George Harris, Ziff-Davis Publishing Company, Our Lost Manhood - The Loss and Rebuilding of Masculinity in America C. T. B. Harris, 2001-11-01 This guide looks at manhood in a society where the male role has changed dramatically Dr Harris cuts through the confusion surrounding the definition of masculinity and provides tools that help readers find answers to their concerns over masculinity **The Emasculation of Men in America** William Bray, 2006-02-23 A war in being waged in American Society in an effort to strip males of their Manhood It is being waged by a number of repressive forces but it is most notably resulting from excessive force being used by Radical Feminists to serve the cause of women s rights While most agree that such a cause is just and needed it should not be necessary to step on men and then to kick them in order to raise the cause of women s rights to new heights In this process feminist writers are rewriting historical accounts of ancient Greece and Rome writing plays and making films showing males in passive or subservient roles and even attempting to rewrite the Bible suggesting Jesus had a wife and family This pure fabrication that Mary Magdalene was married to Jesus to serve the agenda of feminists whose goal may be to reduce Jesus to a kind of Dagwood Bumstead where Blondie gets credit for holding everything together should be considered blasphemy by every Christian The Emasculation of Men in America is intended to be a wake up call for men and women in society and to stimulate discussion in an effort to save the very identity of males and their sons in the future **Manhood in America** Michael S. Kimmel, 2012 For more than three decades the women s movement and its scholars have exhaustively studied women s complex history roles and struggles In *Manhood in America* Third Edition author Michael Kimmel argues that it is time for men to rediscover their own evolution Drawing on a myriad of sources he demonstrates that American men have been eternally frustrated by their efforts to keep up with constantly changing standards Kimmel contends that men must follow the lead of the women s movement it is only by mining their past for its best qualities and worst excesses that men will free themselves from the constraints of the masculine ideal The third edition discusses such timely topics as post 9 11 politics self made masculinities including those of Internet entrepreneurs presidential campaigns and gender politics It also covers contemporary debates about fatherlessness the biology of male aggression and pop psychologists like John Gray and Dr Laura Outlining the various ways in which manhood has been constructed and portrayed in America this engaging history is ideal as a main text for courses on masculinity or as a supplementary text for courses in gender studies and cultural history
