A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter,2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g

Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

Quarterly Bulletin - Meadville Theological School Meadville Theological School,1915 One issue of each volume is the school catalogue Catalogue of English Bible Translations William J. Chamberlin,1991-12-10 While other Bible catalogs are available this comprehensive reference book is destined to become the standard in the field Chamberlin s one volume work traces the publication history of multiple editions of Bible translations and offers valuable descriptive annotations The catalog not only includes complete Bibles but also Old and New Testaments partial texts commentaries that include translations children s Bibles Apocryphal writings and the Koran as well Other bibliographies are usually limited to editions commonly found in academic libraries but Chamberlin s guide also includes Bibles found in private collections Overall this catalogue contains more than five times as many entries of different English translations as two other Bible bibliographies those by Hill and Herbert combined The entries are grouped in 151 categories and within each category entries are listed in chronological order The accompanying annotations identify the translator and provide an overview of the contents of each work The detailed indexes make this bibliography a convenient tool for researchers Bible scholars collectors and rare book dealers will find this catalogue a necessary addition to their libraries **Catalogue of Copyright Entries** Library of Congress.
