## **Gorillas Among Us A Primate Ethnographers Of Days:**

Gorillas Among Us Dawn Prince-Hughes, 2001 Chronicles the days of a gorilla family offering insight into their diet communication behavior and recreation provoking human introspection      **Encyclopedia of Anthropology** H. James Birx, 2006 Focuses on physical social and applied anthropology archaeology linguistics and symbolic communication Topics include hominid evolution primate behaviour genetics ancient civilizations cross cultural studies and social theories

Songs of the Gorilla Nation Dawn Prince-Hughes, Ph.D., 2005-03-22 This is a book about autism Specifically it is about my autism which is both like and unlike other people s autism But just as much it is a story about how I emerged from the darkness of it into the beauty of it In this elegant and thought provoking memoir Dawn Prince Hughes traces her personal growth from undiagnosed autism to the moment when as a young woman she entered the Seattle Zoo and immediately became fascinated with the gorillas Having suffered from a lifelong inability to relate to people in a meaningful way Dawn was surprised to find herself irresistibly drawn to these great primates By observing them and later working with them she was finally able to emerge from her solitude and connect to living beings in a way she had never previously experienced Songs of the Gorilla Nation is more than a story of autism it is a paean to all that is important in life Dawn Prince Hughes s evocative story will undoubtedly have a lasting impact forcing us like the author herself to rediscover and assess our own understanding of human emotion      **Writers on the Spectrum** Julie Brown, 2010 Some of the world s most celebrated authors indicate signs of autism and AS Through analysis of biographies autobiographies letters and diaries Professor Julie Brown identifies literary talents who display characteristics of Autistic Spectrum Disorder ASD and uncovers the similarities in their writing that suggest atypical autistic brains      The Evolution of Human Consciousness and Linguistic Behavior , Karen A. Haworth, Terry J. Prewitt, 2020-09-22 Drawing from the disciplines of cognitive science Paleolithic anthropology art history and semiotics Karen A Haworth and Terry J Prewitt offer a novel discussion of the origins of language based primarily in the distinction of holistic versus analytical cognitive processing Also by employing a refined view of human symboling capacities grounded in the writings of C S Peirce they provide a short but comprehensive explanation of what the artifacts and art of the Paleolithic and Mesolithic periods suggest about language origins Their interpretation supports a semiotic argument that iconic and indexical logical modeling precedes human elaboration of experience by symbolic reference in words or propositions and ultimately in what Peirce called the argument Further they suggest that the use of symbols to model the world developed rapidly between about 20 000 and 10 000 years ago and has the effect of giving emphasis to analytic thought as the dominant mode of human consciousness Rather than seeing symbols as the impetus for human logic they argue for presymbolic elements of logic in Peirce s sign categories shared widely by humans and other animals Intended readers are scholars in philosophy anthropology psychology linguistics and semiotics as well as interested nonspecialists The presentation is also complemented with brief personal narratives intended to offer background that helps make a dense

academic argument more accessible to the widest audience possible The authors insights into the basis for language have ramifications for any number of other fields education psychology philosophy prehistory and art to name a few

**Unspoken** Angela Hunt,2005-05-01 A love unlike any other a story of sacrifice and the unspoken connections that bring us together For the last eight years Glee Granger has centered her life around Sema they live together play together eat together and talk together Though Sema isn't the first gorilla to use sign language Glee has pushed their interaction to breakthrough levels Technically however Sema isn't hers She belongs to the zoo where she was born and the zoo wants its gorilla back Glee's only option for continuing her work is to join the zoo staff At first reluctant Glee begins to see real possibilities in their new arrangement until the unthinkable happens One event overturns everything Glee thought she knew about humans and animals the seen and the unseen the spoken and the unspoken She taught a gorilla to talk Now can Glee learn to listen

**Mother Earth and the Gene Machines** A. Carlson Whalen,2006-08 Gorilla Pathology and Health John E Cooper,Gordon Hull,2016-12-21 Gorilla Pathology and Health With a Catalogue of Preserved Materials consists of two cross referenced parts The first the book itself is a review of pathological changes and tissue responses in gorillas Gorilla gorilla and G beringei with an emphasis on free living animals but also with reference to those in captivity The comparative aspects are discussed stressing the relevance of research to both gorillas and humans What makes the publication truly unique however is the second part a comprehensive descriptive catalogue of the location and nature of gorilla material in museums and scientific institutions throughout the world This is of great consequence because free living gorillas are strictly conserved with restricted access so the location of a wealth of preserved tissues and other material that has been collected over the decades is a great benefit for research and study This book can and should be used to gain cardinal knowledge regarding the biology and pathology of this genus The combination of book and catalogue in this extensive compilation makes it an invaluable tool for all those concerned with the health welfare and conservation of gorillas one of our nearest living relatives Brings together studies data and clinical practice from difficult to access or obscure journals and NGO reports in different languages for all interested parties and practitioners Provides perspectives on existing research in gorilla pathology both for those studying conservation practices and those seeking an understanding of comparable diseases in humans Includes illustrative figures on gross and microscopic pathological changes museum specimens photos of field necropsy and techniques and examples of laboratory tests Features an extensive list of references and further reading in different languages Incorporates a comprehensive descriptive catalogue of gorilla material from around the world Becoming a Tiger Susan McCarthy,2009-03-17 From the co author of the New York Times bestseller When Elephants Weep comes a book that uses true stories backed by scientific research to explore the way young animals discover their worlds and learn how to survive How does a baby animal figure out how to get around in the world How much of what animals know is instinctive and how much must they learn In Becoming a Tiger bestselling author Susan McCarthy addresses these intriguing matters

presenting fascinating and funny examples of animal behaviour in the laboratory and in the wild McCarthy shows us how baby animals transform themselves from clueless kittens clumsy cubs or scrawny chicks into efficient predators successful foragers or deft nest builders From geese to mice dolphins to orang utans bats to of course tigers McCarthy s warm amusing and insightful examinations of animal life and developments provides a surprising window into the mental worlds of our fine fuzzy furred finned and feathered friends oReaders will be fascinated by a close look at animal intelligence learning and family life     **The Publishers Weekly** ,2001     *University Press Books Selected for Public and Secondary School Libraries* ,2002     **Current Biography Yearbook 2005** Clifford Thompson,2005-03-30 Included in this volume are sports figures such as Lebron James Danica Patrick and Peter Forsberg political figures such as Mike Huckabee Michael Chertoff and Barack Obama and musical groups AC DC and Green Day Also included are literary figures such as Anne Rivers Siddons and Luis Alberto Urrea     **Songs of the Gorilla Nation** Dawn Prince-Hughes,2004     Defining Human Kris Weller,2010
