Exploring Psychoanalytic Concepts through Culture, the Arts and Contemporary Life Margaret Lush, Kate Robertson, 2025-04-24 This book explores how psychoanalytic ideas and thinking enhance our understanding and engagement with the creative arts and contemporary life Many of us love to read poetry and novels and enjoy the performing arts All of us take part in contemporary life But how might a psychoanalytic perspective deepen our understanding or enhance our experience in these areas What might we discover when we explore the unconscious dimensions of particular cultural artefacts and activities Based on the work of the longstanding Psychoanalytic Studies course at the Tavistock contributing authors draw on their experience of infant observation and psychoanalytic theory and apply them to

explorations of culturally diverse and wide ranging topics such as social work literature the act of littering a Palestinian poem and even a chart topping Korean pop song Blending a deep understanding of clinical work and a broad range of artistic endeavours this book will be key reading for psychoanalysts psychotherapists and anyone interested in understanding how psychoanalysis can inform art and life

**Psychotherapy and Politics** Nick Totton, 2000-03-23 This is one of the most comprehensive books that I have read that addresses the relationship between therapies the social and the political Comprehensive in the sense that it covers many areas in short but succinct chapters which focus on particular relationships in the field It is in some way a textbook rather than a monograph and I would imagine that students of the field would find it a useful source of reference that they would return to time and again Psychotherapy Politics SAGE s invariably stimulating book series Perspectives in Psychotherapy edited by Colin Feltham is certainly fortunate to be graced by the latest addition from Nick Totton who offers us a tour de force of the diverse and manifold ways in which therapy and politics interpenetrate and inform each other Richard House Self Society This is a truly outstanding book In a world riven with anger hatred fear and aggression it provides a window of rationality inspired by intelligence understanding and humanistic principles The Journal of Critical Psychology Counselling Psychotherapy This stimulating addition to SAGE s catalogues aims to give the practising counsellor therapist a multi dimensional overview of the various ways in which the political and psychotherapeutic worlds interface Association for University and College Counselling Newsletter This stimulating book explores the long standing relationship between psychotherapy and politics and argues that from the beginning psychotherapy has had a political face Documenting instances where ideas from psychotherapy have been incorporated into the political agenda the book demonstrates the practical value of psychotherapy as an instigator of social and political change Related to this attempts to understand and evaluate political life through the application of psychotherapeutic concepts are examined The author poses a number of key questions including What is human nature Are aggression and violence innate in us Is the therapeutic relationship inherently unequal And is the political an appropriate topic for therapy and counselling *The Capacity to Care* Wendy Hollway, 2007-01-24 Provides a unique theorization of the nature of selfhood drawing on developmental and object relations psychoanalysis philosophical and feminist literatures

confinement and health protection gestures to the challenge presented to the ordinary denial of mortality this book explores the lessons of what the pandemic can teach us about how to understand and treat collective distress individually and puts psychoanalytical tools to the test of the profound psychosocial upheavals that the twenty first century may hold in store This book will be of interest to practising and trainee clinicians and anyone with an interest in the all consuming effects of a global pandemic Contributions from Christopher Bollas Patricia Cardoso de Mello Bernard Chervet Joshua Durban Antonino Ferro Serge Frisch Steven Jaron Daniel Kupermann Howard Levine Francois Levy Riccardo Lombardi Elias Alberto Rocha Barros Michael Rustin Ana de Staal and Jean Jacques Tyszler      For and Against Psychoanalysis Stephen Frosh,1997 Stephen Frosh presents the arguments surrounding the therapeutic value and scientific standing of psychoanalysis He asks how psychoanalysis relates to the pressures of modern culture and society and assesses its values and limitations
