The Game Was Good to Me John Crawley, 2000-12-20 Yes The Game Was Good To Me until I discovered the Holy Spirit and Salvation becoming a Born Again Christian For many of my adult years I lived a life of wrong doings transgressions and sin My earliest recollections were as an earth bound child dragging a heavy gunnysack through fields of cotton and corn towering over my head I was a sharecropper's son barefooted and destined to toil for the rest of my life in a no win hard rock situation My family and I were indentured slaves to a harsh southern system From these humble beginnings I started a fantastic journey through self discipline and soul survivorship step by step through the nightmarish world of fil de joie and many devious adventures I became very successful and lived in a post enclave on the famed Sutton Place New York City I flew high rubbing shoulders with fast players movers and city slick shakers I covered many major cities as my fortunes ebbed and flowed but always came up smelling like a rose How sweet it was In The Game Was Good to Me I do not use the real names of my friends associates and acquaintances unless I have their full approval otherwise substitute names are used to protect their privacy I sincerely feel that my greedy story will be a warning to young men who may attempt to walk the same dangerous paths that I once followed

Morality and the Human Goods Alfonso Gómez-Lobo, 2001-12-18 A concise and accessible introduction to natural law ethics, this book introduces readers to the mainstream tradition of Western moral philosophy. Building on philosophers from Plato through Aquinas to John Finnis, Alfonso Gómez-Lobo links morality to the protection of basic human goods: life, family, friendship, work, and play, the experience of beauty, knowledge, and integrity—elements essential to a flourishing, happy human life. Gómez-Lobo begins with a discussion of Plato's *Crito* as an introduction to the practice of moral philosophy, showing that it requires that its participants treat each other as equals and offer rational arguments to persuade each other. He then puts forth a general principle for practical rationality: one should pursue what is good and avoid what is bad. The human goods form the basis for moral norms that provide a standard by which actions can be evaluated: do they support or harm the human goods? He argues that moral norms should be understood as a system of rules whose rationale is the protection and enhancement of human goods. A moral norm that does not enjoin the preservation or enhancement of a specific good is unjustifiable. Shifting to a case study approach, Gómez-Lobo applies these principles to a discussion of abortion and euthanasia. The book ends with a brief treatment of rival positions, including utilitarianism and libertarianism, and of conscience as our ultimate moral guide. Written as an introductory text for students of ethics and natural law, *Morality and the Human Goods* makes arguments consistent with Catholic teaching but is not based on theological considerations. The work falls squarely within the field of philosophical ethics and will be of interest to readers of any background.

Spiritual Warfare Ellis Smiley, 2016-05-11 Have you struggled with living the Christian life victoriously? Author Ellis Smiley discusses the challenges we face when we make the commitment to follow the Lord. Our sinful mind and character will follow our selfish desires unless we are changed from within by the power of the Holy Spirit. We are in a conflict for the salvation of our very souls, and we find that the worst enemy is our self. The struggle of giving in and letting God take control of our selfish, willful mind is the essence of *Spiritual Warfare*. The warfare against self is the greatest battle that was ever fought. The yielding of self, surrendering all to the will of God, requires a struggle, but the soul must submit to God before it can be renewed in holiness. *White Steps to Christ*, p. 43. Smiley reminds us of many key truths that we should be aware of to win the war. Along with the thoughtful consent we must give God to work out His will in our lives, we must keep our thoughts focused on pure and righteous content. We must live our lives as if in God's actual presence. Giving of ourselves to the service of others is also an important factor in living the selfless life of which God asks us. These ideas and more are explored to deepen our understanding of the battles we face in the life we choose to live with the Lord's help until He returns as our victorious Leader to take us home, once and for all.

Christine M. Korsgaard, 2018-06-18 Christine M Korsgaard presents a compelling new view of humans moral relationships to the other animals She defends the claim that we are obligated to treat all sentient beings as what Kant called ends in themselves Drawing on a theory of the good derived from Aristotle she offers an explanation of why animals are the sorts of beings for whom things can be good or bad She then turns to Kant's argument for the value of humanity to show that rationality commits us to claiming the standing of ends in ourselves in two senses Kant argued that as autonomous beings we claim to be ends in ourselves when we claim the standing to make laws for ourselves and each other Korsgaard argues that as beings who have a good we also claim to be ends in ourselves when we take the things that are good for us to be good absolutely and so worthy of pursuit The first claim commits us to joining with other autonomous beings in relations of moral reciprocity The second claim commits us to treating the good of every sentient creature as something of absolute importance Korsgaard argues that human beings are not more important than the other animals that our moral nature does not make us superior to the other animals and that our unique capacities do not make us better off than the other animals She criticizes the marginal cases argument and advances a new view of moral standing as attaching to the atemporal subjects of lives She criticizes Kant's own view that our duties to animals are indirect and offers a non utilitarian account of the relation between pleasure and the good She also addresses a number of directly practical questions whether we have the right to eat animals experiment on them make them work for us and fight in our wars and keep them as pets and how to understand the wrong that we do when we cause a species to go extinct
