fun I ll also delve into a most frustrating crime a cold case dating back to 1968 where a teen girl was

mercilessly murdered by an unknown assailant While I find cold cases frustrating due to the lack of closure they bring crimes as horrific as this ought to be dredged up from the archives of true crime To forget them is to abandon hope of the killer being brought to justice Come with me to 1970s Texas to learn about the shocking serial killer known as The Pied Piper This criminal sought teenage boys to carry out his wicked crimes and even enlisted the help of a teenager to lure youngsters to his home What would then occur in his house of horrors is nothing short of nightmarish The ending to this case is compatible with a twisted horror movie Then there s the disturbing case of the Welsh cannibal The man lured his victim back to a hotel room with him before barbarically attacking her The hotel owner heard the screams coming from room seven so she unlocked the door only to be greeted with an awfully bloody sight She raced to call the police screaming down the phone He s eating her Join me in understanding more about these crimes as well as six more lesser known cases in Unbelievable Crimes Volume Six As with all content covering true crime this book contains descriptions of violence assaults and murder

and Germany at the turn of the century looking for new opportunities and a different life But in other ways they are anything but typical a close knit clan shielding explosive family secrets from generation to generation Rebecca is determined to not only embrace her family s proud heritage but also learn what really happened From the awestruck hope of Ellis Island to the pride of becoming US citizens from the lonely courage of establishing homesteads in the Midwest to embracing the community and caring of the church from bonds of love to the burdens of shared secrets Lake of the Cedars is a multi generational American family saga that will keep you enthralled      *Shamrock* Robert Honea,2004-10 With the government that ruled over them arbitrary and capricious the stage was set for a new kind of trouble While none could yet imagine its size or brutality its symbol would come in the form of a fiery cross Born of men in hoods and robes known by many names it would be the Klan Founded by a group of Confederate veterans in a small town in Tennessee soon after the succession of hostilities their numbers would swell until they became a shadow government Although subversive with tentacles extending into the nation s capitol it would influence politics on both the local and federal level well beyond the middle of the next century While it could be argued that due to conditions imposed upon the South immediately after the war such an organization was bound to emerge it is also true that it grew beyond anyone s expectations Although the organization did much to level the playing field in the post war years with its darker side soon overshadowing any good it might do the rest is history
