Embarrassing Moments in German, and how to Avoid Them. A ... Handbook of Correct German Usage Noah Jonathan Jacobs,1956      Embarrassing Moments in German and how to avoid them Noah J. Jacobs,1956      *The German-Hebrew Dialogue* Amir Eshel,Rachel Seelig,2017-12-18 In the wake of World War II and the Holocaust it seemed there was no place for German in Israel and no trace of Hebrew in Germany the two languages and their cultures appeared as divergent as the directions of their scripts Yet when placed side by side on opposing pages German and Hebrew converge in the middle Comprised of essays on literature history philosophy and the visual and performing arts this volume explores the mutual influence of two linguistic cultures long held as separate or even as diametrically opposed From Moses Mendelssohn s arrival in Berlin in 1748 to the recent wave of Israeli migration to Berlin the essays gathered here shed new light on the painful yet productive relationship between modern German and Hebrew cultures      **A German Pompadour** Marie Hay (Hon.),1906

**Historical Dictionary of German Cinema** Robert C. Reimer,Carol J. Reimer,2019-07-15 The History of German film is diverse and multi faceted This volume can only suggest the richness of a film tradition that includes five distinct German governments Wilhelmine Germany the Weimar Republic the Third Reich the Federal Republic of Germany West Germany and the German Democratic Republic East Germany s well as a reunited Germany two national industries Germany and Austria and a myriad of styles and production methods Paradoxically the political disruptions that have produced these distinct film eras as well as and the natural inclination of artists to rebel and create new styles allow for construction of a narrative of German film Disjuncture generates distinct points of separation and yet also highlights continuities between the ruptures This second edition of Historical Dictionary of German Cinema contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 200 cross referenced entries on directors actors films cinematographers composers producers and major historical events that greatly affected the direction and development of German cinema This book is an excellent resource for students researchers and anyone wanting to know more about German cinema      **The German's Tale, Kruitzner** Harriet Lee,1848      Disability in German-speaking Europe Linda Leskau,Tanja Nusser,Katherine Sorrels,2022 This collection reflects on the development of disability studies in German speaking Europe and brings together interdisciplinary perspectives on disability in German Austrian and Swiss history and culture Ableism remains the most socially acceptable form of intolerance with pejoratives referencing disability and intellectual disability in particular remaining largely unquestioned among many Yet the understanding depiction and representation of disability is also clearly in a process of transformation This volume analyzes that transformation taking a close look at attitudes toward disability in historical and contemporary German speaking contexts The volume begins with an overview of the emergence

and growth of disability studies in German speaking Europe against the background of the field's emergence a decade or so earlier in the US and UK The differences in timing methodology and research concentrations bring into focus how each cultural context has shaped the field of disability studies in its multiple and diverse approaches Building on recent scholarship that uses a cultural studies approach the volume's three sections analyze constructs of disability and ability in history memory and culture The essays in the history section examine how the emotions morality and power have played into and still do play into the individual's experience of disability Those in the memory section grapple with the origins of the Nazi persecution of people with disabilities the fight for recognition of this genocide and the politics of its commemoration Finally the culture section offers close readings of disability in literary and filmic texts from the twentieth and twenty-first centuries
